Empress of Scotland

Sept. 13, 1922.

Dear General Currie,

My old friend Amery has given me the enclosed letter to you.

If not trespassing too much on your time I should greatly like to see something of McGill as I am an original member of the Council of the Birmingham University.

My wife and I will be at the Ritz Carlton between the 16th and the 20th of this month and probably again towards the end of October. If there is any chance of meeting you during either of those periods perhaps you would kindly send me a line.

Yours very truly,

Neville Chamberlain.

Gen. Sir A.W. Currie,
