Mercer, Pa., May 10 .- James Boyle was sentenced to-day to life impriso ment in the Western Penitentiary at Pittsburg for the kidnapping of Billy Whitla. Mrs. Boyle, indicted as Mary Doe, received a sentence of 25 years with a fine of \$5,000 and the costs of the prosecution. Boyle did not utter a word prior to his sentence. His coun sel, however, made a plea for both Boyle and his wife, pleading for lenien cy in both cases. He stated that until a recent period the extreme penalty for kidnapping in this State was ten years, and in view of the fact that the boy had been treated with every considera tion, and that all care had been taken not to inflict unnecessary mental an

guish upon the parents, he felt lealency might be asked for with propriety. Both Boyle and his wife collapsed completely upon hearing their sentences When they were started back to the jail from the court room Boyle managed to walk with assistance down the stairs, but upon reaching the front door he became limp and unable to stand. It is to give them a free car ride over the entire street railway system, thus showing to the vis-itors the beauties of the city, which could not be done in any other way. This is one of the methods to boom Hamilton, and Stanley Mills & Company feel that while it is an advertising scheme, it will be in the interests of the Greater Hamilton movement, and that it will well repay them and other merchants as well, to have these strangers see what there is to be seen in and around Hamil-ton. It will make no difference how many there may be with the different societies, or at the conventions, there will be cars enough for all.
