MARTINI EXTRA AGGREGATE.

One prize of a best quality Jeffery Martini-Henry rifle, silver mounted, presented by Lt. Thos. Mitchell, 12th Batt., awarded to competitor having the best aggregate of one score each of the four Martini extra series:

In this competition there was a tie at 110 points between Lt. Thomas Mitchell, the giver of the prize, and Lt. J. L. Weller, 59th, which was shot off with the result that Lt. Mitchell won his own prize with a score of 22 to 10.

REVOLVER MATCH.

Revolver not less than 32 calibre; range, 25 yards; position, standing, off hand.

Lieut. Crooks, Q.O.R.....	38
Sergt. McLaren, Q.O.R.....	37
Lieut. Miller, Q.O.R.....	37
Pte. Murdoch, 13th.....	36
Major Sherwood, 43rd.....	35
Lieut. Elliot, 12th.....	34
Sergt. Thompson, 12th.....	32
Tpr. A. Langstroth, 8th Cav.....	31
P. O. Isaacs, H.M.S. "Blake"...	31

THE COMPETITORS' MEETING.

According to time-honored custom, the annual meeting of competitors for the ventilation of grievances, real and supposed, was held in the large council tent on the ranges on Tuesday evening. The chairman of the Executive Committee, Lieut.-Col. White, presided, and Lieut.-Col. Bacon acted as secretary. There was a large attendance of shooting men, the tent being completely filled. The chairman opened the proceedings by inviting suggestions from those present.

Capt. Rogers, 43rd Battalion, expressed a hope that more wind-flags would be placed on both sides of the range to indicate the power of the wind.

The chairman said the suggestion was a good one, and would be attended to without delay. He quite agreed that on no range in the world did the wind blow from so many quarters at once as it did on the Rideau ranges. (Laughter.)

Lieut. Pringle, 10th R. G., brought up the old question of the quality of the ammunition. He thought it hardly fair that when riflemen had been practising with 91 ammunition all summer they should have 92 ammunition all served out to them at these matches.

The chairman said he was assured

by Col. Panet, Deputy Minister of Militia, that the same powder was used in the 92 ammunition as in 91.

Staff-Sergt. Dent, Royal Grenadiers, said he and other competitors had examined the ammunition and it was noticed that the grains of powder were not even in color, some brown grains being noticeable, although the regulation color is black.

Lieut.-Col. Panet, Deputy Minister of Militia, assured the competitors that the powder was the same as used last year. It was English powder, carefully tested in England, and again at the cartridge factory. He suggested the formation of a Board to hear all complaints of this kind and examine the quality of the ammunition before the matches. He would, however, call the attention of the superintendent of the factory to the fact alluded to by Sergt. Dent and Lieut. Pringle. This year's ammunition (1892 brand) was served out because it was asked for.

Capt. Rogers remarked that the markers had been heard to say that in many cases the bullets had entered the targets sideways, proving something to be wrong with the bullet.

Lieut.-Col. Pennington Macpherson said that as one of those who scored badly this year, he could assure the meeting that to clean his rifle he was obliged to use methylated spirits, so badly was it fouled.

Staff-Sergt. McVittie, an old shot, had experienced the same thing.

Major Clarke advised the use of the newest and best powder obtainable, and would have it tested before the D.R.A. meeting by a competent committee.

Lieut.-Col. Wright thought there was something wrong with the rifle itself. When you go beyond 500 yards, he said, you are outside the competent range of the Snider. It is time anyway to do away with the Snider and use the Martini-Henry exclusively.

Lieut.-Col. Hood corroborated the reports as to bad powder. One sighting shot fouled his rifle so that two succeeding shots at 600 yards fell two hundred yards short of the target, and it took the armourer an hour to clean the barrel. He deprecated the continued use of the Snider rifle, and hoped this would be the last meeting at which it would be used.

Major Hughes, M.P., Lindsay, stated that Canadian riflemen going to Bisley were seriously handicapped from the fact that nearly all the home matches were shot with the Snider. He favored the adoption of the Martini-Henry.

After remarks from Major Clark, Major Mason, Staff-Sergt. Henderson, Major Hartt and others, Pte. Burns, 62nd, St. John, N.B., moved, seconded by Staff-Sergt. Dent, "that the council of the D.R.A. take proper measures to ascertain the quality of the ammunition before adopting it for use at the annual matches."

The resolution was carried unanimously.

Lieut. T. Mitchell, 12th Battalion, moved: "That in the opinion of the meeting, Martini-Henry rifles should hereafter be used entirely at the annual meetings of the D.R.A." In making
