

III EXCHANGES IN THE FIELD OF PUBLIC HEALTH, MEDICAL
CARE DELIVERY SYSTEMS AND BIOMEDICAL SCIENCES

Both sides agreed:

1. To encourage and facilitate exchanges of specialists and scientists in the fields of public health, medical care delivery systems and biomedical sciences;
2. To encourage exchanges of books, publications, periodicals, and other available information in the fields of public health, medical care delivery systems and biomedical sciences between libraries and appropriate institutions on the basis of reciprocity.
3. The Canadian side informed the Soviet side of the Quebec Government proposal to send to the Helmholtz Ophthalmological Institute of Moscow in 1987 or 1988 Dr. Jean Milot, a specialist from Sainte-Justine Hospital, to study the treatment of retinitis pigmentosa and to host a return visit of a Soviet medical specialist. The sending side agrees to pay international travel and the receiving side, accommodation and living expenses.
