### MAIL ORDERS

We submit out of Town orders, which receive  
our personal attention. The length of time taken  
to fill orders is governed very largely by how  
busy we are in the department of our factory in  
which the particular goods are made. While we  
have exceptional facilities for promptly  
turning out goods, it is impossible to place orders  
as far ahead as possible. Orders are filled  
up to the relation in which they are received,  
and customers' interests depend on our being  
able to fill orders in the most prompt despatch.

## BACHELOR MASONS HOLD GOOD DANCE

Second Reception and Ball  
Enjoyed by Large  
Numbers

The Bachelor Masons' second  
reception and dance was held in  
the Masonic Temple on Thursday  
evening. Although not so crowd-  
ed as on a previous occasion, the  
dancers enjoyed a splendid time,  
the dancing being kept up till  
nearly three a.m.

The hall was gaily decked out  
in a scheme of red, white and blue,  
long streamers being carried from  
the centre of the room to the walls  
forming a canopy, while the Jap-  
anese lanterns and colored shades  
sent a softened glow of light over  
the hall.

The supper room was laid out as  
at the last dance, the running buf-  
fet being an innovation which has  
gained great favor at these dances.  
The dresses were very beautiful,  
many new gowns being worn, a  
description of which in full we are  
unable to give in this issue.

The committee in charge are  
very grateful to the chaperons,  
Mrs. W. E. Napier, Mrs. H. R.  
Smith, and Mrs. F. F. Matheson,  
(Mrs. D. A. Stewart being absent)  
and to Mr. W. F. Napier for his  
assistance as floor manager.

The music was supplied by the  
Campbellton orchestra and gave  
every satisfaction.

This will be the last public dance  
held after Lent, and it is proposed  
to bring off a big ball at the end  
of the season, some time about the  
end of March. This ball is expected  
will be carried out in some new  
way and should be the most inter-  
esting of the season.

## CLOSING SESSION OF COUNTY COUNCIL

Dalhousie Council Will Call  
for Tenders on New Elec-  
tric Light Plant

### SOCIAL NEWS

Dalhousie, Jan. 29.—The January session  
of the Restigouche Co., Council closed on  
Friday afternoon after four days sitting. No  
business of great importance was transacted  
during the session. The resolution passed during  
the early proceedings authorizing the placing of a  
wire fence around the Dalhousie Court House  
square was rescinded and instead power was  
given the public lands committee to plant  
trees to beautify the county property on which  
is located the Court House, Jail, Record of-  
fice, Fire Hall and Band Stand.

Resolutions were also passed granting in-  
creased salaries to the Sheriff of the county  
and the Secretary of \$500 each. The Auditor's  
salary was raised also from \$50 to \$100.  
No responsible person will find fault with  
the council's action in adding to the pay of  
the three officials mentioned. The secretary  
of the county has been receiving the same in-  
come that was paid 30 years ago while the  
work has more than doubled. Everybody  
knows that sheriffs are poorly paid, especially  
in small counties. The auditor who is a col-  
lege bred man and very adept with figures is  
certainly worth the \$100 proposed for the  
future.

The following are the names of some of the  
officials appointed for the parish of Dalhousie:  
Parish Clerk, Peter J. Golden; District  
Clerk, James Adams; Assessor, Robert  
Wright; Alexander McNeil, Daniel L. Mc-  
Cully; Collectors of Rates, Alex. McDonald,  
Wm. McKinnon; Overseers of Poor, Andrew  
Adams, Wm. St. Onge, James Hynes.

The Dalhousie Town Council met in special  
session on Monday evening to take steps to-  
wards securing legislation and calling for  
tenders for the installation of an electric plant.  
The alternatives present besides Mayor Mon-  
gomery were Aldermen Doucet, McDonald,  
Lavoie, O'Keefe, Elsieger and Wallace, alder-  
men absent, Shannon and McLeod.

A resolution was passed authorizing the  
town clerk to call for tenders for the placing  
of an electric light system in the town, tenders  
to be received on or before the 6th day of  
March 1913. It is understood that the tenders  
will be opened on March 6th in the presence of Mr. Willis Chipman,  
the engineer who has prepared the plan and  
specifications. A bill is being prepared to be  
submitted to the Legislature dealing with  
light, water and sewerage.

Miss Marie White, of Bathurst, was the  
guest of Mrs. John Baldwin, last week. She

the beautiful parish.

ing friends.

Mrs. H. J. Guignard was the host on Mon-  
day to a most enjoyable winter party of seven  
ladies. The prize was won by Mrs.  
Dr. Doucet, gentlemen's prize went to Miss  
Yvonne Alain and to Mr. A. L. Gaucher.  
Dainty refreshments were served, after which  
the guests enjoyed a few dances.

the ladies department in the Dalhousie Mer-  
cantile store for the last three years has ob-  
tained a month vacation and will leave next  
week for Boston to visit friends. While in  
the great American city, it is Miss Arsen-  
ault's intention to gather new ideas for the  
future success of the business she has so suc-  
cessfully managed.

## WOMAN DIED FROM NATURAL CAUSES

The Sensational Riviere du  
Loup Story of Maltreat-  
ment Exploded

Montreal, Jan. 29.—The Montreal  
Star publishes the following:  
Riviere du Loup, Que., Jan. 28.—  
"Died of tuberculosis caused by ex-  
cessive use of alcohol," is the conclu-  
sion of Drs. Pareau and Pettigrew  
who attended the woman Desjardins,  
who died ten days ago, in the Lock  
Hospital, kept by the Sisters of  
Providence.

The reputation of the deceased  
was none too good and stories told  
about her years ago were unearthed  
and enlarged to the extent that  
mention of crime was made.

The local police, who have in-  
vestigated the cause, do not find the  
remotest cause for a crime in all  
the story, and the physicians also  
state emphatically that death was  
caused by tuberculosis only, and no  
traces of violence were found on the  
body of the woman, either before or  
after her death.

The woman was suffering from  
tuberculosis for a long while, and  
her death was absolutely natural.

Several people are indignant at  
the circulation of the story of a crime  
which seems to have originated in  
Quebec, but notwithstanding this  
many railway employees, still ad-  
here to their opinion, that there is  
something in the story that has not  
yet come to light.

With regard to the above state-  
ment the GRAPHIC interviewed Dr.  
L. G. Pinault who is conversant  
with the matter and he stated that  
there was absolutely no truth in the  
murder story.

The woman died from tubercu-  
losis but unfortunately many other  
stories of past days were resurrected  
and made to appear as if they had  
happened now.

It is an unfortunate thing that  
such slanderous statements could  
gain such credence and wide pub-  
licity.

although many nets were torn and some lost,  
the men report good catch.

Mrs. and Mrs. Howard Jamieson arrived  
from the west to spend a few weeks with their  
parents Mr. and Mrs. John Jamieson, of Dal-  
housie Junction.

Mrs. Thos. Dickie of Campbellton accom-  
panied by her sister, Mrs. Rufus Hicks of Dal-  
housie Junction, spent Tuesday in Dalhousie.

Mrs. Wallace, wife of Alderman Alex.  
Wallace, who fell last summer and broke one  
of her limbs is now able to leave her room.

Posters are out announcing a fancy dress  
carnival to be held in the Dalhousie skating  
rink on Mardi Gras evening. The rink is al-  
ready nicely decorated for the occasion.

Mr. Charles Brown of Escuminac, P. Q.,  
was a visitor to town today.

Messrs. W. H. Marquis and Dr. Mann  
of Campbellton were here on Sunday and  
registered at the Queen.

Miss Greta L. Johnson of Eel River Cross-  
ing who spent months visiting relations at Fair  
Haven, Mass., returned home some-  
time ago. Outlined by your correspon-  
dent, Miss Johnson stated that while she had  
had a very enjoyable visit yet there was no  
place like Restigouche.

The thermometer registered 20 degrees be-  
low zero here this a. m. and 25 at St. Omer.

## SPECTACULAR BLAZE IN EARLY MORNING

Thos. Ellsworth's Store and  
Dwelling Completely De-  
stroyed by Fire

### HEAVY LOSS

Shortly after five o'clock this  
morning fire was discovered in the  
upper part of the building on Ger-  
rard Street, occupied by Thos. Ells-  
worth as a store and dwelling.

A crowd quickly collected even at  
that early hour while no one thought  
of sending in an alarm, until the  
Fire Chief made his appearance and  
rang in for the apparatus.

A number of the firemen being  
already on the scene, operations  
were not long delayed and aided by  
a strong pressure of water the fire  
was confined to the one building  
which was in dangerous proximity  
to other buildings, this part of  
the town being very closely built.

The inmates had to make a hasty  
exit by way of the verandah on the  
first floor and were unable to save  
property or personal effects of any  
kind.

The fire burned fiercely till the  
roof collapsed, streams of water be-  
ing played on the ruins till well on  
in the forenoon.

Seen today Mr. Ellsworth apprais-  
es his loss at \$25,000 with insurance  
of \$5000 on building and \$9000 on  
stock and fittings. Mr. Lavallee  
who occupied part of the dwelling  
fixing his loss on personal property  
and furniture at \$2000 with insur-  
ance of \$500.

The building which is completely  
ruined present a sorry appearance,  
nothing but the walls and a few roof  
boards remaining.

## PEACE NEGOTIATIONS BROKEN OFF

London, Jan. 29.—The peace  
negotiations which reached a deadlock  
over the cession of Adrianople on Jan.  
6, were finally broken to-day by a  
note which the plenipotentiaries of  
the allied Balkan nations presented to  
Rechad Pasha, head of the Turkish  
delegation. Notwithstanding this  
rupture there are still optimists in the  
diplomatic world who hope that the  
resumption of the war may yet be  
averted either through fresh proposals  
that Turkey is reported to be includ-  
ing in the note which she will deliver  
to the Powers tomorrow or through  
the fall of Adrianople before activities  
can be begun again at the Tchatalja  
lines. A majority of the Balkan  
delegates refuse to admit the likelihood  
of either contingency, believing that  
the life of the Young Turk government  
depends upon the resumption of the  
war even though the Allies were willing  
to postpone the conflict. They are  
of the opinion that the present failure  
of diplomacy at the worst, only an  
interlude however, for they will leave  
four representatives in London to  
undertake the settlement anew.

## Wasted Opportunities.

Napoleon once said he didn't wait for opportunity,  
he made them. Having made them he took im-  
mediate advantage of every chance open. This in-  
famed Napoleon "King of the Castle" for many years.  
Then, he too, joined the down-and-out club, when  
Blucher's opportunity came before Grouchy's at  
Waterloo. It was a question of opportunities then  
even as it is today.

## "Does Opportunity Knock But Once?"

We believe we are justified in answering an em-  
phatic "No" to that question.

Wednesday Evening—Little  
Damage Done

On Wednesday evening a freight  
specialist Conductor Mar hall was  
held up at Richards Siding at a  
point where the section men were  
working. While hung up they  
were run into by Doyle's special  
freight train luckily without doing  
much damage. The second train  
was conducted by Doyle.

Beyond keeping the Ocean Limited  
late about five hours, no damage  
was done to the track or rolling  
stock.

once into the cause of the collision.

## REMARKABLE OP- ERATION ON MAN

Brought Back to Life After  
Heart Had Ceased  
to Beat

Washington, Jan. 27.—Although  
his heart apparently had ceased to  
beat, William Lane, lumberman,  
lately from Oshkosh, Wis., was to-  
day able to sit up in a local hospital,  
and relate how he had blown out the  
gas in a downtown hotel. When an  
ambulance was summoned to the  
hotel, surgeons pronounced the man  
dead, but more as a matter of form  
than with any hope of resuscitating  
him, they called the pulmonator into  
use on a rapid run to the hospital.  
After vigorous use of the machine  
Lane's pulse was found to be  
beating feebly. Throughout the  
night the doctors worked over the  
man, and to-day he is believed to be  
out of danger. Hospital authorities  
report the case a remarkable one.
