### SKATING

#### In St. John Represented?

Boston Post.—It looks as if the entries from the maritime provinces in the New England amateur speed championships, to be held at the Boston Arena next Monday, would make a strong bid for the titles. Entries for the various events will close on March 10 with E. W. Saunders, 88 Stanhope street, Boston, or Bernard J. Woods, Boston Arena.

Note.—This article would indicate that several maritime province skaters have entered the championships. St. John lings.

## Separate School Teacher Speaks

TELLS OF THE GOOD DODD'S KIDNEY PILLS HAVE DONE

She Had No Faith in Them, But the Results and Health Obtained Convinced Her.

Grates Cove, Trinity Bay, Nfld. March 9.—(Special).—Among the thousands in Newfoundland who pin their faith to Dodd's Kidney Pills is Miss Mary Bridget Whelan, teacher in the Roman Catholic School here.

"I am exceedingly grateful to Dodd's Kidney Pills," Miss Whelan states in an interview. "I was very much run down in health. Close confinement to my work brought on my trouble."

"Reading of the many cures by Dodd's Kidney Pills I began to use them and I must confess with very little faith. "Before I had taken one box I was not only cured but my strength was growing rapidly, and I felt a great improvement in every way."

Miss Whelan gives the real reason of the popularity of Dodd's Kidney Pills. They do not cure the ailment aimed at at the expense of some other part of the body. They build up health all over the body. They do this by curing the kidneys. Cured kidneys mean pure blood.

### Indiana Man All Run Down—Had No Strength—No Energy Left—Blood Poor—How Vinol Helped Him.

Shelbyville, Ind.—"I was all run-down, had no energy, my blood was so poor I felt badly all the time and my face was covered with pimples. I am a clerk in the hotel and had to put up an awful fight to keep at work."

"I tried Beef, Iron and Wine, and other remedies without benefit. I learned of how Vinol had helped others and decided to try it. After taking the first bottle I noticed a great improvement in my condition. I continued taking it and now I am rid of all my troubles and cannot say anything too good for Vinol."—ROY P. ### No Shortage of Covers

Manufacturers of baseball supplies are laughing at a report that the sport will be seriously handicapped next season due to an insufficient number of baseballs for major and minor league use. According to the report the hide of the Siberian pony was the only leather suitable for baseball covers and since the war had shut off this supply the world's series might have to be played next October with defective balls if played at all.

Investigation showed that American horsehide is the only skin used for covering baseballs and that there is the usual supply in sight.

## GOOD ADVICE IN KIDNEY TROUBLE

I have been troubled with my kidneys for many years. One day I could hardly move, and someone told me to get a bottle of Dr. Kilmer's Swamp-Root, which I did, and in a few days I was all right. About seven years ago I was in such a condition that my children had to lift me out of bed. I wanted Swamp-Root, but they got a doctor. I sent for Swamp-Root and didn't take the doctor's medicine; Swamp-Root did the work. Swamp-Root is the remedy, if the kidneys are ever out of order again. Yours very truly,

A. KIRCHHOFF.

182 Wyckoff Ave., Brooklyn, N.Y.

Personally appeared before me, this 4th day of February, 1914, A. Kirchhoff, who subscribed the above statement and made oath that the same is true in substance and in fact.

The teacher was trying to explain to her class the effects of heat and cold. She told her little class that if an iron bridge would expand several inches in hot weather and contract a like amount in cold weather.

She then asked a little girl for another instance of the expansion and contraction caused by heat and cold. The child hesitated for a minute or so and then replied:—

"In hot weather the days are long; in cold weather they are much shorter."—YOUTH'S COMPANION.

"Did the opposing attorney bother you much?"

### The Way To Use Winter Port, New Brunswick COAL

Put only half as much in the stove as of other soft coals. As soon as it cokes a little, stir it up. Then you have a clean, hot, lasting fire.

Some people like to burn a few sticks of wood with it, putting in the wood before the coal.

Winter Port Coal gives great heat, lasts longer, and the price is lower. SO YOU SAVE A LOT and keep the money in our own province.
