THE LESSON FOR CANADA.

Canadians may be tempted at this time to indulge in reflections on their own immunity from such crimes as that committed on Friday at Buffalo.

It is not many years since attempts to murder Old World rulers were attributed in the United States to the natural unrest of the downtrodden masses.

OUR TRADE RELATION WITH UNITED STATES.

Free trade between Canada and the United States! Ought it to be substituted for the present protection wall 3000 miles long?

Canada's peerless natural resources. The United States would also be correspondingly benefited, though the benefit to the stars would not be so emphatic as to Canada.

Oil for the Children.

Give them oil—cod-liver oil. It's curious to see the result. Give it to the peevish, fretful child, and he laughs.

This is not a new scheme. It has been done for years. Of course you must use the right oil. Scott's Emulsion is the one.

Scott's Emulsion neither fattens nor makes the child sick. It is the best thing you can give it.

Mother. My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured.

In the rear of the office are the parlour room and five cells. On this floor there are the Court Room and Judges Rooms in the front, while in the rear are seven other rooms to be occupied by one care taker.
