### SERMONS TO YOUNG MEN.

**O**N Sunday, 11th Nov., sermons to Young Men were preached in 32 of our city churches. It was with grateful hearts we noted the ready response given by our pastors to the circular issued, and we here record our thanks to them, and trust that blessing may follow their presentation of the truth as it is in Jesus. We may add, that but for previous engagements our list would have included many additional names.

### EVANGELISTIC SERVICES.

**A**LL our regular meetings, with exception of the Young Men's Monday evening Bible Class, will be withdrawn during the two weeks of Evangelistic services. We shall find plenty of work for all our Brethren in connection with these services. Before the meetings they can help by distributing invitation slips, and we hope that God by His Spirit will have prepared many hearts during the service to receive words of counsel from workers in the after meetings.

Come one and all.

PRAY—WORK—PRAY.

### PARLOR LECTURES.

**L**ACK of space in our last issue prevented us from noticing Mr. Spence's admirable lecture on "The Science of Temperance," delivered in our parlor on Tuesday, 6th inst. There was a large attendance of Young Men, who were not only interested but much benefitted by the lecture. We hope to secure Mr. Spence's services again ere the close of the season.

### EVANGELISTIC SERVICE

EVERY NIGHT,

AT 8 O'CLOCK,

IN SHAFTESBURY HALL.

COME.

I have gone astray like a lost sheep.

Psalm cxix. 176.
