They are beauties and you will say more than this when you see them.

If You Want a Smart Fancy Costume You Can't Do Better Than See the Showing in Spencer's Mantle Department

ALL the leading Parisian, New York and London styles are here, but we don't expect you to pay the fancy prices that these very same models command in the fashion centres.

There's a size and a style here that will please you, no matter what your taste may be, and how exacting you are. The fact is, that we believe that most women would pay a higher price than we are asking and still consider that they were getting a rare value.

All the newest colors and materials are included, and the range of styles is so wide that it's utterly impossible to describe them. You are invited to inspect them, whether you purchase or not.

Prices start at 18.75, but of course there are many more elaborate and more expensive garments to choose from.

A New and Better Standard of Quality in Men's Suits at \$15 and \$20

You're safe in wearing Spencer Suits at \$15 and \$20. They are just as good as hands can make them, and the styles are the latest. This season we have been more careful than ever in choosing the best and are satisfied that you will have an unusually hard job to find better values even at a much higher price.

Tweeds and fancy worsteds are the materials, the shades and patterns are new, and the tailoring is a close rival of that produced by the high-grade custom tailor.

We invite your inspection, and as your size is here, there is no reason why you shouldn't try it on. You don't have to buy it if it doesn't please you. But there's not the slightest doubt about that point—it will.

Don't judge the quality by the low price, or you are likely to underestimate the value of the garments. See the samples in the View Street windows—they tell their own story.
