book surplus at the same time was placed at \$1,090,000. This surplus may be enlarged by the favorable balances of the separate members of the concern, which at the beginning of the year were stated to be a substantial sum. The firm had on deposit the sum of \$240, 600, distributed among three or four hundred separate accounts, according to Mr. Malace is president, and John W. Eedy, managing director, has been looked upon as a safe institution, and hundred separate accounts, according to Mr. Malace is president, and John W. Eedy, managing director, has been looked upon as a safe institution, and lo are pledged ,irrespective of any addi- mechanics.

Some of our New York and Boston correspondents finding the margins on our accounts insufficient thru our having been unable to respond to their last calls, resulting from the final declines, and having received notice of the suspension of payclines, and having received no-tice of the suspension of pay-ment, proceeded to sell a con-siderable quantity of stock. These sales we had to put thru for clients' accounts where their margins had been nearly or quite exhausted. These forced sales are now out of the way, and we believe that the disposition of all those who are carrying securities for us is market, but to give us a reasonable time to deal with them. Notifications are now being sent to our clients indicating the securities carried in their a their paying us the amounts ow ing upon them, or such further amounts, if any, as may be found necessary to secure release of the stock from lend efforts to get their stocks for

The firm's liabilities at the end of last month were \$10 -140,000, with a book surplus in the business of \$1,090,900 To this surplus is to be added the ployed as capital in the business comprising a somewhat substantial total. From this, however, must be deducted such losses as the firm have suffered since the end of their year, on January 15th last, thru shrinkage in value of securities owned by themselves, and thru losses arise some of the recent heavy declines. pay all creditors in full, and feel that they will be able to do so if left free from attack, and if as they feel satisfied will be the case, the banks and corporations carrying their securities will facilitate matters in their own and the general interests, as well as thru such reasonable indulgence as they may be posed to grant on account of the firm itself, with whom their re-lations have always heretofore

The savings deposits amount to \$240,000. The necessity for suspension having been impending before the opening of business yesterday morning, the teler was instructed to put to one side any deposits made during the day, A few of these were made and will at once be re-

Some clients took up their stocks today, and with the forced sales made yester-day, as above referred to, the liabilities are already reduced to, in round Clients taking up their stock will us, and, in the cases of such clients as may have their shares margined to a lower point than that which we can secure release of their shares from the lenders, they will need to pay the additional amount necessary, remaining, in the meantime, our creditors to that extent. In this way, as in every other way, we will show absolute impartiality as between all creditors, so that there need be no fear that any credi-tor will have preferential treatment. The plan upon which we are proceeding will result in a speedy simplification of our balwithin a comparatively short time in a position to make a proposition to our creditors. Regarding the Atlas Loan Company, of whose suspension of we regret to have arned, the firm hold no shares in that company. The Loan Company owns some securities which we have been carrying for them them, and our suspension, coupled with the knowledge that our partner, Mr. Wallace, is president of the company, created apprehension as to its posi-tion, resulting in sudden de-mands which they were unable to meet. The Atlas Loan Company is the only institution oc-cupying a like position to the

firm, so that we have no appre-hension that any other will be Continued on Page 2,

A Black Man and a White Man

Tragedy.

Wanted for the Collingwood

est ranger, and worked five or six months in the year. The rest of the year was holiday season without sai-ary. He recollected being sent to Midland in 1898 to collect dues from lumbermen. He got \$3 a day for four days on this trip. There was no by-election on at the time.

Mr. Lucas had the public accounts to show that the captain worked 153 days

SEEN ABOUT ON DAY OF THE MURDER

Thought to Be Heading for the United States_Inquest is Again Adjourned.

Collingwood, June 3. — (From Our Man on the Scene.) — The mysterious

province to believe that story—that stupid and absurd story?"

This was the polite query Col. Matheson conveyed to the ears of Capt. John Sullivan, who was in the witness box before the Public Accounts Committee of the legislature on Wednesday morning. The captain was puzzled for a province to believe that story—that stupid and absurd story?"

Mr. Lucas had the public accounts to show that the captain worked 153 days for the department in 1899, and the captain story that the captain worked 153 days for the department in 1899, and the captain worked 153 days tragedy in which Glory Whalen lost? The last week now involves very conclusively two men, and the solution with the government. Was he not a warm supporter? The captain acknowledged he was a supporter. In love with the government's development policy?
Not altogether.

In love with the government's development policy?

Not altogether.

tails are withheld by the detectives, enough has been made public to indicate that the puzzle is very rapidly ed that he would make himself clear to the questioner if he was outside, and he pounded the table vigorously with his fist. Further questions the captain refused to answer until the colonel should apologize.

Not altogether. The captain was asked on what points he did not see eye to eye with the government, when Chairman Graham interfered. He said he wanted to give interfered. He said he wanted to give ample latitude, but that latitude had been abused, and he was going to see that the puzzle is very rapidly being unraveiled. The two men are tramps. One is a big black negro, and the other a slender white man. They are making desperate efforts to get into the States, and, unless they have been arrested to night at Gananoque, been arrested to-night at Gananoque, lively one. When the captain threw down the gage to the colonel, there was a burst of applause, Frank Sullivan leading the Liberal cohorts in appreciation of the captain's act. The chairman mildly protested against the back talk, and there was no curb on the looseness of both sides.

Cap. Again in the Box.

The examination of Capt. John Sullivan was continued by Mr. Lucas. The first question had to do with the captain's question had to do with the captain's night at Gananoque, will probably get into New York State. Good descriptions have been sent broadcast of the supposed murderers, and their escape is impossible. There is sufficient evidence to cause their arrest and extradition, and the police believe they are in a position to make out a strong circumstantial case, even the interruptions were hints in the nature of the "Can't you forget" suggest that Capt. Sullivan was a confidential agent broadcast of the supposed murderers, and their escape is impossible.
