

some errors were no doubt unavoidable, though others it is more difficult to account for, especially such an obvious misprint as "Dr. J. W. Whiteaves," instead of the correct and familiar "Dr. J. F. Whiteaves," in the heading of the review. "Marine Worms" in large type on p. 167 requires elision, as also the figures 428, opposite the word "Brachiopoda." Canadian waters are rich in Invertebrates, but they would be a veritable zoological Eldorado if they harboured 428 species of Brachiopods. The actual number of Brachiopod species is 3, and the Polyzoa 115, the figures 3 and 115 being one line below their proper place. The 9th line, on page 170, states exactly the reverse of the fact and the sentence should end: "the Dog-whelk (*Purpura lapillus*, L.) arouses no such question." It is difficult to account for the statement in lines 20, 21, and 22, that *Litorina rudis* is recorded only for our more northern coast extending into Hudson Bay, unless it is due to the circumstance that the review was based on notes, made while reading Dr. Whiteaves' Catalogue, and the author's statement was overlooked that the species has a widespread abundance as well as a northern distribution. Happily these *errata* do not affect the reviewer's attempt to express the genuine feeling of appreciation with which the publication of the Catalogue will be regarded in scientific circles at home and abroad.

Readers will do well, however, to make note of the following errors in the review:—

- p. 165, line 5—"J. F. Whiteaves, LL.D.," &c., not "J. W. Whiteaves."
- p. 167, line 28—"Marine Worms" to be elided.
- " " 33—"3" not "428."
- " " 34—"115" not "3."
- " " 35—"115" to be elided.
- " " 43—After ARACHNIDA insert "(*Pycnogonida*)."
- p. 170 " 10—"arouses such," to read "arouses no such."
- " " 12—"litorca" not "litorca."
- " " 22 and 23 to be elided and to read "not only for our more northern coast extending into Hudson Bay: but is abundant almost everywhere on rocks, sea-weeds, &c."
- p. 171, line 15—"spitsbergensis" not "spetsbergensis."
- " " 19—"Canadensis" not "Cauadensis."
