Sir E. Cunard, for many years New York manager
of the Cunard line, died suddenly last week.

The Welland Canal is to be opened for traffic on
the 21st inst. The lake ports are now generally free
from ice.

We note recent sales of 6,000 lbs. Canada Combing
Wool in Boston, at 67½c. to 72c.; and of 3,000 lbs. in
New York, at 72c. U. S. currency.

THE HUDSON'S BAY TERRITORY.
A Atlantic Cable despatch from London says that
Earl Granville announced in the House of Lords
that the Hudson's Bay Company had agreed to cede
its territorial rights in British North America to the
Crown on the terms proposed; and from Ottawa we
learn that a despatch was received there, announcing
that the shareholders of the Company had sanctioned
by a large majority these terms.
There is no doubt but that the Canadian Govern-
ment will also accept the proposal of the Colonial
Minister, and after the necessary formalities have been
gone through, will enter into possession and proceed to
administer the affairs of this extensive addition to the
Dominion of Canada.

An Italian chemist is said to have invented a pro-
cess whereby wood, cloth and other inflammable ma-
terials are rendered absolutely fire-proof, and which
is free from the objections which attend the use of
other processes. The details are not yet given.
