HAMILTON DECIDES TO OUI.

Stormy Special Meeting and the Original Resolution Was Sustained.

PRESIDENT COUNSELL RESIGNS.

Grievance Against the Union Executive Committee—Notes of the Game.

Hamilton, Oct. 24.—(Special.)—There was a stormy time at the special meeting of the Executive Committee of the Hamilton Rugby Football Club to-night, held to reconsider the decision to resign from the Ontario Rugby Football Union.

The meeting was held at the residence of Mr. H. Leggett and J. L. Conquest, president and captain respectively, fought hard to get the decision reversed, out of the hands of the majority who were in favor of the resignation.

Some hard words were said about the union's executive, and much about the resignation in connection with the match between the Argonauts and the Tigers last Thursday.

The referee, who was from Toronto, appointed six out of seven officials from Toronto. Mr. Conquest tendered his resignation. It is felt by some of the fans that Rugby football is killed.

Rugby Football Gossip.

Hardly has not yet been able to turn out since yesterday.

Captain H. Leggett is not in uniform for days, but coaches his men from the touch line.

The Argonauts were out in good force yesterday, and the majority were interested players.

As it is now nearing the annual meeting of the O.R.F.U., a current candidate are beginning to plug for proxies.

The Tigers are now certainly out of the union, and this gives Ottawa another win.

The Argonauts claim that Hamilton beat them on the game Saturday, and that the referee will be settled in favor of the O.R.F.U. Committee meeting.

The committee are certainly doing all in their power to reach the championship on Saturday, and a means of getting square over the Elliott case, as they consider the referee's decision a big blot on the eyes of the players' suspension.

The Argonauts will be the same as appeared in Saturday's game, and from their work on that occasion they need no further encouragement.

Saturday should be one of the best and most interesting games yet seen in the crowd is expected to be on hand to cheer the players on.

Stratford, whose playing is to be the equal of Hamilton's, will probably be in the front line in Saturday's game.

As yet it is not known whether the referee will be settled in favor of the O.R.F.U. Committee meeting.
