The purchase of an inferior Piano is an expense. The purchase of a Heintzman Piano is an investment—an investment for a lifetime—an investment for which the returns are sure.

The Heintzman Piano—Grand or Upright—is the Piano for everyone. The great artists use it because they can obtain the finest effects from it. The beginner uses it because its wonderful tone is a musical education in itself.

The main feature of the Heintzman Piano is its permanency, both in tone and construction. It is built to give an entire satisfaction year hence as the day it was finished.

Believe in Yourself.

If you consider yourself a worm of the dust you must expect people to distrust you. If you make a doormat of yourself people are sure to wipe their feet on you. More men fall through ignorance of their strength than through knowledge of their weakness. You may succeed when others do not believe in you; but never when you do not believe in yourself. The curiosity of him who wishes to see fully for himself how the dark side of life looks is like that of the man who took a torch into a powder-mill to see whether it would blow up or not.—Dr. O. S. Marden.

During the 90 years of the Royal National Lifeboats' operations 52,000 lives have been saved from shipwrecks on the British coasts. In 1914, 1,112 were saved and 268 since the outbreak of war from His Majesty's ships or seaplanes. The lifeboat fleet numbers 267.

MARINE NOTES.

The schooner "Uncle Sam," owned by Captain Harpell, of Jeddore, N. S., from Halifax to Summerside, which went ashore at Tryon, is a total loss.

Damage to the extent of about \$1,000 was done by a fire in Princess street early yesterday morning. The alarm was given by a Chinese laundryman in the adjoining building, owned by F. E. Williams, whose premises also suffered. The fire broke out in a building in the rear of 94 Princess street, occupied by W. C. Montfort, as a furniture repair shop, and which was totally destroyed. From the rear the fire spread to the brick building in front, owned by Mrs. James Hunter and occupied by Mrs. S. B. Morrell as a boarding house.

About half a million pairs of soldiers' boots are now being made every week in England.
