

DELICATE GIRLS NEED NEW BLOOD

Rich, Red Blood Means Health and Strength.

The anaemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient out-of-door exercise and not enough rest and sleep.

It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes the palpitation of the heart, headaches, dizziness following a stooping position, frequent headaches and breathlessness. In a majority of cases constipation is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Cases of this kind, if neglected, become more serious, but if taken in time there is no need to worry. Dr. Williams' Pink Pills, which are free from any harmful or habit-forming drug, are just the tonic needed to remedy this wretched state of health. Though it is not noticeable, improvement begins with the first dose. As the blood is made rich, the pallor leaves the face, strength and activity gradually return and the danger of relapse is very slight.

If any symptom of anaemia appears, prudence suggests that Dr. Williams' Pink Pills should be given at once, and the sooner they are taken the more speedily will their action improve the blood. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

FARMERS ARE ORGANIZING IN NORTHUMBERLAND

The farmers of Northumberland County met in the Labor Hall here Thursday evening and were addressed by Gordon Sharpe, of Woodstock, provincial secretary of the United Farmers of New Brunswick.

He urged co-operation as far as possible with the Labor Party.

Under his direction a local was formed. The question of bringing out a man for the coming federal election was then discussed. It was decided to call a meeting of the executive board to confer with representatives of the Labor Party for the purpose of making final decision and, to ascertain, whether, in the event of the farmers bringing out a man, the Labor Party would support him and unite with the Farmers in electing him. In the event of a satisfactory decision, a convention will be held here to nominate a candidate.

The following board was selected: Chairman, Thomas Parker, Doaktown; secretary, Hiram Whitney, Whitneyville; directors Wm. Johnstone, Newcastle; Peter O'Shea, North Esk; Charles Dunphy, Upper Blackville; Willard Wilson, Ludlow; Ernest Tozer, South Esk; Francis Dolan, Nelson; R. S. Wood, Newcastle; F. Fowle, Jr., Hardwick; A. M. Arseneault, Rogersville; John Betts, Derby; Donald Watling, Glenelg; Z. Gilks, Blissfield; Robert Buchanan, Alawicke. No definite action was taken along political lines, and no candidate for local honors was endorsed, the matter being left in the hands of the directors.

NOTHING TO DO WITH PROGRESSIVES

Edmonton, Sept. 15—(Canadian Press.)—The outstanding event of the national progressive conference in Edmonton yesterday, attended by Premier Greenfield, Hon. T. A. Crerar, H. W. Wood, president of the U. P. of A., and other heads of the former movement, is the definite split between the Agrarians and Dr. Michael Clark, M. P. for Red Deer. Dr. Clark declares that the idea of group government is distasteful to him and that he will not stand for dictation.

Dr. Clark's letter to Mr. Crerar follows:—

"After our recent conversation it will not greatly surprise you to learn that you cannot count on me as a candidate in Alberta in the forthcoming dominion election.

Mr. Wood, whose organizing ability is great and admirable, seems to think he has found something new in the idea of group government. It is as old as the hills. True Liberals fought it in Britain and Canada alike, under restricted franchise, and, as a people, rightly struggled to be free.

The House of Lords, the family compact, the Manufacturers' Association, and the junkers and militarists of Germany are each and all examples of group government, and the progress of humanity has been proportional to its ability to free itself from the domination of these groups. Class consciousness is none the less class selfishness, and therefore doomed to die because it suddenly appears in farmer and labor parties.

"After all, there seems to be only one method of working out human affairs in the political sphere. The apostles of progress must unite upon common principles, sincerely, held, to resist reaction, which is ever present like a dead weight to drag down the aspirations of the race for freedom, justice and democracy.

"These were the things for which 60,000 Canadians died in the recent war, but they will not be attained by putting one form or class consciousness in power in place of another.

"I have been fighting 'class' for forty years. It would be quite impossible for me to turn my back on my past and the right in this election."

Dr. Clark would not say whether or not he would be a candidate at all in the coming election.

Comment on Dr. Clark

Montreal, Sept. 15—Commenting on the definite split between Dr. Michael Clark, M. P. for Red Deer, and the United Farmers of Alberta and other heads of the Farmer movement, because the idea of group government is distasteful to him, the Montreal Star editorially says:

"The East should give Michael Clark, of Red Deer, credit for his steadfast refusal to be swept off his feet by a movement which seems at this distance to hold his political future in the hollow of its hand.

"If the farmers are well advised, they will listen to Dr. Clark. He is their friend and not their enemy. Some of the visionaries and 'elocutionaries' who are marshalling the grain-growers of the west into a class movement in politics are preparing for their dupes an immense disaster. Class movements are certain to beget class movements; and the very worst thing that could befall the men of the soil would be to sting and inflame the men of the town against them in a spirit of self-defense."

Ottawa Comment

Ottawa, Sept. 15—The secession of Dr. Clark, of Red Deer, from the National Progressive party is causing the keenest comment today in both camps of the two older parties. On the whole, however, the step taken by Dr. Clark has not caused very great surprise. It was rather expected that sooner or later Dr. Clark would sever himself from the Progressives. It was he who last

BATHURST PULP MILL TO RESUME WORK OCTOBER 1

Bathurst, Sept. 16—Angus McLean, general manager of the Bathurst Lumber Company, announces that the corporation's big pulp mill here will resume operations about October 1. The mill has been closed for several months because of the dull pulp market. The market is improving slightly. The resumption of work will give employment to 400 men. The company is establishing lime kilns at the plant.

session gave to the followers of Hon. T. A. Crerar the name of National Progressive Party, by which they have since been known. Current comment in Ottawa is that his defection will be a heavy blow to the Progressives, especially in view of the terms of his letter to Mr. Crerar.

Dr. Clark is a former Liberal, who left Sir Wilfrid Laurier on the conscription issue. He was elected in 1917 as a supporter of Union government, but, following conclusion of the war, joined the cross benches and finally the National Progressive Party from which he now announces his severance.

Sackatoon Star:—Dr. Clark's letter to Mr. Crerar is ill-considered and unjustifiable, leaving the imputation that the Progressive Party approves of group or class representation, which Dr. Clark, having been a member of that party since its organization, knows is not the case.

Calgary Herald:—The Red Deer developments are important as revealing the autocratic purposes and methods of the Farmer Party that has been built up in this province. Important also as showing that Mr. Crerar is willing to cast aside the principles he has avowed rather than risk political disadvantage by boldly taking issue with the president of the Alberta Farmers.

Edmonton Journal—Dr. Clark's disaffection has taken rise in his deep rooted opposition to the principle of group government. It is unlikely that Dr. Clark has hit upon a real and valid weakness in the Crerar scheme of politics, so far as Alberta is concerned.
