TORONTO'S SAILING CLUBS.

Too Many of Them Here for Their
Own Welfare.

An Amalgamation Suggested—Why Don't
They Follow the Example of the Big
Yacht Clubs set a Few Years Ago?

Victorians in the A. Valuable Yacht-
ing Encyclopedia.

The Toronto Yacht and Sailing Clubs
are taking a pattern from the Toledo
clubs, and amalgamating some of their
clubs, and canoe club should be enough for a city
the size of Toronto. This would eliminate
the better feeling in aquatic matters and
further encourage racing. This idea
it would work out a project of this
kind, it would not only increase the mem-
bership, but put them all on a better finan-
cial basis, and they could then have large
palatial club houses, with better accom-
modation for their members. This idea
has been successfully carried out in other
cities. With so much competition and ex-
pense, it is not surprising that the clubs
are trying to reach the top at the others' ex-
pense, as one gets there. When the season
next year it is to be hoped that some
amalgamation will be made to con-
solidate the different branches of sport on
the water-front.

The club which could well follow the ex-
ample set by the two big yacht clubs a
few years ago, when the Toronto and
Royal Canadian were made one, eaching
it is joined with regret. The Rev. C. E. Whitcombe,
commander of the Victoria Yacht Club of
Hamilton, met with an accident last week
that may confine him to his house for sev-
eral weeks. He will be greatly missed
at the banquet next week.

The National Yacht and Sailing Club will
have a card party and concert on Friday
night at their club house. A good time is
expected for those that attend.

THE BASEBALL OUTLOOK.

Charlie Maddock Has the Capital to Put a
Club in the Canadian League—A
Meeting Soon.

It will be interesting to know that the
veteran Charlie Maddock has been suc-
cessful in securing sufficient subscrip-
tions with which to launch a club on his journey
to the Canadian League. Mr. Maddock has
been interesting himself in the new scheme
ever since it was mooted. Baseball is his
game, and he has been working hard to
bring it to the front. He has been in the
Canadian Association. Charlie work-
ed in the new league, and he would not be dis-
satisfied, and would surely have a winning
team. He has been in correspondence for
some time with President Strout of Ham-
ilton, who will get the bulk of the credit
for carrying the club. The club is in the
proposed organization are Hamilton,
Toronto, Guelph, London, St. Thomas and
Windsor. All are good ball towns, and
would each support a club in such a
league. It is gratifying to note that the
correspondence, as far as it has progressed,
indicates the formation of the league, and
it would appear that an early meeting of
the old league officials, together with rep-
resentatives of the proposed new clubs, should
be held, that the matter might at-
tain some tangible form. There are ball
players to be signed, and this is the sen-
tinel of the year when the managers across
the border have their search-lights out for
players of prominence and likely costs, and
the Canadian clubs must have good play-
ers capable of putting up a satisfactory
quality of baseball in order to make the
game attractive to the general public. To-
morrow probably has had enough of the In-
ternational League, and a team from that
city in a purely Canadian Association
would become a popular feature, and do
much to revive the sport in the Queen
City.

ON THE FOOTBALL FIELD.

Hamilton's Young Tigers Getting Ready
for Their Final Game in Kingston.

Hamilton, Nov. 4.—Hamilton's hope for
glorious football honors, the Young Tigers,
had a splendid practice yesterday after-
noon.

Almost every member of the team was on
hand, and a strong fifteen lined up against
them, including Southern, Dewar, Martin,
Wylie, Barker, Billings and other seniors.
The juniors showed good form, and should
be at their best to meet the Granites in
Kingston next Saturday.

But to win there must be more attention
paid to tackling and holding the wings.
It is in these particulars that the juniors
are weak, and the rest of the week should
be devoted to practice on these lines. The
weakness has been pointed out before, but
there was no improvement shown yester-
day.

FOOTBALL KICKS.
The gate at the Varsity-Queen's game on
Saturday has been given out at \$805, a
small amount considering the size of the crowd.

The betting on Saturday's game, Lorne
v. Brockville, is slightly against the Lornes
and few bets at 5 to 6 have been re-
ported.

The Senior Crawford Football Club
will be here on Saturday next to battle
with the Lornes for the championship of
Ontario. It now looks as if the Lornes
would hold the cup in Toronto for another
year. Crawford's men are all in
good condition, and with such men as
Clayton, Watson and McLaren, who have
all played on senior teams, should give a
good account of themselves.

STARTLING IMPROVEMENTS IN
King
of
Scorchers
This make of wheel will have many
marked changes in its 1897 models which
will go far to make it one of the finest look-
ing machines on the market. As everyone
knows it is an English machine, built ex-
clusively in Coventry, and not put together
here as so many so-called English wheels
are. It is also one of the most costly
wheels made, every separate part being of
the finest material and workmanship that
can be obtained. This machine will retail
at \$110.00 in 1897, same as this year, and it
enjoys the reputation of being one of the
few wheels that held its price all season.
