DISCHARGED SOLDIERS

The following resolution was passed:
That this association go on record as being strongly in favor of compelling assets without the sanction being strongly in favor of compelling foreigners to repatriate to their own country or enroll as Canadian citizens, subject to the conscription draft, as we deem it most unfair that Britishborn subjects should be compelled to fight for the financial gain of alien slackers. Further, that a copy of this resolution be forwarded to the militial department, to cabinet ministers assets without the sanction of the creditors, and the plaintiffs held that Davies had purchased within the meaning of the act and that the purchase had not been ratified by the creditors.

In her evidence as read by counsel Mrs. Taylor claimed Mr. Davies got more than he was entitled to and that she knew Robert Davies assumed to tia department, to cabinet ministers and to the more prominent members

of parliament.

A motion was made to amend the constitution of the association to allow great war veterans to be enrolled as members, but action was deferred until a full membership meeting could take place.

Reports to date show a total of 448 members, including 125 members enrolled since the last meeting. H. H. Charboneau was elected as financial secretary of the association.

The decoration committee reported that good progress was being made in
