Editorial Items.

It is reported that the boundary line commission have found the Canadian Custom House at Pembina to be on the American side of the line, which is said to run between the Custom House and the Hudson's Bay Company's post.

The Halifax Chronicle has an article against Howe's appointment as Governor of Nova Scotia. It says he has not the confidence of Unionists, and his appointment would revive all the bitterness of anti-Confederation which is now dying out.

The Tory quindians are entirely and laughably at sea respecting the Hon. Mr. Mowat's constituency.

ASYLUM ABUSES.—The London Advertiser publishes a letter from John Fitzgibbon, lately employed as an attendant in the Malden and London Lunatic Asylums, in which he brings serious charges against Dr. Landor, the Superintendent, of cruelty to some of the patients. The matter demands strict investigation at the hands of the authorities.

PRESIDENTIAL ELECTION.—The election for President takes place to-day in the United States.

SIR FRANCIS AGAIN.—The Mail on Monday makes the positive statement that Sir Francis Hincks has not yet resigned his office, but from present indications, as well as from vague hints thrown out by the Conservative press, such a consummation is almost certain to take place as soon as Sir John Macdonald can shuffle the cards so as to do without him. One thing is certain, that Sir Francis' family have gone to Montreal, to take their abode.

DEATH OF MR. J. MAGUIRE M. P.—The telegraph announces the death of Mr. John F. Maguire, member for the city of Cork, and editor and proprietor of the Cork Examiner. He was a man of great ability and held a high position in the House of Commons as an able debater. He was intensely devoted to the interests and prosperity of his native country; though he never entered into the conspiracies organized with a view to secure Irish independence, by the establishment of a Republic. A few years ago he made a tour through the United States and Canada, with a view of ascertaining the condition of his fellow countrymen on this continent, and shortly after gave the result of his observations in a book of great interest and value, which had a very wide circulation both in Britain and America.

The Alsatians in Virginia. The advance guard of the large body of emigrants from Alsace and Lorraine who are to settle in the neighborhood of Alexandria, have reached that city, and are now engaged in prospecting for favorable sites whereon to settle. Some time will be devoted by these immigrants to the inspection of the several tracts of land which are now in the market in that part of Virginia. They desire no less than 4,000 acres in a body, though they would prefer a much larger quantity, and will be governed by the price and location of her land. The colony now numbers about 200 families, and are skilled in fairs, manufactures and farming. They are all from that portion of France captured by the Prussians in the late war, and leave their native country for America rather than become Prussian subjects. They propose to form a joint stock company, locate a town and lay out farms, &c. Their purpose is to exclude all others from the colony but those who come with them for the term of five years, during that time no one will be allowed to dispose of any portion of lands purchased and embraced within their survey. If they can be settled in Virginia on good terms, they say they can increase their colony to 2,000 families without any trouble.

BRITISH GRAVEYARDS IN THE CRIMEA.—The Levant Herald of October 2nd says Gen. Ayle, C. B., having accomplished his tour of inspection of the British graveyards in the Crimea, proceeded by Thursday's Austrian steamer to Smyrna, in order to visit the English military cemetery of that town. During his stay in the Crimea, Gen. Ayle discovered that the ashes of our heroes of Balaklava and Sebastopol, of Alma and Inkermann, occupy no less than 132 separate burial-grounds of which many are well preserved and securely fenced round. Others hastily chosen among vineyards and cultivated fields, are unprotected; but even these, it is satisfactory to learn, are respected by the Russian peasantry, and have not been objects of desecration. On Cathcart's Hill, however, some of the finest monuments have been overturned presumably under the impression that treasure might have been buried under them.

Young America impressed an English writer after this fashion: "Put an American baby six months old on its feet, and it will immediately say, 'Mr. Chairman, and call the next order to order.' The eldest son of Baron James Rothschild is compiling a history of the Rothschild family from 1806 to 1871. It will contain several unpublished letters of Napoleon I., and from eminent French statesmen.

The horse disease has at last reached St. Louis, where it is said to be committing sad havoc.

FRANK—At Guelph, on the 4th inst., the wife of Mr. A. E. Feast, marble dealer, of a daughter.

DIED.

The funeral will take place to-morrow, (Wednesday) at eleven o'clock, from his late residence. Friends are respectfully invited to attend.

FIRST PRIZE

THE OSBORN is warranted for three years, will do every variety of sewing, and the fact that it has carried off the highest award at the Provincial, Central, Western, and other leading Exhibitions, which no other Machine in Canada has yet done, attests its superiority over all competitors.

SEWING MACHINE!

Give "THE OSBORN" a trial before purchasing any other; you are certain to be pleased with its work.

Beware of cheap, flashy machines claiming to have received first prizes. At no leading show this season have they been awarded any. Competent judges have declared them unworthy, both as regards principle of construction, material employed, and work performed.

Machines given against easy terms of payment. AGENTS and others in want of employment during the winter will do well to give us a call. Chances to make money unprepared.

The Verdict of the People

AGAIN DECLARES THAT THE GARDNER SEWING MACHINE

Is superior to any now in the Market.

HAVING been examined and tried by the most skillful mechanics and best Judges the country can produce, and by them awarded prizes at all the principal Exhibitions held throughout the Dominion during the present year; and although the leading machines were arrayed against it, the Gardner Patent has been declared

VICTORIOUS

Over all competitors, upon every test, and now stands foremost in the rank of Sewers, and has been awarded Twenty-two prizes for 1872.

This beautiful specimen of mechanical ability is a purely Canadian invention, surpassing in simplicity, durability and usefulness any other Sewing Machine now in the Market, whether of Canadian American, or English manufacture.

It will hem, cord, braid, tack, gather, quilt, fell, and for Tailoring, Dressmaking and Family Use cannot be surpassed, using all kinds of Thread.

Send for Circulars and Samples to Mr. Hunter, Wyndham-st., Guelph; or to Wm. S. Lumgair, Agent, Wellington Hotel, Guelph.

Intending purchasers should not be misled by unscrupulous agents of other companies, who keep machines they do not sell in a damaged state, making capital for themselves. A fair trial is given previous to purchasing. Guelph, Nov. 4th, 1872. 3mdw
