

# THE LATEST IMPROVED FURNACES

In Canada or United States.

## ECONOMY WROUGHT STEEL FURNACES AND ECONOMY STEAM and WARM AIR COMBINATION.

The most perfect Heater in the world for Warming and Ventilating large Dwellings, School Buildings, Public Halls, &c. It is simple in construction, easily managed, economical in Fuel, and costs much less than any Heater in the market of equal capacity.

This engraving represents our Economy Steam and Warm Air Combination Heater, with parts broken away to show internal construction.

Our Warm Air Furnaces give better results with less fuel than any others in the market, and live dealers throughout the Dominion, who are in want of the best and most saleable, should secure the Agency for our Heaters.

Descriptive Catalogues furnished on application, with price lists and trade discounts.

Estimates given for Furnaces complete, with Registers, Pipes, &c., on receipt of plans, where we have no agency.

A complete line of the Tuttle & Bailey Mfg. Co.'s Registers, in Black Japanned, Gold, Bronze, or Nickel Plated, at wholesale prices to the trade.
