Following are the tariff changes in full, announced by Mr. Foster in his budget speech at Ottawa:

"Resolved, that it is expedient to amend section 130 of chapter 81 of the act 19 Victoria (the inland revenue act), as amended by section 4 of chapter 16 of the act 51-55 Victoria, by repealing such section and substituting in lieu thereof as follows 130. (b) When manufactured exclusively from malted barley, taken to the distillery in bond, and on which no duty of customs or excise has been paid, or when manufactured from raw or unmalted grain, used in combination, in such proportions as the Department of Inland Revenue prescribes, with malted barley taken to the distillery in bond, and on which no duty of customs or of excise has been paid, on every gallon of the strength of proof by Sikes' hydrometer, and so in proportion for any greater or less strength, and for any less quantity than a gallon, \$1.72. Resolved, that it is expedient to provide that the foregoing resolutions and the alterations thereby made in the duties of customs and of excise on the articles therein mentioned shall take effect on and after the 3rd day of May instant.

Resolved, that it is expedient so to amend the act 51-55 Victoria, chapter 81, as amended by the act, 55-55 Victoria, chapter 8, so as to provide that under such regulations and

restrictions as may be made by the Governor in-Council there may be paid to the producers of any beet root sugar produced in Canada wholly from beets grown therein between the 1st day of July, 1895, and the 1st day of July, 1897, a bounty equal to 75 cents per one hundred pounds, and in addition thereto, one cent per one hundred pounds for each degree or fraction of a degree of test by polariscope over 7½ degrees, such bounty in no case however, to exceed, in the aggregate \$1 per one hundred pounds.

Mr. Foster, in reading the resolutions said: "For several years before the abolition of the sugar duties we had operations carried on in beet-root sugar-making, and when the duty was removed from raw sugar a bounty equivalent to nearly two cents a pound, about the equivalent of the duty on raw sugar which was taken off, was granted to beet root's sugar, and that has been continued from time to time. It is proposed to continue that for two years. But, instead of giving the two cents a pound bounty, it is now proposed to give one cent a pound by way of bounty and one half cent by way of duty, making the total aid to the beet-root sugar industry one and a half cents per pound."

The following shows the old and new duties compared:

British Finances.

The British Chancellor of the Exchequer in his budget statement estimated a deficit of £319,000, which would be converted into a surplus of £181,000 by the reimposing of a duty of 6d. per gallon on beer. The only other proposal was to abolish the extra 6d. duty on spirits, which was imposed last year and which proved unsatisfactory. In regard to last year's budget, there was a surplus of £776,000 instead of the estimated sum of £291,000. Tea receipts were £3,700 and the tobacco receipts \$136,000 above the estimates. Sir William Harcourt said that the returns generally showed that the condition of the masses improved slightly in 1891. There was a less sum paid for consumable commodities imported. The British national debt now amounts to £660,000,000 or a reduction amounting to £100,000,000 in twenty years.
