GOOD WATER

D. G. Stewart of Saginaw, Has Been Cured of Rheumatism by Chatham Mineral Water Baths.

D. G. Stewart, who for a number of years has been a sufferer from muscular rheumatism, is one of the many patients who have come to Chatham and obtained untold relief from the Chatham Mineral water baths.

Mr. Stewart's home is in Saginaw, Mich. About three years ago he was taken with a severe attack of rheumatism. He has been troubled ever since and about two weeks ago, when he came to Chatham, it was with difficulty that he could walk at all. Now he is recovering rapidly and will soon be able to go home. In a short conversation with a Planet reporter Mr Stewart said:

"I am certainly surprised at the way the baths are curing me. I had heard that the Chatham water was good—far better than the Mt. Clemens water—but I had no idea it was as powerful as I have found it to be. I can say nothing but words of praise for your splendid mineral baths."

FIRE DAMP EXPLOSION

126 Lives Believed to Be Lost in a Welsh Pit.

Disaster is the Worst in the Collieries There Since 1894—Heroic Efforts Have Succeeded in Recovering 68 Bodies—Hundreds of Women and Children Make Pitiful Scenes Around the Pit Mouth.

Cardiff, Wales, July 11.—An explosion of fire damp in No. 2 pit in the United National Colliery Co. at Wattstown, in the Rhondda Valley, the centre of the great Welsh coal fields, yesterday, is believed to have resulted in the loss of at least 126 lives. The first indication of the explosion was a loud report, immediately followed by belching of clouds of smoke and dust from the pit shaft, in which 150 men were working. The force of the explosion wrecked the machinery at the mouth of the pit.

Communication with the doomed men in this direction is completely severed. No. 1 shaft, adjoining, has ordinarily afforded communication with No. 2. The 800 men in No. 1 and the few who escaped from No. 2 were drawn up. A rescue party descended, but its work was seriously impeded by the coal air and falling masses of earth dislodged by the explosion.

Altogether sixty-eight bodies have been recovered. Heroic efforts have been made for hours to reach the entombed men, but late last night the absence of all sound from the interior of the mine told the tale of the worst disaster that has taken place in South Wales since 1894.

The news of the explosion spread rapidly and hundreds of women and children, and thousands of men thronged the head of the pit seeking information. The mountain roadways were crowded all the afternoon and there are now streams of people in the neighborhood of the mine all contributing to the pitiful scene.

Efforts at rescue were still in progress at midnight, and currents of fresh air were being driven through the shaft, but the rescuers are now working without hope of reducing the list of fatalities.

All Have Perished.
Dortmund, Prussia, July 12.—Efforts to rescue the thirty-nine men who were cut off by the fire in the Borussia coal mine Monday have been without success, and it is feared that they have perished.

Gored by a Bull.
Ottawa, July 12.—John Burns, aged 65, was gored to death by a bull at the farm of J. G. Clarke, Westborough. He was standing in the stable when the bull walked over and punctured him in the abdomen.

Fell in Front of Mower.
Niagara Falls, July 12.—A ten-year-old son of Joseph Galley, of Stamford Township fell from a mowing machine on his father's farm and had one of his feet cut in two by the knives.

Found in the Woods.
Halifax, July 12.—The body of a young man who met death by shooting was found in the woods yesterday.

Stood in Front of Revolver.
Garden Hill, July 12.—As William Davison, who lives east of the village in Hamilton Township, was working at a revolver with a hammer and crew driver to force the cylinder to revolve, his wife did not hesitate to stand directly in front of the barrel. The result was the revolver went off, and now Mrs. Davison has a No. 22 bullet in her leg about 5 inches above her knee, which up to the present time has not been extracted.

Starves to Death.
Montreal, July 12.—Locked up in a freight car and starved to death was evidently the fate of an unknown man whose body was found in a car on a siding in the G. T. R. yards yesterday. The odor of decomposition led to the discovery. There was nothing about the man to lead to identification, and it is supposed he got into the car to steal a ride.

WORLD OF SPORT

BOWLING

Four rinks of Chatham bowlers, skipped by L. E. Tillson, R. G. Fleming, Dr. R. V. Bray and G. Mitton, go to Ridgeway to take part in the bowling tournament there to-day.

LAUROSE

The Tecumsehs play Wallaceburg at the 'Burg to-day. In Queen's absence, Kollege will play goal. Cheyvers will also be off the line-up. The Shamrock Juniors accompany the team to play the Junior Sugar-Beaters. An effort is being made to have the Blenheim team play an exhibition game on the park Friday evening.

ORIOKET

Chatham has developed a great number of cricketers, who have gone out into the four corners of the earth to spread the glorious game. The latest to be heard from is Sam. Mercer, now in Utica, N. Y.

In a game between Shenestady and Utica, Sam, playing for the latter, took seven wickets for 20 runs. The Utica papers speak of his performance as a brilliant one.

BASEBALL

Lajoie, the hard-hitting manager of the Cleveland American League, is laid up with blood-poisoning, as a result of being spiked by O'Leary, of Detroit, a few days ago. It is not likely he will be in the game again this season. This will sadly cripple his team, who are neck and neck with Chicago for first place.

VICTORY FOR CHATHAM.

The Chatham baseball team turned the tables on Dutton yesterday with a vengeance, shutting out the home team in a magnificent game. Much credit is due Manager Julius Perrott for getting his team in such splendid shape. The score was:

R. H. E.
Chatham 7 16 1
Dutton 0 5 4

The Chatham team was—Woods 2b, Hicks s, Depew p, Robert 1, Cook m, Keefe c, Head r, Wilson 3b, Rankin lb.

NEW MEN FOR TORONTO.

Toronto, Ont., July 10.—Manager Harley, of Toronto baseball club, left for Philadelphia Saturday night, and President Seitz to-day received a wire from him, stating that he had secured Pitcher Caldwell, of the Philadelphia Nationals. Harley also wires that he expects to bring a first baseman with him.

IS OFFERED A THRONE.

Prince Charles of Denmark is Wanted by Norwegians.

London, July 12.—The Associated Press is in a position to confirm the report that an offer of the Norwegian throne has been made to King Edward's son-in-law, Prince Charles of Denmark.

The matter is still under consideration. It is understood that King Edward and the British Government are favorable to the project, but much depends on King Oscar's attitude on the subject. Consultations are now going on.

Prince Charles' mother was a daughter of the late King of Sweden. Willing to Accept.

Copenhagen, July 12.—It is understood that Prince Charles of Denmark will be willing to accept the crown of Norway if King Christian and the Danish Government consent.

STILL AT LARGE.

Joe Bennett, the Alleged Indian Murderer, Eludes the Searchers.

Brantford, July 12.—No authentic report of an arrest has reached this city from the Indian reservation, where Joe Bennett, charged with murder, is supposed to be in hiding. High Constable Montgomery, who is directing the man hunt, still maintains that Bennett has not got away, but that he will be caught.

Long Identification Journey.

New Liskeard, July 12.—A. E. Watts, barrister, of Brantford, is in Liskeard organizing a search party which will leave here in a few days to recover and bring back the body of Huron Dallas, the young Brantford solicitor who lost his life last spring. The body was only recovered about a month ago and was buried near the spot where it was found. Some question has been raised by the insurance parties concerned, and Dr. Frank Britton, a dentist of Brantford, has been sent up to identify the body. This he proposes to do by the filling he had put in deceased's teeth shortly prior to his leaving Brantford.
