MAGISTRATE GIVES NOTICE TO VENDORS

Says He Will Cancel Their
Licenses For Future
Infractions

Magistrate Henderson in the police court yesterday afternoon in the case of a liquor case said that under the act he had the power to revoke any vendor's license, provided that he saw fit. He was dealing with an infraction of the New Brunswick Intoxicating Liquor Act against B. J. Power, a local vendor.

The magistrate also took occasion to remark that in future he intended to cancel licenses of vendors who appear before him under the liquor act. In the present incident, considering that the defendant had never been before the court previously, the long time that a vendor had been arraigned on such a charge and certain other circumstances of this particular case, he would only strike the usual fine of \$200.

Thomas Mullett was fined \$200 for having liquor in his beer shop on April 1. J. Starr Tait appeared for the prosecution in both cases.

The steamer Brant County sailed from Saint John with general cargo.

WIGMORE JUMPS TO LEAD IN CONTEST

Trades and Labor Fair Has
Best Night to
Date

A great many votes in the civic election popular candidate contest were polled last night at the Trades and Labor fair in St. Malach's Hall and the standing of the candidates underwent a very decided change.

Commissioner Wigmore was advanced to first place with Alexander Corbett as a close second and Commissioner Bullock in third place, closely followed by Dr. J. H. Barton, Dr. Barton and A. M. Rowan, two of the candidates, were among the visitors to the fair last evening, and the crowd was the largest yet.

The fair is meeting with great success and all of its attractions have been well patronized. The door prize last night was a ton of coal and it was won by ticket 261, owned by Clinton Ward.

Tonight's door prize also will be a ton of coal. The door prize of Monday night, which was another ton of coal was won by ticket 17,590 and had not been claimed last evening. The fair committee has decided that if the holder of ticket 17,590 does not claim the prize tonight, that ton of coal will be turned in and used as a door prize for another night.

The standing of the candidates in the civic election contest last night was as follows: Wigmore, 520; Corbett, 492; Bullock, 242; Barton, 238; Cavell, 174; Rowan, 72; Jones, 45; White, 39; and Logan, 31.

**BRITAIN STARTING
TO SAVE PENNIES**

Would Let Pounds Take
Care of Selves in Latest
Economy Plan

LONDON, April 7.—In its efforts at economy the government appears to be going on the principle of saving the pennies and letting the pounds take care of themselves.

The latest phase of government economy is an attempt to save on small things, as yet quantity of ink and carbon paper that come from the stationery office which supplies books and stationery to the government departments and superintendents and controls the government printing.

Orders have been issued that ink stands should be kept only half-filled and that carbon papers should be warmed before being used as they will last longer if warmed up. These orders have gone throughout Whitehall, and it is said the issuance of the orders cost the government £200.

CLERGY BACK FROM GOVERNORS' MEET

Matters Considered by Board
of King's College at
Halifax Session

His Lordship Bishop Richardson, of Fredericton; Ven. Archdeacon A. H. Crowfoot, Rev. J. H. A. Holmes and J. P. H. Teed, of Saint John; Rev. Thomas Parker, of Norton, and Rev. Canon A. W. Smithers, Fredericton, have returned from a meeting of the board of governors of King's College held in Halifax on Tuesday. Archdeacon Crowfoot said last night that at this meeting a denunciation of evangelical churches was heard asking for the fulfillment of an arrangement whereby the two schools of thought in the church might have equal representation on the divinity faculty of the university.

The board replied by pointing out that the arrangement had been tried and proved unworkable, that the teaching at present given was such as no reasonable churchman could take exception to and by reiterating their determination to continue administering the divinity school on lines that should be not partisan but comprehensive.

The manager of the forthcoming financial campaign was introduced and reported that the canvass for the \$500,000 for which King's is asking had got off to a very satisfactory start.

**FOR GIRLS
WHO WORK**

Lydia E. Pinkham's Vegetable
Compound Is a Great Friend—
It Stops Pain and Restores Health

Toronto, Ontario.—"I work in a factory and I would have to get away from my work every time I was sick. The dragging-down pains and cramps were very bad, but my back was terrible. It hurt so that I couldn't lie down with it. I heard some of the girls talking about Lydia E. Pinkham's Vegetable Compound, and they told me to try it. I have taken about a dozen bottles of it and it has done me a lot of good. I never have any pains or sore back now, and have not been off from work a day since I have taken it. I recommend the Vegetable Compound when I have the opportunity."—Miss ROLLO, 21 Howie Avenue, Toronto, Ontario.

"The Advice of a Friend"
Hanover, Ontario.—"I was terribly pained and a few odd times I almost fainted. I used to do housework until a few months ago and sometimes I had to leave my work and go to bed. I am now a member in the knitting-mill. I suffered five or six years from painful periods before I took Lydia E. Pinkham's Vegetable Compound by the advice of a friend. I got relief almost immediately, and I tell my friends what a good medicine it is. You may use this testimonial if you like, if it will help others."—Miss J. PEARSON, Victoria Street, Hanover, Ontario.

Keep Baby's Skin Soft as Velvet Prevent and Relieve Eczema

Mrs. Albert Bishop, 38 Laplanche St., Amherst, N.S., writes:—"In one week my baby was entirely relieved of eczema by the use of two boxes of Dr. Chase's Ointment. He had sores all over his back."

EVERYWHERE Dr. Chase's Ointment is known and appreciated by mothers who have with gratitude witnessed the benefit it has brought to their suffering children.

Chafing and cracking of the skin is often the beginning of eczema. The trouble develops where two surfaces of skin rub together—as in the neck, armpits or between the legs of fleshy infants.

Dr. Chase's Ointment applied after the bath brings relief from this condition and prevents eczema.
