Star Life Assurance Company,

CHIEF OFFICE, 44 MOORGATE STREET, LONDON.

CAPITAL, £100,000, Sterling.

Ninety per cent of the profits divided among the *Policy holders*, entitled to participate, without reserving a large proportion of said profits for *future division*, as has been done by one London Company.

Policies at this Agency, on which three annual Premiums only had been paid, had a Bonus added to them of upwards of 60 per cent, on the amount paid in—the class of persons hitherto insured the “Star,” being generally regular living and temperate persons, the average number of deaths have been found 21 per cent less than had been allowed for, and the rates will be found low, if not lower, than other Companies.

On Policies for £500 or upwards, for the whole term of life, the parties have the privilege of a credit for one half the amount Premium, for the first five years.

The restrictions and privileges in this Society are as favourable as any other Company.

The attention of the public, and particularly of the Wesleyan body in this Province, is requested to this advertisement; it being positively the duty of every person, (having others dependent on them) to insure their lives, and so uncertain is life and health, that delays are often found to be most disastrous. The only time to insure is while health is enjoyed.

Prospectuses and all necessary blanks, furnished gratis, by the Agent at Halifax.
