

**WOLFVILLE LOSES TO BRIDGETOWN**

As stated in last issue the cricket match at Bridgetown on Thursday of last week resulted in a win for Bridgetown. Some of Wolfville's best players were unable to make the trip and the team was composed in part of baseball players. They however made a splendid showing and it was unfortunate that time did not permit of the finishing of the second innings. Bridgetown went to bat first and scored 87 and Wolfville followed with 59. In the second innings Bridgetown was dismissed for 44 and Wolfville had secured 57 for the loss of 8 wickets when time was up. The game was therefore decided on the first innings. The scoring was as follows:

First Innings	
Bridgetown	
W. Donat, l.b.w., b. white	23
H. MacKenzie, b Saunders	6
C. W. Ollerhead, b Saunders	26
R. Whiteway, b Saunders	0

The doctor was giving a lecture to a class of girls. "It has been found," he remarked, "that the human body contains sulphur!"

"Sulphur," exclaimed the pretty young girl. "How much sulphur is there in a girl's body?"

"Oh, the amount varies," said the doctor, smiling, "according to the girl."

"Ah!" remarked the girl. "That's why some of us make better matches than others."

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has out-lived dozens of would-be competitors and imitators."

**"JOG ON, JEHOSEPHAT"**

Road gets rougher ever mile; (Cluck!) Jog on, Jehosophat, an' show some style.

Mule's gone lame, an' the hens won't lay; Corn's 'way down, an' wheat don't pay; Hogs no better, steers too cheap; Cow's quit milkin', meat won't keep; Oats all heated, spuds all froze; Fruit crop's busted, wind still blows; Sheep seem puny, an' I'll be durned, Rye field's flooded an' the hay stack's burned!

Looks some gloomy, I'll admit— (Cluck!) Jog on, Jehosophat, we ain't down yit.

Coal's in high, an' crop's in low; Rail rates doubled, got no show; Money's tighter, morals loose; Bound to get us—what's the use? Sun's not shinin' as it should; Moon ain't lightin' like it could; Air seems heavy; water punk; Tests yer mettle; shows yer spunk; No use stoppin' to de-bate— (Cluck!) Jog on, Jehosophat, it's gettin' late.

Wheels all wobble; axle's bent; Dashboard's broken; top all rent; One shaft splintered; tother sags; Seat's all busted; end-gate drags; May hang t'gether!—b'lieve it will; Careful drivin' 'll make it still; Road's some better, not so rough— TROT! Gosh ding ye! That's the stuff, Old trap's movin' right good speed— (Cluck!) Jog on, Jehosophat, you're some old steed.

—Griff Crawford, in The Gloom Chaser.

A negro mammy had four boys who were so polite and well-behaved that they excited the interest of the mammy's mistress.

"Mandy," said the mistress one day, "how did you manage to raise your boys so well?"

"Ah'll tell you, missus," replied Mandy. "Ah raised dem boys with a barrel stave, and ah raised 'em frequent."

Minard's Liniment for Burns, etc.

**AGRICULTURAL EDUCATION AT UNIVERSITIES**

Agriculture being the basic industry of the country, every advance made in the development of agricultural education is of national value. Recently, several provincial universities have presented extension courses for the benefit of farmers and others. To this end the educational authorities have co-operated with farmers' organizations with highly encouraging results. In the case of Manitoba a course of lectures was given on rural economics and sociology, supplemented by special lectures on a variety of subjects appealing to other sections of the community. In Ontario also, the University of Toronto was induced to give a similar course. A note, worthy feature of the course was the taking of students to the stock-yards, the abattoirs, and other places of a practical illustrative value. It is felt that the alliance thus established between the agricultural industry and those engaged in educational work will tend to a better understanding of economic problems which affects the welfare of town and country alike.

**PREMIER MEIGHEN CREATED GOOD IMPRESSION IN LONDON**

Sir George H. Meighen, Canadian High Commissioner to Britain, lately arrived in Ottawa said that in his opinion Canada's premier has created a very good impression in London. "He stood strongly for all Canadian interests in the negotiations there, and at the same time he impressed the British people with his fairness and his desire to settle all those knotty problems in the best interests of, and to the satisfaction of the various parts of the Empire. His speeches and public utterances in Britain have been on a very high plane, and showed the same ability in that direction that all of us Canadians know he possesses in such full measure."

Some people who whine they don't get what's coming to them are lucky at that.

**HE FOUND THE FEET**

(From the Toronto Star.)

The following letter is said to have been received some years ago by a Montreal firm, and is given below as it was written:—"I received de stove which I buy from you airite. But for why you don't send me no feet? Wat is de use of de stove when he don't have no feet? I am loose to me my customer sure ting by not having de feet and dats not very pleasure for me. Wat is de matter wit you. Is not my trades money as good like anoder man's. You loose me my trade, and I am veree angre for dat. And now I tell you dat you are ablem fool and no good. I send you back at once your stove tomorroe for sure because you are such a blem foolish peoples.

P. S. —Since I rite dis letter I find de feet on de hoven, excuse to me."

**A REMEDY FOR TIMBER DESTRUCTION**

Is there a remedy for this needless destruction of timber and other natural resources? Yes, and a very simple one. It may all be summed up in the pertinent phrase "Help Protect The Forests—Be Careful with fire." This done, seventy-five per cent. of our forestry problems will be solved.

**WOULD TEACH HIM**

(From the Boston Transcript.)

A Boston lady went to her provision dealer to pay her bill. Knowing the man pretty well she said, "Mr. Blank, I had quite a laugh over the way someone in your store spells 'salmon' and she pointed out on the bill the item "3 lbs. psalman".

Mr. Blank looked at it and said in a tone of contempt for such ignorance, "That's the work of a new bookkeeper, but he's got to learn to spell correctly if he wants to stay with me. Let me correct the bill, madam." Taking a pen he drew several lines through the word and wrote above it "sammon." "There, madam," he said complacently, handing back the bill. "I'll teach that bookkeeper how to spell 'sammon' when he comes in or tell him to find a new place."

**Hay - Fever**  
SUMMER COLDS, ASTHMA, spoil many a holiday.

**RAZ - MAH**  
Positively stops these troubles! Sneezing, weezing, coughing, weeping eyes aren't necessary— unless you like being that way. \$1.00 at your druggist's, or write Templetons, Toronto, for a free trial. Sold by A. V. Rand.

**YOUR "ACADIAN"**

We here use the word "your" advisedly, for is not your home-town paper "your" paper, your "ACADIAN"? While the company publishing THE ACADIAN is a private concern, the mission of the paper is essentially a broad public one. This is your paper, and reflects you as seen through the public eye. We aim to keep your paper in the van of paperdom in this great Annapolis Valley. We do give you more reading matter—and reading matter that is of real local interest—but as papers are only after all a reflection of the public support received, and THE ACADIAN being no exception in this respect, we must have the unstinted and loyal support of our business men in our advertising columns.
