Dear Sir Arthur:-

I received some time ago your letter of February 5th., with a copy of the Memorandum which goes to the Prime Minister of the Province on behalf of the Royal Institution for the Advancement of Learning for the purpose of justifying the application for financial assistance provided for in the proposed Bill which came at the same time.

I have had the Bill copied as well as the extract of your financial statement, so that each of these documents may be in the hands of the Committee a few days before the next meeting.

I think that your Memo which was addressed to the Prime Minister should also be placed in the hands of the members of the Committee because it is, at the same time, historical and argumentative. I did not feel like sending a copy of this document to the members of the Committee without your consent, principally because of the fact that it is addressed to the Prime Minister. I would suggest, however, that you have the necessary alterations made and about twenty-five copies prepared for the use of the members of the Committee. The fact is, our office staff is extremely busy just now because of the extra work of the Session, and I should be glad to escape the making of these copies.
