Dangerous and Painful Operation
Avoided by Taking "Fruit-a-lives."

Quebec, Ont., Aug. 6, 1908.
I have for many months (with
dreadful stomach trouble, with vomiting
and constipation, and I could
eat practically nothing.
My doctor stated that I must go to
the hospital and undergo an operation
of scraping the stomach and he fed by
the tube a few weeks. All the medicine
the doctor gave me I vomited at once.
I was dreadfully alarmed, but I decided
on an operation and had refused.

"Fruit-a-lives" and
the all... I decided
to... I remained on
"Fruit-a-lives" for
three days. The pain
was... I began to im-
prove and I was de-
cidedly better. I
could take "Fruit-a-lives" and
the completely cured me.

ROBBERY AT DALHOUSIE

Mail Bags Taken From Baggage
Car and Money Stolen.

(Graphic)

Inspector Duncan Noble, together
with officers from the post office de-
partment are making a thorough in-
vestigation into the matter of the
Dalhousie mail bag robbery and de-
velopments are expected at any hour.
The job was done in a most thor-
ough manner. Not the least clue was
left to give the detectives a chance
to place their hands on the guilty
parties. The envelopes were most sys-
tematically opened and left with the
bags. An envelope containing a quan-
tity of postage stamps was opened but
the contents left. A gold watch and
a valuable ring were left untouched.
The package of money from the Royal
Bank of Canada was taken from its
original package and even the slip and
string left behind. The pair of shoes
mentioned in press despatches have
no bearing on the case, as they were
found in an old wagon in the shed
and had been left there by an em-
ployer last summer.

Several suspects are being closely
watched, and the detectives are con-
fident that an arrest will be made be-
fore long.

Our Dalhousie correspondent sends
the following:

DALHOUSIE, April 29.—The citizens
of this generally peaceable community
were startled on Tuesday morning,
when the news spread about town that
the mail bags had been removed from
the baggage car of the Dalhousie
branch train, taken to a shed in close
proximity to the I. C. R. station,
rifled and that a large amount of
money had been stolen.

The facts secured by your corre-
spondent are about as follows:

The mail bags for east and west
express trains were taken from the
Post office and placed in the baggage
car of the branch train between eleven
and twelve o'clock at night by Mr.
Havelock McNeill. The car is locked
after the mail bags are placed therein.
When the I. C. R. employees arrived
at the station to prepare the train
for the out going trip to connect with
the Maritime from Halifax they no-
ticed that the mail carrier had
forgotten them at the Post Office they
immediately called at Mr. McNeill's
home. The latter was very much sur-
prised at their mission as he had per-
formed his duty as usual. He, how-
ever, accompanied the officials to the
baggage car and finding no trace of the
mail bags in any part of the train
nor about the sheds owned by the firm
of A. & R. Loggie and to their astonish-
ment they discovered the bags, out
open and several registered letters
tampered with.

No person had been seen in the vic-
inity about the time the daring theft
took place. By what means did the
robber obtain a key to enter the bag-
gage car.

According to reports on the public
streets the expert got away with a
package containing \$2000 in bank bills
the property of the Royal Bank of
Canada, a registered letter containing
\$50; another containing \$50; other
letters containing smaller amounts, a
silver watch a gold ring, etc.

There was no time lost in having
Detective Noble of the I. C. R. on the
man Seely of Dalhousie an investiga-
scene and with the assistance of Police
tion was started early Tuesday morn-
ing.

On Wednesday morning Post Office
Inspector Colter and Albert Gross,
Supt. Mail Service, I. C. R. arrived
from St. John and all parties have

been very busy endeavoring to bring
the guilty parties to justice.

Whoever did the act must have been
aware of the large package of money
that was mailed at the Post Office
by the Royal Bank of Canada or was
it the knowledge that a smaller amount
was sent out that night that led the
robber to make Monday night his
time to secure the booty.

The only information given out is
that a pair of men's shoes were found
at the same place as the bags were
discovered and the wrapper that con-
tained the \$2000 was found also.

Excitement is running high over the
affair. Ever since the Dalhousie
branch train has been in operation
there has been no trouble. The em-
ployees are all very careful men and
they are as anxious as the general
public to see the guilty parties
brought to justice. They are doing
all in their power to assist the au-
thorities to search for the criminal.

Conductor McPherson of No. 33 on
Tuesday morning has reported to De-
tective Noble that a foreigner, prob-
ably a Swede, boarded his train at
Dalhousie Junction and was found in
the closet of the second class car when
near Campbellton. When asked for his
ticket he said he was going to Mata-
pédia. At the time the conductor did
not think anything about the matter,
but when the mail bag robbery was
reported he remembered that the man
acted suspiciously.

Mr. McPherson was able to give a
good description of the stranger and
officers along the I. C. R. and A. &
L. S. R. have been notified to be on
the lookout for this fellow. He was a
well dressed man of about thirty five
years of age, and had the appearance
of a sailor.

Mr. McPherson relates another story
in reference to a recent robbery
which may also have some bearing on
the man's actions.

About eight or nine years ago a
young Swedish sailor arrived at Petit
Rocher. He boarded at a farm house
for some time, and one evening he paid
his board and said he was going away.
That night the presbytery was broken
into and a sum of money taken. After
an unfruitful search for the robber
the case was forgotten.

About three weeks ago a Swede ar-
rived at Petit Rocher and again the
Presbytery was robbed and the robber
got away. A detective was em-
ployed on the case, and in going to
Petit Rocher he talked with Con. Mc-
Pherson, giving him a good description
of the suspect. When Mr. McPherson
saw the foreigner Tuesday morning
he at once thought that his passenger
answered closely the description given
him.

No further word has been received
as to his arrest.

WHAT THE BOY WROTE.

A young man once wrote to his father,
saying, "I am well, only I don't feel like
making any sort of physical exertion."
Thousands of people feel exactly like
that young man—and they are not
lazy people, either. They are generally
dyspeptics, with a first touch of indiges-
tion; they need a short course of
Mother Selge's Syrup, to put their
stomach, liver and bowels into healthy
activity, so that their food will nourish
and strengthen them. Mr. George
Henry, of Shippagan, N. B., who suffered
from dyspepsia, writes: "I was unable to
work, and almost unable to walk, and
many medicines without effect. I took
several bottles of Mother Selge's Syrup,
and it gave me relief at once. I am
now able to work, and feel much better."

MONCTON WEDDING WEDNESDAY MORNING

Mr. E. H. Sinclair and Miss Mary
Harris the Principals

MONCTON, April 28.—A wedding of
unusual interest took place this morn-
ing at the home of Mr. C. P. Harris,
Steadman street, when his daughter
Mary was married to Edward Herbert
Sinclair, son of the late Edward Sin-
clair of Miramichi. The ceremony was
performed in the drawing room by
Rev. J. Eastburn Brown. Miss El-
len Harris was maid of honor. There
were no bridesmaids. Mr. Fred
M. Tweedie of Chatham was best man.
After the reception a buffet lunch was
served. Mr. and Mrs. Sinclair left on
the C. P. R. this afternoon for Calif-
ornia and American cities. They will
reside in San Francisco.

CHATHAM TO HAVE TWO DAYS' HORSE RACING IN JUNE

CHATHAM, N. B., April 28.—Chat-
ham will have five days of horse rac-
ing this season as a result of the
energetic policy of the track com-
mittee of the Miramichi Agricultural
Exhibition Association. The first meet
will be held June 23rd and 24th and
will embrace four classes, 2.15, 2.19,
2.21 and 2.27 for which \$1200 in purses
will be hung out. All are trot and
pace. This meet comes exactly one
week before Fredericton's. In the fall
three days' meet will be held here on
Labor Day, September 6th and the
two following days.

Rheumatism Cured In 3 Weeks

By Father Morrissey's "No. 7"
Tablets.

Mr. James LeB. Johnstone, a promi-
nent member of the Citizen's Band, of
Chatham, N. B., writes: "I contracted
rheumatism by exposure five years ago, and was ailing for
two months and in great pain all the
time. I got Father Morrissey's No. 7
Tablets, and took them for about three
weeks, when the rheumatism all left
me, and I have had no return of the
pains since."

"Father Morrissey's No. 7" Tablets
have a remarkable record of cures of
Rheumatism and Kidney Troubles.
They act directly on the kidneys, which
have become clogged with impurities
and are therefore unable to free the
blood of the poisons it is continually
gathering from every part of the body.
The tablets clear the kidneys and tone
them up for their work so that they can
properly purify the blood. Once the
Uric Acid is taken out of the blood the
agonizing pains stop, and the rheuma-
tism is cured. "No. 7" tablets cost 50c
at your dealer's, or from Father Morrissey

WOMEN'S WOES.

Newcastle Women Are Finding Relief at Last.

It does seem that women have more
than a fair share of the aches and
pains that afflict humanity; they must
"keep up," must attend to duties
in spite of constantly aching backs, or
headaches, dizzy spells, bearing down
pains they must stand over when they
stoop means torture. They must walk
and bend and work with racking pains
and many aches from kidney ills.
Kidneys cause more suffering than
any other organ of the body. Keep
the kidneys well and health is easily
maintained. But of a remedy for kid-
neys only that helps and cures the
kidneys and is endorsed by people you
know.

Mrs. J. T. McDonald of Mitchell St.,
Newcastle, N. B., says:—"Severe,
twinging pains would catch me across
the small of my back, and extend
around mid sides. Often these would
come on me while stooping and I
would be unable to straighten myself
up for many seconds and the suffering
was almost unbearable. Stooping
would also make me so dizzy that I
would have to support myself with
my hands to keep from falling. I was
weak and run down and I suffered
with nervousness. I could not find
relief and had thought nothing would
cure me when on advice of a friend I
began treatment with Booth's Kidney
Pills which I obtained at the Drug
Store of T. J. Durick. I found so
much good from the first box of
Booth's Kidney Pills, that I continued
the treatment and gradually built up
until I had been cured of each and
every symptom of kidney trouble
that had afflicted me for years and
which all else had failed to cure."

NBODY SPARED

Kidney Troubles Attack Newcastle Men and Women, Old and Young.

Kidney ills seize old and young.
Come quickly with little warning.
Children suffer in their early years.
Can't control the kidney secretions.
Girls are languid, nervous, suffer
pain.

Women worry, can't do daily work.
Men have lame and aching backs.
The cure for man, woman or child
is to cure the cause—the kidneys.
Booth's Kidney Pills cure sick kid-
neys.

Cure all forms of kidney suffering.
Newcastle testimony proves it.
Mrs. D. J. Copp of Green St., New-
castle, N. B., says:—"Fog three win-
ters past I had suffered regularly with
kidney trouble and my back had be-
come so weak and sore that I could
not get up from a chair without sup-
porting myself with both my hands.
Severe pains would shoot through my
sides and back and leave me in a mi-
serable condition. I was restless and
nervous and would wake tired and
unrefreshed and very often with a dull
dizzy headache. The trouble had
begun to show itself this winter when
I heard of Booth's Kidney Pills
through an advertisement at Mr.
Durick's Pharmacy. I began their use
and I seemed to build up generally.
The pains left my back and I have
not had an attack of Lumbago or kid-
ney trouble since. I can conscienti-
ously recommend Booth's Kidney
Pills as a remedy of great curative
merit."

CANADA'S TRADE.

OTTAWA, April 28.—The statistics
of Canada's trade for the last fiscal
year have been completed and show
that imports totalled \$298,123,792,
which is a decrease of \$60,249,793 from
the total of the previous fiscal year.
The exports of domestic products were
of the value of \$259,992,366, which is
a decrease of \$3,446,586.

March the last month of the year
just closed, shows an increase of trade
which promises well for the year just
beginning. During the month the im-
ports amounted to \$23,363,362 which is
an increase of \$3,811,130 over the pre-
vious March. The total of the im-
ports was \$18,397,974 which is an in-
crease of \$454,487.

The total trade for the year was
\$559,655,951, a decline of \$78,744,340.

There is an interesting indication in
the figures of coin and bullion handled
during the year. The import of pre-
cious metals amounted to \$9,988,442,
while during the previous year the im-
port was \$6,548,661. Coin and bul-
lion exported amounted to only \$1-
58,973 while during the preceding year
the export reached the great total of
\$16,637,654.

LATE DR. SMITH WAS A TRUE HERO

A St. John correspondent writes
a Montreal newspaper:

There died last week in Tracadie,
the bleakest, most lonesome place on
the New Brunswick coast, one of those
men who, though not living in a clois-
ter, devote their lives to the good of
their fellow men. The dead man was
Dr. A. C. Smith head of the medical
department of the Canadian Leprosy
Asylum.

He had given his life to the care
of these unfortunates and to trying
to find a cure for the dread disease;
and when he died he had the satisfac-
tion of knowing that he had managed
to strike upon one compound that
would cure the disease in the early
stages and would alleviate the suffer-
ings and prolong the life in the ad-
vanced ones.

To prolong life for a leper seems
almost cruelty, but the lepers them-
selves do not think so.

Dr. Smith used to tell your corre-
spondent that leprosy was a disease, not
ly to life as the cleanest of mortals,
and were as afraid of dying of con-
sumption or some other ailment as if
they were not already doomed to die
from the disease that kept them iso-
lated from mankind.

"Some day or other," he said, "you'll
hear that I have shut myself up in
that place," pointing to the lazaretto,
and if you do hear that such is the
case I want you to promise that you
will write me every month." The prom-
ise was given and kept.

He probably died as so many of the
nuns die who act as nurses in the in-
stitution. But they do not show the
revolting symptoms of the unclean
disease; they just waste away and
die, only to have other sisters take
their places. Dr. Smith himself said
that there was not and never had
been a satisfactory diagnosis of the
cause of death, but he ascribed to the
constant inhaling of the fetid air. Not
being constantly in the lazaretto he
lasted longer. His predecessor died
there also in the cause of humanity.

Dr. Smith lived apart from his
family for fear of infecting them. His
patients, the miserable inmates, wor-
shipped him.

THE CANADIAN FOR MAY.

The Canadian Magazine for May is
a most interesting number. The first
article in point of timeliness is en-
titled "Kaiser Wilhelm: His Opportunity
and Failure." It affords a splendid
conception of the present situation in
Europe. "Ontario's Outworn Police
System" is a vigorous criticism by
John Verner McAree, a writer who ap-
parently knows whereof he writes.
"Montreal: A Great Commercial Cen-
tre" is contributed by John S. Mac-
Lean, and is finely illustrated. There
are other good illustrated articles—
"Hubert the Sculptor" by Gustave Du-
dard; "DubSung the Sookeye" by Har-
old Sands, and "Making Cheese in
Sitzlerland" by H. B. Sonner. Miss
M. Montgomery, author of "Anne of
Green Gables," contributes a story of
the supernatural entitled "The Return
of Hester." A comprehensive ap-
preciation of the music of the season
particularly in Toronto, is given by
Miss Katherine Hale and there is as
well an article by Arthur Hawkes
entitled "Why I Am A Suffragette" and
nature sketches by Susane Marny and
F. M. Kelly, a clever character sketch
by James P. Haverson, with poetry
from John Boyd, E. M. Yeoman, A.
Clare Giffin, Douglas Roberts and Char-
lotte Beaumont Jarvis.

THE BEST REMEDY

For Women—Lydia E. Pink- ham's Vegetable Compound

Belleville, Ont. "I was so weak
and worn out from a female weakness
that I concluded to try Lydia E. Pink-
ham's Vegetable Compound."

"Compound, I took
several bottles of
it, and I gained
strength so rapidly
that it seemed to
make a new woman
of me. I can do as
good a day's work
as I ever did. I
sincerely bless the
day that I made up
my mind to take
your medicine for
female weakness,
and I am exceedingly grateful to you for
your kind letters, as I certainly profited
by them. I give you permission to
publish this any time you wish."
—Mrs. ALBERT WICKETT, Belleville,
Ontario, Canada.

Women everywhere should remember
that there is no other remedy known
to medicine that will cure female weak-
ness and so successfully carry women
through the Change of Life as Lydia E.
Pinkham's Vegetable Compound, made
from native roots and herbs.

For 30 years it has been curing
women from the worst forms of female
ills—inflammation, ulceration, dis-
placements, fibroid tumors, irregulari-
ties, periodic pains, backache, and
nervous prostration.

If you want special advice write
for it to Mrs. Pinkham, Lynn, Mass.
