REV. HENRY POPE, D.D.,

One of the Fathers of Methodism in the Lower Provinces, writing to the Hawker Medicine Co., St. John, N.B., under date of March 21st., 1894, says:

"For several years I have suffered, almost continuously, many of the distressing ills resulting from sluggishness of the liver, realizing from various medicines but partial and only temporary relief. Nine months ago I determined to test the efficacy of Hawker's liver pills. To-day I am happy to inform you of the great benefit I have derived from their use. In my case they have proved a decided success.

"During this winter my family and myself had a visitation of *la grippe*, which left us in a generally enervated condition. We obtained your Hawker's Nerve and Stomach Tonic, and after using it for a few days, as prescribed, so sensibly and manifestly did we regain our strength and energy that I can and do confidently recommend it as one of the surest and best invigorators of the age.

"Wishing you the largest success in your laudable enterprise.

"I am gratefully yours,
"HENRY POPE."

NURSING:

Its Principles and Practice.

BY

ISABEL ADAMS HAMPTON,

Superintendent of Nurses and Principal of the Training School for Nurses, Johns Hopkins Hospital, Baltimore, Md.

In one very handsome post 8vo. volume of 484 pages, profusely illustrated.

Price, cloth, - - - \$2.00 net

Sent postpaid on receipt of price.

This entirely new work on the important subject of Nursing is at once comprehensive and systematic.

It is just such a book as mothers should have within easy reach, as it tells them in a few plain words how to proceed in those emergencies which are constantly arising, and in which it is necessary to know exactly what to do and how to do it.
