

The Spectator

A WEEKLY REVIEW OF POLITICS, LITERATURE, THEOLOGY, AND ART.

ESTABLISHED 1828.

The Spectator

which circulates throughout the educated classes in the United Kingdom, the Empire, and America, has the following among other features:—

The news of the week is compressed into an animated narrative, and thus readers of the paper are insured against missing the true bearing and the essential details of current events.

The leading articles deal in an independent and unconventional spirit with the chief matters of political, economic, and general interest.

Other articles treat of literary, theological, social, and artistic questions, and discuss interesting and curious aspects of natural history and country life.

The Spectator

contains a List of all Books published during the week (not under one shilling in price), with the names of the publishers and the prices attached; a feature which will greatly increase its value to booksellers, librarians, literary institutions, and private persons.
