In the matter of the Queen vs. Paterson, attempt to kill, tried at the assizes in Cayuga before Mr. Justice Macmahon, the prisoner was sentenced, on Thursday to six months in Kingston Penitentiary.

In his VEGETABLE PILLS Dr. Parmelee has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to men. For Delicate and Debilitated Constitutions Parmelee's Pills act like a charm. Taken in small doses the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

Advices from Kallispell, Mich., are to the effect that the strike ordered on the Great Northern last night by Roy M. Goodwin, the A. R. V. director, is a flat failure as the men refused to quit work.

A LIFE SAVED.—Mr. James Bryson Cameron, states: "I was confined to my bed with inflammation of the lungs, and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with a best result. Acting on this advice, I procured the medicine, and less than a half-bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good."

## London and Environs

—Tomorrow will be the anniversary of the birth of Martin Luther.

—Mr. Richard Tooley, ex-M.P.P., still lies in a critical condition, the result of a fall last Saturday.

—Mrs. Bilton, of this city, has been spending a few weeks with her daughter, Mrs. (Rev.) Patterson, of Leamington.

—Mrs. Martin Cowan, of Caradoc, is spending a week with her parents, Mr. and Mrs. Thomas Raycraft, of Rectory street.

—Abel Waukush, a Delaware Indian, has been committed to jail by Squire Clark, of Melbourne, on a charge of insanity.

—Rev. Father McManamin will lecture in St. Mary's Church next Sunday evening at 7 o'clock. A collection for the poor will be taken.

—Judge Wm. Elliot yesterday morning discharged John Leach, the old man from Newbury, who was suspected of stealing a ring from Mr. Moore.

—St. Thomas Times: Rev. Mr. Speller, of Sarnia, will occupy the pulpit at the Center Street Baptist Church on Sunday next. It is very likely that he will give a call to become pastor of the church here.

—Furze, son of Mrs. J. Eccles, of Watford, met with a painful accident recently. He was driving a horse when a small piece of wire, attached to the end of his whip lash, flew off, striking him in the corner of the eye. He was brought to London to consult a specialist, and it is thought that the sight will not be permanently injured.

—The funeral of the late Andrew Gowanlock took place from Port Stanley to Brayne's burying ground Thursday and was largely attended. The Rev. J. H. Courtenay conducted services, and the bearers were Messrs. Joseph Wilson, H. Harris, W. Cattamach, G. Goodhue, H. Cameron, and R. Jolly. Among the floral offerings were a sickle from the deceased's family, and a wreath from the Misses Dunn, of London.

—Mr. S. Baker, principal of St. George's school, has just heard from the Education Department that he was successful in passing for a senior leaving certificate at the late examination in St. Thomas.

—Owing to an oversight his name was omitted from the list of successful candidates last published, but the certificate came safely to hand this week. His success is all the more gratifying to himself and his friends because it was obtained solely by private study.

—The following list of patents, recently granted to inventors, residing in Canada, is reported for the London "Advertiser" by P. J. Edmund, international patent solicitor, London, Ont. Canada patents—Canada General Electric Company, current interrupter; H. Burbridge, Nova Scotia, Canada, cornice frame; H. B. Teed, Yarmouth, N. S., fish (trade mark); E. L. S. Patterson, Granby, Que., pocket interest table (copyright). United States patents—J. W. Duncan, Montreal, Que., driving gear for bicycles; C. L. H. Hens, Montreal, Que., footgear; J. J. McCallum, Belleville, Ont., mustache adjuster.

## ASSISTANT NIGHT SCHOOL TEACHERS APPOINTED.

No. 1 committee of the Board of Education last night appointed three assistant teachers for the night schools, which Inspector Carson reported would permit of greater personal attention being given to the pupils, and would be attended with great success. Mr. T. A. McDougall will act as assistant to Principal Baker at the St. George's night school. Mr. T. D. Orme will assist Mr. Kirk with the girls at Colborne street, and Mr. Wm. J. Kennedy will assist Mr. Bryant with the boys at Colborne street. Inspector Carson's report on the non-resident pupils attending the city schools was referred for further information respecting some of the cases. Mr. John Cairns, of Waterloo, and Miss Jessie Hendrie, of Dorchester, applied for positions in the teaching staff. Their applications were referred to the Inspector. Miss Agnes McKenzie, directress, was allowed \$25 to defray minor expenses in connection with the kindergarten for the balance of the year. The committee favorably received S. K. Davidson's application for reconsideration of salary as drawing teacher at the Collegiate Institute, and in future Mr. Davidson will receive three days' pay per week, instead of two and a half as at present. Application for exemption from Collegiate Institute fees was received from Mrs. S. P. Zavis, 233 Central avenue; Henry Edwards, who resides just over the eastern boundary line, and Miss Booth, who has lived with an aunt on Wellington

street and never attended school outside the city. Mrs. Zavitz claimed her children were exempt on the ground that she had removed to the city and rented part of a house. Mr. Edwards claimed to be assessed on property on King street, and Miss Booth contended that she was exempt, as she had lived in the city from childhood, having been adopted by her aunt. The cases of Mrs. Zavitz and Mr. Edwards were filed; that of Miss Booth was referred, pending a certificate from her relatives as to residence. "We have got to draw the line pretty tight in these non-resident cases," said Mr. Griffin. The members present were: Trustees Sanders (chairman), Dr. Campbell, Murphy, Hunt, Griffin, Jeffrey, and Craig, Principal Merchant, Inspector Carson, and Secretary McElheran.

## OPENING THE SEASON.

A dreadful commotion was heard at the house of the green blinds, smoke poured out at the windows, and the general condition was such as to warrant people halting and asking questions.

"What's the trouble, bub?" asked the fat man of the freckled boy who sat on the gate post kicking his heels.

"You mean up to the house?" returned the boy with a jerk of his head.

The fat man nodded.

"All that smoke?" asked the boy grinning.

"Yes, running around and opening more windows."

"Yes—what's going on?"

Just then some new kind of noises seemed to come from under ground, and a cellar window blew out with a loud report.

"See that!" cried the boy with an air of triumph.

"Yes, yes, it," impatiently answered the fat man; "what is it—that does it all mean?"

"It's only pa," said the boy complacently; "he's going to run the furnace this winter himself, so he says. That's him, now, down cellar. Ma calls it his draft riots."

Which appeared to be so natural that the crowd went satisfied away.

## WILL THEY GET IT?

Removed Establishment by a Canadian Firm of a Branch in Albany, N. Y.

Albany (Special) Nov. 4.—The outcry in certain quarters against the high tariff still goes on, but it is to the tariff that Albany is likely to owe the addition of another industry to her numerous existing ones.

A Canadian firm located in Toronto has, it is understood, been interviewed by an Albany business man, with a view to establishing in this city a manufactory of the staple kidney remedy, Dodd's Kidney Pills.

As the business done by the Canadian firm throughout the United States has assumed very large proportions, owing to the recognition by the American public of the great value of this staple, it is probable that arrangements will be satisfactorily entered into. The annual output is very large and is rapidly increasing.

(20) TWENTY YEARS AGO HARKNESS' BRONCHIAL SYRUP was first manufactured in this city, and at that time in a very modest way indeed, then the manufacture never imagining that after TWENTY YEARS his formula would become so popular and in such great demand as it is today in the city and Province. There are preparations that have come and gone by the hundred during these (20) TWENTY YEARS, but HARKNESS' BRONCHIAL SYRUP is still a FAVORITE with thousands even in this city, and still growing in popularity as a specific for all bronchial affections, including coughs, colds, croup, bronchitis and asthma. It is manufactured in the laboratory, and under the personal supervision of W. S.
