"Pride Goeth Before a Fall."

Some proud people think they have strong constitutions, and ridicule the idea of disease. Such people neglect their health, let the blood run down, and their stomach, kidneys and liver become deranged.

Don't be foolish about your health. Use Hood's Sarsaparilla and you will prevent the fall and save your pride.

Scrofulous Hip Disease - "My boy Willie had scrofulous hip disease from a baby. Abscesses developed. Months at the hospital, with best treatment, did no good. They said he would never walk again. He was helpless and wasted away to nothing but skin and bone. Hood's Sarsaparilla had helped me, and I gave it to him. Imagine my delight at a wonderful change. Abscesses all healed, crutches thrown away. He is now tall and stout, perfectly well and the thanks are all due to Hood's Sarsaparilla. Other mothers with crippled children should know this." Mrs. EMMA V. DUFF, Walpole, Mass.

Nervousness-"I was weak, nervous and very delicate, staggered in attempting to walk. Hood's Sarsaparilla and Hood's Pills made me well. I feel like another person." Mrs. Lizzie Sherbert, Conduit Street, Ext., Annapolis, Md.

Dyspepsia-" We all use Hood's Sarsaparilla. It cured my brother-in-law and myself of dyspepsia. I owe my life to it." M. H. KIRK, 607 Franklin St., Philadelphia. Hood's Sarsaparilla

WEEKLY.

The deliveries of grain were poor this week, owing mostly to bad roads and stormy weather. In looking over today's values, and comparing them with those ruling a week ago, we find the only changes in grain are in oats and wheat. Both of these lines were lower during the week than at closing, but have not fully recovered the am-

ount lost. In butter and eggs we see little change, 11c to 12c being the ruling wholesale price for the latter, and 17c to 18c for pound rolls. Butter, in basket and retail lots, sold to private parties, have in some cases brought 1c over these prices, but it only occurred

Chickens, ducks and turkeys have been very scarce, and sold at quite fancy prices. Potatoes sold at 85c to 90c by the load, and 95c to \$1 by the bag.

Meats were steady; the supply was

Hides and skins show no alterations. Hay went up kiting early in the week, and has remained steady, at the advance. Closing values were \$8 to \$9

Negotiations Regarding Newfoundland and Madagascar-Armor-Piercing Shells.

London, March 29.-It is announced that the deficit in the British budget, which has occasioned so much controversy and comment, will, on the final showing, prove to be less than £1,000,000, instead of £5,000,000, as was stated. This means that an increase in taxes will not be required.

The owners of the British steamer Wolviston have been awarded £5,000 salvage for towing the Cunard liner Pavonia into St. Michaels.

OLD AGE PENSION SCHEME. Premier Seddon, of New Zealand, when at Dunedin recently, was presented with an address in recognition of his services in passing the old age pension scheme. The premier, in reply, said the scheme would not cost more that £150,000 yearly. So far 9,015 claims had been registered, and 2,875 granted. The total granted would be 8,000, which would bring the cost well within the calculations. The money required was already in the treasury. The scheme had, he said, advertised the colony, and

helped to float a £1,000,000 loan. TROUBLE IN JAMAICA. Kingston, Jamaica, March 29,-The crews of the Amercan fleet on shore leave commenced rioting among themselves on Monday night over an old feud about the flagship New York's alleged absence from the fighting at the battle of Santiago. The trouble lasted two hours before the officers and police succeeded in suppressing it. Several men were wounded, and Green and Armstead, of the Texas, were most seriously injured. The wounds were inflicted by a colored man named Johnson, also of the Texas, who is in irons on board his ship, awaiting the issue.

MME. BIANCHINI. Mme. Bianchini, who was convicted of attempting to poison her husband with atrophine, has made an appeal to the court of cassation. Attention has been drawn to the fact that her case is similar to that of Mme. Lafarge, who was sentenced to penal servitude for \$4 25 to \$4 50 per cwt; common to prime | declined to believe in Mme. The princess will now live in isolation near the royal castle at Laeken, Belgium, where she will be under the direct guardianship of her father.

The London Post's Paris correspondent gives a questionable St. Petersburg version of the Anglo-Russian negotiations concerning China, according to which Great Britain proposed the partition of China. Count Muravieff, Russian foreign minister, energetically declined to agree to this proposal, de claring that Russia would never consent, but would oppose it with all her

ONE FOR THE C. P. R.

The Empress of China Honored by German Royalty.

Just before the sailing of the Canadian Pacific magnificent steamship Empress of China, from Hong Kong on her last eastbound trip, it was visited by their Royal Highnesses Prince and Princess Henry of Prussia, who were shown through the vessel and thoroughly inspected it. The greatest interest was manifested in the workings of the Empress, the prince, being an admiral, going into the tunnels and other out-of-the-way places, that the ordinary visitor does not think of exploring. After a thorough inspection, Prince Henry conveyed to Capt. Archibald, and Mr. Tillett, the marine superintendent, his feelings of gratification at what he had seen, and stated that the Empress far exceeded, both inside and out, any ship in the merchant marine service he had ever visited. The royal pair were handsomely entertained by the officers and on their departure expressed the great pleasure their visit had given

Spring Weather Weakness

Try as you may, you cannot escape the weary, worn out, don't-care-to-work feeling that accompanies spring weather. Trouble is, the system is so loaded with impurities that every organ of the body is impaired.

Brain is not as clear as it ought to be; there is languor and listlessness instead of energy and activity.

Burdock Blood Bitters is what people need this weather.

It sets the liver, bowels and kidneys acting, whereby all poisons are eliminated from the system; cleans the tongue, improves the appetite, purifies and enriches the blood.

MISS MARY J. IRWIN, Holland, Man., writes:

"I have used Burdock Blood Bitters as a spring medicine for three years now and don't think there is its equal anywhere. When I feel drowsy and tired, and have no desire to eat, I get a bottle of B.B.B.

"I think it purifies the blood and builds up the constitution better than any other remedy."
