Used For Shaving.

Many men are troubled, more particularly in the cold weather,

with a sort of roughness of the skin or eczema caused by shaving. The application of Dr. Chase's Ointment after the shave soon cures the trouble and by using it after each shave you keep the skin soft and prevent irritation and soreness. Because of its antiseptic qualities this ointment prevents and cures Barber's Itch.

Cause of Early Old Age

The celebrated Dr. Michaelis, an authority on early old age, says that it is "caused by poisons generated in the system. When your stomach digests food properly it is absorbed without forming poisonous matter. Persons living on early old age and premature death, 15 to 30 days of 'Kidney Syrup' after meals makes your digestion sound."

H. and J. Boone who have been repairing the bridge at St. Almo spent Sunday at their home in this place.

Mrs. A. Peoples of South Tilly is spending a few weeks with her sister.

James Gray's Funeral.

The mortal remains of James Gray, who died in the Fisher Hospital, were buried at Boundary Line Baptist cemetery on Feb. 12. Rev. C. O. Howlett B. A. B. D., of Bath preached the funeral sermon and the church choir under the leadership of Mrs. Whitehead rendered appropriate music. The late Mr. Gray, 37 years of age, formerly resided near Bridgeville where he married a Miss Sharpe who died a number of years ago. Later having bought a valuable farm at Linville he there resided until a few weeks before his decease.

As a man he was of quiet disposition, most friendly and thoughtful and as such made many friends. In religion he was a firm adherent of the United Baptist church. Besides a wide acquaintance both in Maine and on the Saint John river he leaves of immediate relationship, three sisters to mourn their loss: Mrs. Charles (Etta) Sherwood, Mrs. Hill, Mrs. John (Elizabeth) Tabor, Hammond River, and Mrs. Geo. (Nettie) Nason, St. Marv's.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade — Two Interesting Letters.

So many people suffer from derangements of the liver that we feel sure these two readers' interesting revelations will prove interesting reading and valuable information to many readers of this paper.

Mrs. P. J. Harvey, Kestler P.O., Maine writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work, over-eating, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Leroy, Twain, Cal., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that I could not detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment and used nine boxes, which cured me at that time. Then about two or three years afterward I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"We have also found Dr. Chase's Liniment and Turpentine excellent for coughs and colic. In fact, any of Dr. Chase's medicines which we have used have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, five a box, 6 for \$1.00, at all dealers or Remission Sales Co., Lowell, Mass.

War to Peace

Make The Returning Soldier Welcome

THIS is an important hour for Canada. The nation is entering on a new era. It is passing from war to peace. Let us start this new era right. There are thousands of soldiers returning from overseas. The Government is doing all in its power to get these men back to civil life.

It is giving a *War Service Gratuity*—more than any other nation—to keep the soldier going till he gets a job.

It gives him a *pension*—where his usefulness is impaired by his service.

It teaches a man a new trade when his service unfits him for his former trade.

It gives him free medical treatment when illness recurs, and supplies free artificial limbs and surgical appliances.

It is bringing back to Canada at the public expense the *soldiers' dependents* now overseas.

But the Government, however willing, cannot provide the personal touch needed in this work of repatriation. That must be given by the people themselves.

The men who went from these parts to fight in Flanders deserve a real welcome home—the best we can give.

In most towns committees of citizens have already been organized to meet the soldiers and their dependents at the station, to provide hot meals, supply automobiles, afford temporary accommodation when necessary.

In addition, many other towns are organizing social gatherings to give public welcome to returned men after they have been home a few days.

After he has rested, the soldier must be provided with an opportunity for employment. In towns of 10,000 population, Public Employment Offices have been established to help soldiers, as well as war-workers, secure good jobs quickly. Where these exist, citizens should co-operate. Where they do not exist, the citizens themselves should help put the soldier in touch with employment.

The fighting job is done. It has cost many a heart-burning. But it has been well done. The least we can do is to show our appreciation in no uncertain manner.

Don't let the welcome die away with the cheers.
