SPAIN'S CHURCH WAR. Madrid, July 8.—In the case of a break between the Vatican and the Spanish Government as the result of revision of the concordat, Cardinal Merry Del Val, papal secretary, his friends say, has the strongest national feeling and will not wish to remain in a position where this feeling will be in a constant clash with his official duties.

The debate over the religious question at issue continues to be the all-absorbing topic in both Houses of Parliament. While the clericals are making the fight of their lives for the dominance of the Catholic Church in the government, there are increasing evidences that Premier Canalejas will win his fight against the invasion of state sovereignty by the church.

RUSSO-JAP TREATY AIMED AT UNCLE SAM. [Associated Press Cable.] Berlin, July 8.—The liveliest interest is felt in official circles regarding the Russo-Japanese agreement, the text of which has not been forwarded to the German Government. The maintenance of the status quo, which the agreement is intended to secure, is considered most desirable. The most delicate point in the agreement refers, according to the semi-official Frankfurter Zeitung, to the understanding to act mutually on the defensive against the intervention by third powers in Manchuria which still belongs to China. The agreement therefore cannot be directed against China. It is pointed out that Americans obtained a concession for the Aguin-Chinow Railroad from China, and the question is now raised here whether the agreement is intended to oppose America's unwelcome intrusion in the Russo-Japanese sphere of influence. If so the agreement is taken to mean the closing of the open door.
