INVESTORS ARE TIMOROUS.

World Office, Monday, July 9. Local investors are excessively timorous just now. They are tempted to some extent by the prices of sundry listed stocks, but they are troubled with a foreboding of impending trouble and cannot shake off the incubus. Just why the feeling comes no one can give a confident energy but the continent is extent and in centre. not shake off the incubus. Just why the feeling comes no one can give a confident answer, but the sentiment is extant and is easily distinguished around the corridors of the Toronto Wall-street. In to-day's market it did not seem so difficult to hold prices, and there was no great amount of realizing. What was, however, plain, was the small amount of speculation forthcoming, after the incipient rally from a rather lengthy decline. In such specialties as Twin City and Mackay the dealings were of a small calibre, and even here buying failed to make any marked impression on quotations. It is not unlikely that the larger interests are keeping a constant eye on the European financial centres for an indication of anticipatory operations. The London stock market is unexplainably heavy, and steadily refuses to adopt a buoyant tone. Time money at New and steadily refuses to adopt a buoyant tone. the police and military patrols. Street cars were held up and their occupants were compelled to uncover and satute the red flags.

The most serious affair happened near the Moscow rateroad station, where an officer, later identined as Lieut. Tom. made a revolutionary speech to a crowd of 2000 people. A detachment of police attempted to disperse the assemblage, but the people armed themselves with stones dug up from the streets, and beat off the police and squadron of Cossacks. Eventually the Cossacks were reinforced and fired a blank volley in the air, whereupon the rioters fled to neighboring courts. Only a few persons were slightly injured Lieut. Tom was arrested and taken to the fortress. Drop From 15 to 30 Cents Cwt-
