## WHEAT OPTIONS STRONG OTHER GRAINS EASIER

### Steady Advance Being Worked In Wheat Futures at Chicago --- Cables Steady.

World Office, Saturday Evening, June 22. Liverpool wheat and corn futures closed to-day unchanged from Friday. At Chicago July wheat closed 1-1/2 higher than yesterday; July corn 1-3/8 lower, and July oats 1-8c lower.

Chicago car lots to-day wheat 11; contract 9; corn 10; oats 14.

Winnipeg car lots wheat to-day 190; year ago 85.

Primary receipts to-day wheat 455,000; shipments 275,000; week ago 470,000; year ago 270,000; 254,000; corn to-day 1,088,000; week ago 1,300,000; 715,000; year ago 716,000; 461,000.

Australian wheat shipment this week 272,000; last week 208,000; last year 272,000; Indian wheat this week 376,000; last week 304,000; last year 672,000. Broomhall predicts there will be a good decrease in quantity of breadstuffs on passage.

Chicago: Think the trade needs to keep those watches on spring wheat sales, as even moderate injury to that crop, which is already seriously late, will mean a high price level very soon. Logan & Bryan.

Ware & Leland say the winter wheat situation still reflects deterioration to an extent that warrants the belief that there will be no rush of new grain to market in the southwest with mill principal buyers and operating against accumulations at large storage points. From all indications the European outlook for wheat is not one of great promise either in the United States or Canada Northwest, for the crop is from two to four weeks late and will require the most favorable conditions from now on until harvest. European demands are such that large quantities of arrivals vanished into a quick disappearance act occasioned as it were by a recognized foreign shortage of nearly 300 million bushels. This certainly reflects a most bullish position.
