### DIES AFTER INJURY IN CLASS BATTLES

College Student, Keeping a Broken Rib a Secret, Entered Second Encounter.

Milton, Wis., Oct. 4.—Doland Sayre, 20 year old, a Milton College sophomore, is dead from injuries received at the annual freshman-sophomore class rush on Sept. 22.

Keeping secret the fact that he had suffered a broken rib on the night of Sept. 21, during an informal campus battle, Sayre entered the formal rush the following afternoon. One of his kidneys was ruptured by contact with the fractured rib, and uræmic poisoning followed.

Sayre was president of the freshman class last year and won prominence as a football and basketball player.

### BACK EVANGELINE BOOTH.

Chicago Elks Protest Against Her Removal as Salvation Leader.

Chicago, Oct. 4.—A resolution protesting against the contemplated removal of Evangeline Booth from leadership of the Salvation Army in America was adopted at a meeting of district deputies, members of the Elks' Memorial Headquarters Committee and about 200 members of the Benevolent and Protective Order of Elks held here today.

The meeting, which was called by J. Edgar Masters, Grand Exalted Ruler, endorsed the telegram sent by Mr. Masters to General Booth at London in which it was asserted that the removal of Miss Booth will "directly offend the intelligence of our more than 800,000 membership, as it will, I am sure, every friend of the Salvation Army in the United States."

### DRUG ADDICT DRAWS CROWD

Police Say Man Thought He Was Shaving With Broken Glass.

New York, Oct. 4.—Having removed most of his tattered clothing, a man who described himself as Robert Burns, 30, and having no home, was arrested at the corner of Seventh avenue and eighth street, by Policemen Cahill and McGarvey after his actions had attracted a crowd. The police say the man, evidently mentally unbalanced, thought he was giving a demonstration of how to shave himself with a piece of broken bottle.

At the West Forty-seventh street station, he admitted, according to the police that he was a cocaine addict. He was sent to Bellevue Hospital for observation by Dr. Cohen of Flower Hospital after he had told the ambulance surgeon that he was a secret agent of the government, working on steamships as a spy.

### TRAVELS 240 MILES ON A HIGH BICYCLE

Leaves 23 Pounds, Falls Four Times and Causes Horses to Try to Climb Trees.

Chicago, Oct. 4.—William Meehan, who left Indianapolis a week ago on a high bicycle to attend the opening session of the American Electric Railway Association convention here, arrived at the outskirts of Chicago after a two-hundred-and-forty-mile trip.

Save for the fact that he lost twenty-three pounds in weight, fell four times from his fifty-seven-inch seat elevation, walked twenty miles through fresh gravel, and caused several horses to try to climb trees, the trip was without incident.

More than 2,000 delegates to the convention had arrived tonight. Sessions start Tuesday.

### WOMAN SENDS 42,000 CENTS TO PAY GREENWICH TAXI BILL

Greenwich, Conn., Oct. 4.—A wealthy woman residing in a fashionable section of Greenwich, moved to her winter home in New York city, leaving a bill of \$420 owing the Greenwich Cab Company for taxi fares. A representative of the company had visited her estate here on two occasions in an effort to collect the bill before she left, but was unsuccessful.

The other day the woman sent a taxicab from New York to the cab company's office here with a large box containing 42,000 one-cent pieces. With it she sent \$1 to pay for the taxi that had made the two trips to her home here for the purpose of collecting the money, and her photograph, under which was written "O. L. B."

It took four men to carry the keg into the Putnam Trust Company office and place it in a private vault.

### BERLIN PAPER THIEVES STRIP CITY OF POSTERS

Berlin, Sept. 13.—(Associated Press by Mail).—Billboard strippers constitute a new type of thief on Berlin's police blotter. Due to the increased value of wastepaper, the plundering of street advertising has set in.

The thieves work at night, and so far have confined their activities mainly to the round poster pillars which dot the city's thoroughfares, adorned with various bills advertising theatres, restaurants, dance halls, etcetera. One young man was found to have torn down fifty kilograms of old paper and stored it at home for future sale.

The Forty Hours' Devotion at the Church of the Assumption closed last night when Rev. Father McCarthy gave benediction, assisted by Father Carleton as deacon and Father Ramo as sub-deacon. Father O'Brien preached a forceful sermon, after which there was a procession of the children of the parish. There was a very large congregation, and the choir rendered special music for the occasion.

### Corns Go

Just say

Blue-jay

to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

### "GHOST CITY" COMES TO LIFE

Historic Alaskan Town Revived by the Discovery of Placer Gravel.

Anchorage, Alaska, Oct. 4.—Girdwood, one of Alaska's "ghost cities," which flourished in the early gold days,

but was deserted, has quickly come to life by the rediscovery of rich placer gravel. Cow Creek, hunted up and down twenty years ago, is the mecca for hundreds of newcomers. Many rich finds have been made. The gold is in large nuggets and lies in gravel but a few feet deep. With the coming of first stampers, the blacksmith shop was found split open by a good sized spruce tree. The general store housed bats and owls, while most of the other temporary shacks had been laid low by the storms of two decades. Girdwood now promises to become a big growing town.

### Distinctive - - Exclusive

IN the higher grade of tea there should be something more in its appeal than merely quality. There should be that distinctive character which separates it from the mass. King Cole Orange Pekoe has a richness of flavor entirely its own. It is the King Cole judgment of what is delicious in a cup of tea.

gramme during the evening and there was a large patronage of all the attractions. The executive of the St. John subdivision of the Catholic Women's League met last night in Rosary Hall and in the absence of Mrs. Richard O'Brien, who is attending the national convention, Mrs. E. J. Power, the vice-president, was in the chair. The social committee undertook to hold a rum-

mage sale and plans were made with regard to the sale. It was decided that the division should have charge of the ice cream booth at the Cathedral high tea next month, and all arrangements were made for assisting in tagging for the Victorian Order appeal. Mrs. E. J. Ryan was appointed convener for tagging.
