

# What is Good Oil?

*A good motor oil is an oil so entirely free from impurities that it gives the greatest service in eliminating friction at the lowest possible cost.*

And that exactly describes En-ar-co—the oil of guaranteed purity. For more than forty years En-ar-co has been proving its superiority to Canadian Farmers. You can depend on it to provide thoroughly efficient lubrication for your car, truck or tractor. It makes an unbroken film of oil between all moving parts. It does not clog or quickly wear away. It takes care of the enormous heat encountered in the cylinders.

**En-ar-co**  
SCIENTIFICALLY REFINED  
MOTOR OIL

Get En-ar-co Motor Oil—it saves your motor and your money—because it goes farther than ordinary oil. Try it. Wherever you see the En-ar-co Boy and Slate sign you can get En-ar-co in barrels, drums, half-drums and smaller quantities. Or, let us tell you more about En-ar-co.
