Mayor Strong, of New York, announces his hearty interest in the movement to reduce the number of saloons in the city. With 7,300 saloons there and only 1,354 in Philadelphia, His Honor does not see why 4,000 should not be the maximum for New York. The closing of 3,300 saloons, he thinks, would be for the benefit of the liquor dealers as well as the public.

FRIENDLY ADVICE.

IS THE MEANS OF RENEWED HEALTH TO A SUFFERER.

Dr. Williams' Pink Pills Succeed Where Doctors Had Failed for Thirty Years—The Sufferer One of Northumberland Co's Best Known Men.

From the Trenton Advocate.

Mr. John Frost's case is a most remarkable one. He is one of the best known residents in the county of Northumberland, being a retired farmer of most ample means, and having financial dealings with hundreds through out the townships. We have known him intimately for over ten years. From him we gleaned the following facts in February last:—"I was born in England and at twelve years of age arrived in Canada with my parents, who settled in Prince Edward county, and remained there for three years. We then moved to Rawdon township in the neighbouring county of Hastings. For thirty years I was a resident of Rawdon, three years I resided in Seymour township and I am at present, and have been for the past ten years, a resident of Murray township. For thirty years I have been a martyr to rheumatism. During that time I have been treated by scores of doctors and found partial relief from but one. I have during the same period tried

Getting into my Rig was Agonying.

innumerable remedies, but all failed to cure me. Scarcely a month passes that I am not laid up, and frequently I am confined to bed six or eight weeks, unable to move hand or foot and suffering untold agonies. Two well known doctors told me one time that I would have to have an arm taken off to save my life. I tell you I have been a great sufferer in my time and I would give anything to find relief. My business causes me a great deal of driving and getting in and out of my rig is agony."

Knowing his story to be true and anxious that Dr. Williams' Pink Pills should have a severe test, we prevailed on Mr. Frost, much against his will, to give them a trial. He got six boxes and commenced to use them. At the start he smiled at our confidence in the pills. We saw him after he had used the first box and he admitted some relief and said he believed there was something in the remedy. He continued their use and by the time he had finished the six boxes he was as sound and proud a man as could be found in five counties. A couple of months have passed since the cure was effected and we deferred giving a history of the case in order that we could see for a certainty that the cure was permanent. We see him several times a week actively attending to his business and at all times loud in his praise of Pink Pills. All who know Mr. Frost know that his word is as good as his bond. Yesterday we said to him, "Now, Mr. Frost, do you really feel that you are cured of rheumatism?" Do you feel any twinges of the old trouble at all?" He replied, "I am cured. The Pink Pills have thoroughly routed the disease out of my system and I feel a new man. The use of the pills has given me new life and I am telling everyone I meet about the cure." Such is the case, and having known Mr. Frost for years the sufferer he was, and seeing him now active, and almost youthful again, the rapid change from suffering to health seems almost a miracle. However, we are not at all surprised, for on all sides we hear of cures effected by the use of Pink Pills. The druggists remark their rapid sale and the satisfaction they give their customers.
