

gratefully acknowledged by J. C. Moody, Esq., M. D., Secretary-Treasurer of the Restoration Fund.

The finances of the College are in a better state than last year, but the establishment of a new Professorship increases the annual expenditure, and calls for renewed efforts on the part of the Church people of the Maritime Provinces. A gift of \$3,000 has been received during the year from Rev. Dr. Mountain, an Alumnus of the College, and has been appropriated to the endowment of the Professorship of Modern Languages. The Synod of Nova Scotia passed a resolution in 1888 directing the clergy to take up an annual collection for the College on the Sunday before Michaelmas, and it is hoped that something similar may be done in New Brunswick. It is estimated that an average contribution of \$10 a year from each Parish in the two Dioceses, would more than meet the present requirements.

Important changes have been made in the *curriculum* by the addition of Political Economy and History and the establishment of a special course in Science.

The Head Mastership of the Collegiate School, which became vacant by the retirement of Rev. Dr. Willets, was filled by the appointment of Mr. A. Miller, M. A., of Toronto and Victoria Universities, a teacher of wide and varied experience.

In April last a public meeting in behalf of the College was held in St. John, and it is proposed to hold a similar meeting in Halifax in the autumn.

One incident in connection with the recent Encænia we feel sure will meet with the hearty approval of all the members of the Synod; viz., the conferring of the honorary degree of D. D., upon Rev. Canon Brigstocke of St. John.

In June next, the College will celebrate its hundredth anniversary, and it is hoped that New Brunswick will be well represented on that occasion and especially that old graduates of the College will endeavour to be present. Four members of the Centenary committee are from New Brunswick.

Respectfully submitted,

F. W. VROOM, M. A.
R. T. CLINCH.

July 1st, 1889.
