Luck in Seeds.

"I didn't have very good luck with my seeds last year," a farmer was heard to say. This gives rise to the question: How many poor crops can be attributed to "luck" in the selection of seeds? Buying seeds is an important factor in farming and should receive the careful judgment and consideration of the farmer. It is almost always impossible to distinguish the good from the bad in seeds by sight and the only infallible guide for the planter is the reliability of the seedsmen. D. M. Ferry & Co., of Windsor, Ont., have for many years been the leading seed house of this country, and their reliability is unquestioned. They issue a book annually which contains a complete digest of the very latest gardening knowledge by the best authorities. The 1893 edition is handsomely illustrated and contains information about the selection and planting of seeds which will prove of the greatest value to every one planting a garden or farm. It is mailed free to any one making application to the firm's address.

VESSOT'S GRINDING MACHINE was awarded 1st prize at the Provincial Exhibition, Montreal, 1884, and Hamilton 1885. Also diplomas at Sherbrooke in 1885, 1891, 1892, and Ottawa 1891. The Farmers' and Millers' attention is drawn on our improved grinding machines. The "Petit Champion" is specially made to be worked by horse power and is sold at reduced prices. Our big

grinding machines suited for mills can grind from 20 to 50 bushels per hour and as fine as wished for, requiring perhaps half of the power necessitated by grinding stones. About 600 are used in Canada.

PURE BRED

Ayrshire Cattle

I offer for sale selections from my prize herd of Ayrshires. The Females are all heavy milkers or the produce of such. At the last great Exhibition in Montreal I secured a prize in every section I had entries in and the 3rd prize for Herd "SILVER KING" (1st prize in his class at Montreal and Hochelaga in 1892) is my stock bull, and his calves cannot be beaten. He was imported in dame by the late Thomas Brown, and his sire, grand sire and great grand sire, were the leading Ayrshire bulls of their day in Scotland, and in their turn retired from the show ring with unbeaten records. His dame was 1st as milch cow at Montreal Exhibition and also in 1892 besides taking the diploma as the best female Ayrshire, and on both sides he is descended from exceptionally good milking strains.—Correspondence invited.
