The Unity of the Bible.
This was again the subject of Bishop Sullivan's sermon at St. James' Cathedral yesterday. The unity, he said, was marvellous throughout 66 books, the work of different writers, whose lives covered a period of 1500 years. It could only be explained on the basis of a common supernatural guidance. Next he referred to the homogeneity of the Bible. The truth could not be disputed, though it had been passed under the scrutiny of the keenest scholars for hundreds of years. It was a book which had no fears, which asked no favors, and which never succumbed to flatteries. It threw no veil over the shortcomings of its favored characters.

Charge of Felonious Wounding.
Vincento Santillo, 108 Centre-avenue, has a bad cash in his arm that required 13 stitches, and he had caused a warrant to be issued for the arrest of a fellow countryman named Francesco Leoni, whom he charges with felonious wounding. The cut was inflicted with a razor during a dispute over the ownership of a pick.

Woodbridge, March 24.—J. W. Frank's hardware store was burglarized here last night, and about \$25 worth of knives, razors and revolvers were taken, besides \$6 out of the till. The thieves gained entrance by breaking the glass in the door.

BANK ROBBERS DRIVEN OFF.

Western Bank at New Hamburg Attacked—Burglars Retreated After an Exchange of Shots.
New Hamburg, March 24.—The branch of the Western Bank of Canada here was attacked by burglars about 2 o'clock this morning. Tools were stolen from Beger's blacksmith shop.
After effecting an entrance by the front door, they blew out the combination of the vault door.
The explosion alarmed George Sterling, a young bank clerk, who sleeps in a room directly over where the burglars were at work. In the floor of this room there is a round hole about eight inches in diameter, left open for the purpose, and Sterling fired through the hole first a revolver, and then a Winchester rifle. The burglars fired back at him. Then they beat a retreat, firing several shots at the bank windows from the outside.
Nothing was taken from the bank. The tools were left behind. No arrests have been made as yet.
There were three men in the gang.

THE ROBERT SIMPSON'S

Canada's Modern Departmental Store

**Up-to-Date
In Everything**

The large idea that controls this business is that goods must be new and worthy, styles for the most part exclusive, facilities equal to the best and everything about the place thoroughly up-to-date. The relation of this store to the community is such that we can't afford to be backward about anything. Fast as new goods and new ideas present themselves we intend to know it. It's the business of our managers to know their markets, and with smart men constantly on the lookout we can keep in line with the biggest stores everywhere, and set an entirely new pace for the trade of Toronto.

The inspiration of this business is from way back, but success is of the present. No competing stocks of dry goods in Canada are so crowded full of new, fresh ideas, and preparations for larger trade have been ideal. Wish everybody knew how much really has been done by way of improvement. But shoppers know by actual comparison that new styles show themselves here first and that money's worth is bigger in proportion as the business grows.
