

VERDICT OF INCOMPETENCY.

EMPLOYEES AS WELL AS COMPANY ARE TO BLAME.

Caledon Inquest Finished—Dr. Stubbs Makes Special Examination of Rails at Fatal Curve.

Caledon, Ont., Oct. 7.—"We find that the death of Robert Kerr, and five other passengers, on the special train of the Canadian Pacific Railway, scheduled to run from Markdale to Toronto on Sept. 3rd, 1907, was caused by the wreck of the said train at the 'horseshoe curve' in the township of Caledon.

The said wreck was caused by the incompetency of engineer George Rodger, and conductor Matthew Grimes, in charge of said train, and materially assisted by the unscientific and impracticable condition of the roadbed, at the rate of tangent, at the 32-mile pass on the 'horseshoe curve' for uncontrollable speed for down traffic.

The above was the verdict rendered by the coroner's jury, into the Caledon wreck, yesterday at Caledon East, after almost five hours' deliberation.

The principal witness was Dr. Stubbs, veterinary surgeon, who, to satisfy himself of some of the causes of the fatal curve, Dr. Stubbs, when sworn, said that he made a careful examination of the track at the horseshoe curve, on Sept. 24th. At the extreme east of the tangent, the outer rail was seven and one-half inches lower than the inside rail, the further west he went, the more the outer rail was raised, and at the point where the rails were loose at that point, a train coming down there and taking the curve where the outer rail was more elevated than the inner rail, the train was considered to be inclined to take a dangerous movement. He said that at three different points the outer rail was lower than the inner rail.

Percy St. John and Bert Harris, sectionmen, and Thomas Scariand, section foreman, testified that they had some time after the accident raised the outer rail at the tangent, but they did not think this anything out of the ordinary, as in the performance of their duties as sectionmen they were often called upon to do such things, and they did not connect their raising the outer rail near the horseshoe curve with any cause of the wreck of the exhibition special on the 3rd of September.

Dr. John Perdue, of Orangeville, said that the train was going very fast, in fact, it was the fastest ride he had ever taken in a railway train. He said that he got rather nervous at one time and turning to those who were sitting near him, said that the train would never make the curve in safety.

Mr. G. A. Fairbairn, Division Superintendent of the C. P. R., said that a train could in safety travel around the curve at a rate of twenty-five miles an hour. He furthermore stated that, in his estimation, it was safer to have the elevation of the outer rail, at the curve 4-12 inches above the inner rail, than 6-12 inches, for the latter might invite a higher rate of speed. The track as it was, he said, was so constructed that the outer rail was 4-12 inches higher than the inner rail.

James Armstrong, Warden of Dufferin County, who was on the train at the time of the wreck, said that he noticed nothing extraordinary in the speed, nor even anything unusual. He had travelled over the road many times, and as far as he could see the train was not going any faster than usual.

Mr. R. Young, of Orangeville, who also was a passenger on the train, did not think that the speed of the train on the day of the wreck was anything out of the ordinary.

THE RAILWAY COMMISSION.

Ottawa, Oct. 7.—(Special)—The Railway Commission will meet at Montreal on the 18th inst., and in Ottawa on the 22nd. The proposed meeting in Toronto will not take place until about the end of the month. In all cases of criminal carelessness on the part of the railway employees the Board intends to report the evidence to the Attorney-General of the Province, who has jurisdiction, and criminal proceedings will follow.

NOTED MAN DEAD.

Edinburgh, Oct. 7.—David Masson, historian, biographer, and author, died at his home here this morning. He was born in 1822 and formerly was professor of rhetoric and English literature in Edinburgh University and Honorary Professor of Ancient Literature at the Royal Scottish Academy.

HELD FOR THEFT.

Toronto, Oct. 7.—Edward Burke was brought before the Police Magistrate today on a charge of vagrancy, and was remanded to give the authorities an opportunity of looking into his record. Burke is supposed to be one of the two men who robbed William Brandham, a clerk in the employ of the Canadian Casualty & Boilers Insurance Co., of \$200 in the head office here of the Bank of Hamilton on Saturday.

PIONEER DEAD.

New York, Oct. 7.—Julius M. Reiser, aged 67, said to be the pioneer manufacturer of plate glass mirrors in the United States, died of inflammation of the liver here today.

BRITISH TRADE.

London, Oct. 7.—The September statement of the Board of Trade shows increases of \$1,407,000 in imports and \$23,156,000 in exports. The principal increases in exports were \$35,000,000 and manufactured goods \$15,000,000, of which textiles totalled \$5,000,000.

100 BOXERS KILLED.

Kanchoway, Oct. 7.—For participation in the recent riots here the Chinese Government has arrested and punished twenty rioters. One hundred "boxers" have been killed by government troops at Cahanfu.

Great Razor Sale.

We offer our stock of razors, value about \$1,500, at lowest prices: King Shaver and Carbo-Magnetic at \$2.00, Gillette's at \$1.25 and \$1.50, King Cutters, Landa's and Wade & Butcher's best at \$1.25, Reynolds' at \$1.00, White Safety, an excellent razor, at \$1.50, Gem \$2.50, and many others—Gerrie's drug store, 32 James street north.

STABBED TO DEATH.

ITALIAN IN MONTREAL MURDERED BY UNKNOWN MAN.

He Had Admitted, Assassin—Another Italian Arrested on Suspicion—Had Quarrelled With the Victim.

Montreal, Oct. 7.—Murdered at his doorstep by an unknown man was the fate which Vincenti Iozzi, of 308 Maisonneuve street, met at a late hour tonight. The victim was awakened by a ring at his door. He lived in an upstairs tenement, and on going to the top door pulled the rope which opened the street entrance. A man rushed up the stairs, and before Iozzi could realize what had happened he was stabbed in the stomach and his assassin then ran downstairs.

Constable Danesneau had just reached the street, when he heard shouts followed by groans. He rushed upstairs and found the man dying. The victim died just as he reached the hospital.

Later the police arrested another Italian named Alfred Cretio, who had boarded at the house of Iozzi, and had had a row with him over the latter's wife.

RAILWAY FRAUDS.

CHIEF TIMEKEEPER HUNT, OF C. N. R., ARRESTED.

Alleged That He Conspired With Two Other Men to Defraud the Canadian Northern by Presenting False Time Checks.

Winnipeg, Oct. 7.—W. A. Hunt, chief timekeeper at the C. N. R., was charged with attempting to defraud the company. He was remanded until the 14th. Jerome Cuthbert and R. Pearce, who were remanded until Friday, are also concerned in this case, which is likely to prove of considerable public interest.

It is alleged that one of the employees of the company came into the office, stating he had been working under a conductor on one of the western lines, and presented his time and secured his time check. This was later presented to the cashier and endorsed in the name of Turnbull. He admitted to the cashier that his name was not Turnbull, but presented another man, who claimed to be Turnbull. The cashier's suspicions were aroused, and the police were called in, with the result that the three were arrested.

BLUFFED INTO SURRENDER.

An Escaping Prisoner Yields to Mounted Police Ruse.

Ottawa, Oct. 7.—An instance of the resourcefulness and quick wit of the members of the Royal Northwest Mounted Police has just been reported to Comptroller White here. A man named Davis, under arrest at Lethbridge, escaped from custody, succeeded in getting a boat and started to cross the river at that point. A mounted police officer saw him, and was off duty, and therefore unarmed, joined in the chase after him, and was the first to reach the shore.

He picked up a stick, resembling a rifle, and, pointing at the man in the boat, threatened to shoot. Davis told him not to fire and he would return. He then put the boat around and came back to the shore, where Constable Mason took charge of him. He had been at liberty only 25 minutes.

LINE SWALLOWED ITSELF.

Construction Troubles on the T. & N. O. Railway.

Toronto, Oct. 8.—A portion of the Temiskaming & Northern Ontario Railway at the 15th mile, or just 37 miles above New Liskeard has been swallowed up itself, so to speak, and the Railway Commissioners are now waiting to hear what its next performance will be. On the first occasion the line, which at the portion referred to was a fill-in of a ravine, suddenly sank to the depth of ten feet. A big gang of men was put to work refilling the vacancy. They had it levelled to the rest of the grade of the line, and were walking away satisfied that it would last, when the filling sank again, this time to a depth of at least fifteen feet.

These evidences of a big appetite on the part of the earth at this point were, of course, not very pleasing to the men who are constructing the line, but they are now earnestly engaged in another attempt to fill in the yawning gap.

KING EDWARD'S BIBLE.

Presented to Williamsburg Church by Bishop of London.

Williamsburg, Va., Oct. 5.—With the Bishop of London preaching a sermon in Bruton Parish Church, the oldest in point of continuous use of the Anglican communion in the United States, the services here today attending the presentation of a Bible from King Edward were of peculiar historical interest. The triennial convention of the Protestant Episcopal Church in the United States, which is in session at Richmond, sent a deputation consisting of one clergyman and one layman from each of the thirteen original States, together with the reports of the Diocese of Southern Virginia.

The lectern was presented by Bishop Satterlee, of the Diocese of Washington, speaking for the President of the United States, and was received by Bishop Randolph, of the Diocese of Southern Virginia. The Bible was presented by the Bishop of London, who conveyed a message to the American Church from King Edward. It was received by presiding Bishop Tuttle.

FORGET PRAYERS.

Forced His Children to Kneel on Cold Floor For Many Hours.

Milwaukee, Wis., Oct. 7.—Forced to kneel on the cold floor of their home at night only in their nightgowns for eight hours at a time in February until they fell asleep from sheer exhaustion, two children of Frank Moraski, aged 4 and 6 years, have found relief in the county house of correction to-day for four months. That the reason for impressing this ordeal on his children was the fact that they failed to remember their prayers was discovered in court when the case was called for trial.

M. J. O'Brien, Renfrew, has sent a cheque for \$5,000 towards the jubilee gift to Bishop Lorrain and a similar amount to the Victoria Hospital board.

MOVE AGAINST THE SOCIALISTS.

POWERFUL APPEAL BY LORD BALFOUR TO THE NATION.

Preparations for Organized Resistance—Expected That Political Issues of the Country Will Now Concentrate on the Subject.

London, Oct. 7.—A great non-partisan movement against Socialism is being organized in Great Britain. It is high time that the country was aroused on the subject, for the Socialist propaganda has grown to stupendous proportions. There were no less than 1,500 Socialist meetings held Sunday throughout England under the auspices of the Independent Labor party and the Social Democratic Federation.

Preparation for organized resistance has been undertaken by the British Constitution Association, which, although a majority of its members are Unionists, is non-partisan in its aims. A national appeal has been issued by its President, Lord Balfour, of Burleigh. He sets forth the situation and its dangers moderately and convincingly when he says:

"But it is forgotten that the evil to a community is not so much the plunderer as the individual member of society or society itself. In either case the citizen is deprived of the fruit of his labor and the result to him is the same. Year by year more legislation is proposed of which the effect is to draw upon the citizen's strength for the benefit of the inefficient. Year by year Parliament makes life harder for those whose labor benefits the State and easier for those who are a drag upon it.

In the supposed interest of the 'majority' none and the other is being victimized and the liberty of the individual through constant infringement becomes little more than a phrase. The basis upon which our civilization rests, the central fact which has guided its evolution from the condition of a mere savage horde to that of the greatest empire in the world, is being appealed and unless this is stayed we shall be led to the enervation which characterized the latter days of the Roman Empire, and which has heralded the decay of most of the great civilizations of the past.

This appeal for co-operation is already bringing strong support and there can be no doubt that the political issues of this country will concentrate forthwith upon this question. Lord Balfour's move is naturally stimulating the Socialists to renewed activity and the prospects are that the Socialists will become fully as strenuous as the American struggle, where the issue is more obscured and more personal, but none the less essentially the same.

BROCKVILLE TORY.

MAJORITY FOR CONSERVATIVE NEARLY TWO HUNDRED.

A Very Quiet Election—Mr. Lewis, Liberal, Claims That Money Was Used—Asylum Patronage Freely Used to Defeat Him—Faults in the Ballot.

Brockville, Oct. 7.—The battle of the ballots is over, and Mr. A. E. Donovan has been elected for the vacant seat of Brockville in the Legislature. To-night an accurate majority could not be obtained, but it is expected that Mr. Donovan will have about two hundred when he takes his seat. In the town, where the Liberals have heretofore had a majority, Mr. Donovan had 105, and this will be increased when the full returns from Elizabethtown are known. In the village of Athens, Mr. Donovan's home, Mr. Lewis had a majority of one, but this is a decrease. Every ward in Brockville, with the exception of the south, gave Mr. Donovan a majority.

The new ballot, which the Government boasted as being so secret, is far from what it is claimed, and came in for a lot of criticism from both sides. The paper is so thin that the least mark of a pencil could be seen on the reverse side, and to add to the confusion of the electors the initials of the deputy returning officers were placed in the centre so that a proper fold could not be made. Although the vote was up to the average of the election was just as quiet as carried out as the campaign. Little or no excitement could be worked up, and to-night it is raining so hard that an outdoor celebration could not be held.

When seen at his home after the result was announced, Mr. Lewis made the following statement: "By a liberal use of money placed in the hands of liquor licensees for distribution throughout the riding, by the coercion of Government employees at the Brockville Asylum and elsewhere, and by the direct promise to spend \$75,000 at the said asylum immediately after the election, I succeeded in carrying the Brockville riding by a substantial majority. Notwithstanding the reported disaffection among local Conservatives on account of the unfair distribution of patronage, the Government managed to carry the riding by handing out to the disaffected members a share of the plums during the fortnight preceding the election, and brought them into the fold. Others looking for similar favors were also not forgotten, to the extent that the Liberal candidate found arrayed against him several whose support in the past he might have justified in expecting to receive."

ROYAL ARCANUM.

Rearrangement of Insurance Assessments Declared Legal.

New York, Oct. 7.—The legality of the action of the supreme officers of the Royal Arcanum in rearranging the insurance assessments of the order was declared yesterday in a decision in the appellate division of the supreme court in Brooklyn. The decision of the lower court is reversed.

James Lawrence Mock, a member of the order, obtained an injunction preventing the supreme officers from putting the new insurance rates in force. The injunction is by the decision of the appellate court dissolved.

Attempted Highway Robbery.

Windsor, Oct. 7.—A daring hold-up was perpetrated last night on Thomas Etheridge, a prominent citizen of Sandwich, by two masked men, who dealt him a murderous blow with a billy. His cries brought help, and the robbers escaped and have not yet been captured. Mr. Etheridge was carrying a large amount of money in his person, which fact, it is thought, was known to his assailants.

DON'T NEGLECT YOUR SKIN

A healthy skin is absolutely essential to HEALTH, HAPPINESS and BEAUTY, and the natural and never-failing way to keep a healthy skin is to treat all injuries and eruptions promptly with Zam-Buk. Zam-Buk contains only the rich saps and juices of healing, health-giving herbs, and is therefore Nature's Own Skin Remedy. ZAM-BUK CURED

Mrs. A. E. Gardner, Catalina, of Piles. Miss K. M. Bartlett, Montreal, of Eczema. Mrs. A. Harrison, Kingston, of Blood Poison. Mr. Alfred Brown, Toronto, of Rheumatism. Mrs. Coggill, Wapella, Sask., of Abscesses.

All Skin Diseases yield to Zam-Buk. Obtainable from all druggists and stores at 50c a box. Send to Zam-Buk Co., Toronto, for free sample box. Just cut out this offer, write name of paper across it, and mail, with 1c stamp to pay postage.

IDEAL HUSBAND.

Chicago's Most Courted Woman Gives Some Specifications.

Chicago, Oct. 7.—Having said "No" to over 2,000 ardent suitors, Miss Dorothy D. Deane, "the most courted woman in Chicago," tells what a husband should be:

"He must have a pleasant face and wear no Van Dyke. He must be only moderately good looking, but must be well bred and well groomed. He must show good taste in everything. He must not be a divorcee. He must be a good fellow—a Bohemian—and not become jealous if his wife has several men friends. I would allow him to have women friends. Finally, he must be an American, own good horses or an automobile, and have enough money to enable me to continue my art work without interruption."

Some time ago an admirer of Miss Deane entered her photograph in a beauty contest. It won a prize, and since then the possessor of the pretty face has been deluged with offers of marriage.

MORE DRUMMOND LETTERS.

Man in Hull Receives Notice of Legacy of C. P. R. Shares.

Ottawa, Oct. 7.—A similar letter to those sent to Toronto, Lindsay and Drummond, by Leonard B. Drummond, barrister, of 608 Sixth avenue, New York, advising that a legacy of five shares of C. P. R. stock had been left by a deceased relative in New York and would be forwarded on receipt of \$5 legal fee, was received by Joseph Labelle, of Hull.

The Post Office Department has communicated with the Washington Post Office Department and advised them of an evident attempt at fraud. It is expected that an arrest will be effected by the United States authorities shortly.

CHAMBLAY CANAL DROWNING.

Mr. Dionne and His Daughter and Miss Delude the Victims.

Montreal, Oct. 7.—The three people drowned in the Chamblay Canal last evening while driving along the towpath on their way to church were Polycarpe Dionne and his ten-year-old daughter, of Montreal, and a Miss Delude, of Chamblay, aged 18. The horse took fright at some object, and plunged into the canal, carrying the wagon and occupants along. The bodies have been recovered.

STOPS 14 MOVING PICTURES.

Chicago Police Forbids Exhibition of Certain Scenes.

Chicago, Oct. 7.—Lieut. Alexander McDonald, Chief Ship's 5-cent theatre and dance hall censor, stopped the display of fourteen moving pictures this week, according to a report handed to Chief Shipley. The titles of the pictures which were stopped follow:

"Easy Money." "Society Burglar." "Kidnapping a Child." "In the Monkey House." "Clara Got His Money." "The Daring Lover Gets What He Wants." "A Marriage a la Mode." "Rich and Rare." "The Burglar's Dilemma." "The Downward Path." The pictures, according to Lieut. McDonald, were unfit for exhibition and would easily lead some child or man with a weak mind into an evil path.

At a 5-cent theatre at 23 Halsted street, Lieut. McDonald refused to allow the management to put on a series of pictures under the title of "The Police Dogs."

PRAIRIE FIRES.

Halbrite, Sask., Oct. 7.—Prairie fires have caused enormous loss to farmers and cattlemen in this district the last few days. The heaviest losses are J. Williams, who lost all his 140 acres of land, and F. Stockman, who lost all his crop and farm buildings. A number of other farmers lost a portion of their grain.

The Poisons Must Be Removed

There are three ways, and three only, by which the system can be rid of poisons waste matter, the bowels, the kidneys and the skin.

The bowels are named first, because on them falls the greater part of this work, and so long as they do their duty there is seldom trouble with the kidneys or skin as excretory organs. When the bowels fail, however, and become sluggish and constipated there is work thrown on the kidneys which they have no business to do, and which they cannot do for any length of time without becoming deranged.

Now there is only one medical treatment which recognizes this condition of affairs, and that is Dr. Chase's Kidney-Liver Pills. This is, so far as we know, the only kidney medicine which regulates the bowels, as well as the kidneys, and thereby removes the cause of trouble and cures the most complicated cases. You can scarcely find a case of kidney disease which did not begin with liver and bowel troubles, and which could not therefore have been prevented by the use of Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

GO FOR YOUR LETTERS.

OFFICIAL LIST OF THOSE UNCLAIMED AT HAMILTON.

Unclaimed letters received at Hamilton Post Office previous to the 13th of September:

Acheson, J. R. Allen, R. Appleby, Alex. B. Anderson, Chrisele Anderson, W. J. Andrews, Mrs. Charlie Armstrong, Mr. Arnold, Mr. E. C. Atkinson, C. E. C. W. Atkinson, Geo. Ayres, Miss Clair W. Bateman, Mr. C. C. Berberick, Frank Beach, A. W. Beard, Mr. W. H. Bellew, Mr. H. Belfry, Effie Bellock, Thos. Bingham, Nurse Bove, Mr. Martin Bradish, Jaime Brook, Mr. F. or J. Brewster, Mrs. Breshin, Mrs. A. R. Bradford, H. Brady, Mr. John Burnett, Mr. Thomas Burland, Mr. A. Burrill, Mr. John.

American Shoes

And Why We Buy Them

The United States produces NICER and BETTER shoes for women and men than any other nation in the world. We can buy high grade shoes in the States and deliver them into our store at a LESS PRICE than the same shoes can be made for in Canada. If this were not a fact we would not buy so many of them, as we have the agency for the NICEST AND BEST shoes made in Canada, the "Hagar Shoes." Every shoe manufacturer in Canada knows that the Hagar Shoes are much superior to any other shoes made in Canada. Genuine Cork Sole Shoes for men—American make—\$6.00.

DROP IN LUMBER PRICES.

Lumbermen Finding It Necessary to Sell in Order to Continue in Business.

Winnipeg, Man., Oct. 7.—There has been a big smash in the wholesale prices of lumber in the city and West recently, but the retail prices have not yet come down. There are large quantities of lumber in storage throughout the Dauphin District and further west
