Another Spectacular Decline Recorded in N. York Cotton Prices

Yew York, April 18.—The New York Cotton Exchange was the scene today of some of the most spectacular price fluctuations in its history. Contradicting advices affecting the trade bewildered the traders, and furious buying or selling caused sudden corresponding advances and declines one. selling caused sudden corresponding advances and declines, one sensational break extending over \$9 a bale. One of the chief factors in the trading was the report from Washington received during the late trading that a bill had been introduced into the House of Representatives to fix the price of cetter at 20c a pound. the price of cotton at 20c a pound.

Before the end of the morning prices were 130 to 135 points net

The close was 25 to 50 points up from the lowest on covering, but showed net losses of 107 to 115 points for the day.
