The experience of the trade this year is exceptional, and altogether different from that of previous seasons; dealers generally did not anticipate the active demand that has just recently sprung up for certain kinds of goods, principally foreign furs. Country dealers, through waiting to ascertain whether or not the they could find buyers, have deferred their orders until too late, and the facilities for manufacturing are not now equal to the demand. A much larger business might be done yet this season if the goods were in the market, or if the raw material with which to make them was in this market. Stocks of manufactured furs here are generally small, and are being steadily reduced in filling orders received by letter. Prices for raw furs are very firm, and for some kinds have advanced. The retail trade are paying at present for skunk skins, 50 per cent higher prices than those quoted below,—as high as \$1.25-but it will be only for a short time, while the increased demand for winter

### THE CATTLE MARKETS. St. Gabriel.

Monday, Dec. 1. The cattle trade here is becoming less active from week to week now that navigation is closed, and all shipments have to be made from Halifax and Portland, but more especially since the farmers and stock raisers commenced to stallfeed their best stock for the Christmas trade, which leaves very few choice animals to be offered on the local markets. During the week ending to-day the arrivals at Point St. Charles consisted of 29 cars cattle, 10 cars hogs, 2 do sheep and 1 of lambs, and 1 car horses,—all for the Montreal mar-kets; no stock having arrived for shipment to Europe.

At St. Gabreel market this morning there was a poor demand for cattle, although the quality of the stock was comparatively good; prices ruled steady at about last week's quotations. The offerings comprised about 12 cars cattle and 7 carloads hogs, as follows:— Geo. Patterson, Guelph, 1 car cattle; William Kendall, Kingston, 1 car do: Geo. Vanallen, Morrisburg, 1 car do; A. Moodie, Brockville, 1 car do; R. Jones, Mitchell, 1 car do; M. Garcar do: Hugh l ronto, 2 cars do; John Collins, Hastings, 1 car do; W. A. Gunn, 1 car do from the Don; L. M. Sparks, Ottawa, 1 car do; T. Sparks, Ottawa, 1 car do; John O'Donnell, Rockwood, car hogs; Dan Cochlin, 3 cars do from Parkhill, Glencoe and Bothwell; J. C. Cochlin, St. Thomas, 2 cars do; P. O'Rourke, Stratford, 1 car do. Jas. Convey, of Hastings, Ont., sold 38 head extra choice hogs, averaging over 400 lbs. each, to W Morgan at \$5 per cwt. J C Coughlin sold 250 head bogs at \$4.55 to \$4.571. Hugh Kelly, Toronto, sold 5 head cattle at about 3c per lb. A few other small sales were made at 23c to 4c per lb live weight. With the exception of Mr. Convey's sale, the range of prices paid for hogs to-day was from \$4.50 to \$4.65 per cwt.

AT VIGER MARKET

Tuesday, December 2. At Viger Cattle market this forenoon 50 head cattle, chiefly the leavings of yesterday, 67 lambs, and 3 milch cows were offered for sale. There were very few butchers in attendance, and the demand was poor. A few small sales of cattle were reported at yesterday's prices; one milch cow was sold for \$43, and the whole of the lambs were bought by Mr. S. Jasmin, of this city, at \$3 each. This constituted all the business done up to noon.

During the week ending to-day the receipts of hay and straw at College street market have re-ched 700 loads, against only about 300 loads for last week. The bulk of the hay offering is still reported inferior, while the demand for first-class Timothy is still good at \$9 per 110 bundles of 15 lbs each. Common qualities bring \$8.50 and upwards. Prices for straw remain steady and unchanged at \$4 to \$5, and occasionally \$5 50 is paid for 100 bundles of 12 lbs each. The supply of pre-sed hay now offering is also good, and prices range from \$9 to \$10 per ton for small lots, and \$7.50 to \$8 do for car loads and large lots generally. Pressed straw bring- \$6.50 to \$7 per too, but the demand for pressed fodder is reported light, as yet.

### Food as well as Medicine.

Most people think as they swallow Cod Liver Oil they are taking medicine. In one sense they are, for anything that tones, heals and invigorates the system is medicine. But Cod Liver Oil is the finest food as well as medicine. It not only tones and heals, but nourishes. It will save the consumptive, restore the dyspeptic and build up the baby weaking, when all other remedies fall, and combind with the Hypophosphites as found in Scott's Emulaton, It is most wonderful as well as agreeable remedy.

### REPUDIATION.

Montreal as a city never can, or at least never should expect permanent prosperity until she pays the \$10.000 she owes to the sufferers by the fire at \$1. Johns. Any person who has observed the effect of the action and re-action on men's transactions will know this. The refusal to pay this debt, or to fulfil the promise, is a blot on the city, and must be wiped out.

Just what may be expected from a city where most of the leading business men have encouraged and even used a system of not only deception but downright frand for years. What greater fraud can there be than for men feeing these misreporting American Agencies and having themselves rated to be worth large capitals just to enable them to get the money of bank shareholders under false pretences? well knowing that they had been insolvent for years.
