

## LIFEBUOY SOAP

is more than soap, inasmuch as it has powers in addition to those which promote cleanliness. It is a reputable germicide—a sure disinfectant. As a soap, Lifebuoy is everything that it should be—efficacious for Bath, Toilet, and all kinds of cleanliness. Its disinfectant properties are in no way offensive; rather are they an additional feature of the many attractions possessed by Lifebuoy Soap.

The name LEVER on Soap is a guarantee of Purity and Excellence.

### L. O. A. Convention.

A largely attended meeting of Organism took place in Victoria Hall last night to hear addresses from prominent visiting brethren. Mr. R. A. Squires, Provincial Grand Master, presided and in well chosen words introduced the different speakers. The first was Thomas Gilday, Esq., of Montreal, Past Grand Master of the Royal Black Chapter. He was followed by Sir Mackenzie Bowell who told interestingly of his long and happy association with the Orange Society and with the public of the great Dominion. Addresses were also given by Hon. D. Morrison, C. H. Hutchings, K. C., G. W. Gushue, Rev. D. Blackall, Rev. E. P. Ward and N. Andrews. The meeting was brought to a close with a brief address from the chairman and the rendition of the National Anthem.

### Granfell Hall.

The Rev. Chas. Lench, ex-President of the Methodist Conference, will give the address at the services in the Granfell Hall tomorrow afternoon at 3 o'clock. There is a popular idea abroad that the service is only intended for men. This meeting is open to both sexes. The service is only of an hour's duration, and bright singing is a feature.

### C. of E. Notes.

The Rev. D. Blackall will preach at St. Mary's Church to-morrow morning and at St. Michael's in the evening. Rev. Dean Saunders, of Montreal, preaches at the Cathedral in the morning, and at St. Thomas's in the evening.

### Badly Hurt.

At 4.20 p.m. yesterday, a young man named Cleary, while at work in the hold of the schr. Freedom, loading fish at G. M. Barr's wharf, was struck by a half drum of fish as it was being slung on board. The drum fell a distance of over 20 feet and hit the man on the back. The blow threw the poor chap down and for a while he was only partly conscious. Dr. Pritchard, who was called, came quickly and gave the man every attention. He was then driven to his home, Casey Street. Had the package hit the man on the head he would have been killed.

### WIRE WOUNDS.

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and but of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

### C. C. C. Notes.

Preparations are now being made for the annual camp which will be held at Power's Court, Manuels. A meeting of those who intend to go will take place to-morrow morning in the Armory after last Mass.

The Warrant and Non-Coms. are, as usual, having a tent on the course this year. Dinners and teas will be served and we bespeak for the C. C. C. the liberal patronage of their supporters and friends.

Every night large numbers of the Cadets are up at the Armory putting a wooden floor down. This will be a great improvement, as basket ball and hand ball which are favourite games, can be played to better advantage. It is hoped to have the work finished before the races.

Enjoy your meals by taking a teaspoonful of Stafford's Prescription "A" a few minutes before eating.—July 25, 11

### Regatta Meeting.

Enthusiastic Meeting Last Night.

The Regatta Committee meeting held last night was the most enthusiastic of this season.

President Hiscock presided in his usual kindly and gracious way and there were also present:—Vice-President Higgins; Treas. Ellis; Secretary Noonan; W. J. Martin, L. G. Chafe, J. R. Bennett, Dr. Scully, J. L. Slattery, R. W. Jeans, F. W. Hayward, P. J. Hanley, J. Day, C. E. Hunt, J. W. Morris, Councilor Ryan, T. D. Carew, R. Dowden, T. J. Foran.

The usual cheque came from the Premier for the Fishermen's and Laborers' races.

The Carpenters Union, through Mr. R. Dowden, contributed \$10 and Hon. Geo. Knowling gave \$28. Generally speaking the collectors are doing fairly well, but a good deal more is to be accomplished. The men, however, look for as liberal contributions as last year.

Capt. Atlay, of the Celyso, asked for a position for a crew from the Sirius in the Naval-Reserve-Firemen's Race. The crew will get it with pleasure and a boat will be procured for them.

The matter of medals for the Brigade Race which was discussed before and deferred was again brought up. Mr. Higgins moved and Mr. W. Martin seconded and it was carried that gold medals will be given the winners. The Governor's handsome cup, must be won for three years to be held by a Brigade.

Mr. Higgins referred to the matter of the omission of the names of the Presidents of certain boat clubs from the Committee and thought it should be rectified. He referred particularly to the Shamrock and C. C. C. Boat Clubs whose Presidents have done and are doing good work for the Regatta. These are: Messrs. Nicholas J. Wilmot, and P. F. Collins and their names will be added to the regular committee. All were delighted to welcome them there.

The Secretary will ask Sir W. H. Horwood and President Taylor, of the Bell Island Regatta Committee, to be present during the day.

The Bell Island people kindly extended an invitation to their Regatta to-day to Mr. Hiscock.

Certain alterations in the Rules were made at the suggestion of Vice-President Higgins.

Next Friday night, the meeting at which all crews must enter will occur in the T. A. Armory.

Mr. Coen asked that tellers be detailed to help the reporters to get the entries correctly and this was cordially granted. Each year Secretary Noonan and Mr. A. W. Williams have given the pressmen kindly and invaluable assistance, but a couple of official tellers is a boon which would be thankfully received.

Refreshments will be provided for the Committee in the C. L. B. tent and the menu as read by the President is enough to assure all that they will be well provided for.

The meeting adjourned at 9.30 until Friday night in the T. A. Armory.

### Cardinal Gibbons

Does Not Expect to Live Much Longer. Baltimore, Md., July 19.—"On Wednesday next I shall be 79 years old," said Cardinal Gibbons as he sat in his study to-day and then he added: "I do not think I will live much longer, my life is nearly spent."

The visitor to whom the Cardinal said this could not control his surprise and sorrow. "I will soon be an octogenarian," too," said the Cardinal, smiling, "and nature must take its course. Almighty God has blessed me with a long life and I am ready to answer whenever He sees fit to call me to render an account of my stewardship."

"I think it will not be long now," the Cardinal said, slowly, and there was no sorrow in his voice, "and when the call comes I think it will be a sudden one. We should all be ready for the call because we do not know how soon or suddenly it may come."

The visitor asked the Cardinal if he was not in good health.

"Yes," answered the Cardinal, "I still feel young and capable of performing several more years of labor, but I think it will soon pass away. Perhaps I will live ten years longer. We are never sure."
