OVER-DRAWING THE ACCOUNT

Every hour in the day you are using up nerve force, body tissue, blood cells, energy—everything that means health. Always taking away, always borrowingdo you ever pay it back? The thin body and pale blood say no; the reserve force is about gone. There is a general weakness and the body is run down. You have overdrawn your account; you must make up the deficiency, but how?

Scott's Emulsion makes it up with interest. It will clear you of the debt you owe health and give you a working surplus of solid flesh, good blood and healthy tissues.

In Scott's Emulsion the necessary element of fat is plentifully supplied in the most palatable and easily digested form. It enters the system quickly and without effort. There's no tax on the digestive organs—no strain on any part of the body.
