Enjoy a Juicy, Savory Planked Steak

Tender and tasty as chicken—at the "Royal Gardens." You'll say it was the choicest morsel you've eaten for many a day. And it's only one of the many good things to eat you'll find on the menu at the

GARDEN CAFE—ROYAL HOTEL

No Jimmy Can Force This New Yale Lock

Turn the key in your No. 9 Steel-bar Lock, and your door is bolted as securely as if by a bar of steel entirely across it on the inside.

No burglar can wedge the door and the jamb apart far enough to release the bolt from the strike or keeper.

No matter how powerful the jimmy, the door will remain shut—cannot possibly be forced. Nothing can budge it but your keys.

Your Yale Cylinder Lock is as completely yours as the way you write your name.

STOP

at our King Street Window. See how the right Yale key lines up the pin-tumblers. Only the right key can turn the lock.

W. H. THORNE & CO., LTD.

Store Hours: 8 to 6. Open Saturday Evenings until 10.

LOCAL NEWS

THREE IN POLICE COURT
Three men entered pleas of guilty to drunkenness charges in the police court this morning and were sent below.

THE PARIS CASE
Detective Sergeant Power left this morning for Halifax on business for the attorney-general in connection with the McAuley murder case.

BURIED TODAY.
The funeral of Miss Eliza R. Hagarty was held this afternoon from her late residence, 105 Burrage street, to Fernhill. Service was conducted by Rev. J. K. King.

BANK CLEARINGS
St. John bank clearings this week were \$2,380,446; last year \$3,104,876; in 1920, \$3,500,549. Moncton clearings this week were \$1,120,862. The Halifax figures were \$2,701,907.

THE AFFIDAVIT.
Roland Skinner has been appointed by the maritime provinces branch of the A. A. U. of Canada to take the affidavits of athletes desiring to register as amateurs. His territory is St. John. Mr. Skinner has the forms at his office.

ANOTHER SIGN OF SPRING.
A start was made this morning to remove the winter covering from the flower beds in King Square, and the beds are being prepared for the reception of the thousands of seedlings which are now growing in the city hot-house plant in Lower Cove.

CHANGE OF FERRIES.
The ferry steamer Governor Carleton is now ready to replace the Ludlow on the Carleton route, after having had her engines overhauled and some painting and repairs done to her decks and cabins. The Ludlow will be subjected to her annual spring inspection and tuning up.

ENGINEERS' EXAMINATIONS.
Examinations for licenses as stationary engineers were conducted yesterday and today in the offices of the Workmen's Compensation Board, Pugsley building. Twenty-two applicants wrote the papers, which were concluded this afternoon. The board of examiners was composed of H. M. Stewart of Moncton, chairman; John Hooley of Fairville, and James P. Sullivan of Newcastle.

REMOVING BRIDGE.
The last step in the removal of the old bridge, which was opened yesterday, will be commenced today or tomorrow, when public works men will start to cut away the steel beams and both sides and in the center of the structure. Traffic is now going over the fill which was placed there during the winter. A temporary guard rail will be placed along each side of the fill until a permanent fence can be erected.

I. O. G. T. BOWLERS
In the I. O. G. T. bowling league last night on Black's alleys, No. 1000, the team of Fairville, took three points from the District Lodge, and the team of Fairville, took three points from the District Lodge. These teams will roll off soon for the league leadership of the first series as the second series is due to start on Saturday night with a game between Thorne Lodge and No. 1000. The No. 1000 team took three points from the District Lodge on the same alleys last night.

HAVE TEA AND SALE.
Green and yellow daffodils and pussy willows tastefully arranged are the decorations for a tea and sale being held this afternoon in the rooms of the Church of England Institute by the ladies of the Institute. The work is under the leadership of Mrs. John Hay, the president, and the other ladies taking a prominent part—Mrs. Allan Schofield, tea convener, assisted by Mrs. Norman Gregory and Miss C. B. Disbrow; Mrs. T. E. G. Armstrong and Mrs. Russell Sturdee, pouring; Mrs. Willoughby Hatch, Mrs. Clifford Williams, Miss Nelson and Mrs. H. B. Beck, and Mrs. J. B. Beck. They are assisted by the young ladies of the Institute.

APPLEBY-PRINCE
A quiet wedding took place on Wednesday afternoon, April 19, in St. Jude's Church, when Rev. J. H. A. Holmes united in marriage Miss Laura A. Prince of Hampton to John Appleby of Cambridge, Mass. The bride, who was attended by Mrs. R. G. Appleby, looked charming in a white tulle-trimmed traveling suit and tangerine hat. R. G. Appleby assisted the groom. After the ceremony the bride party motored to the home of the bride's aunt, Mrs. Walter Haelet, 95 Moore street, where dainty refreshments were served. Mr. and Mrs. Appleby left on the Boston train for Cambridge, Mass., where they will reside.

YOUTHS IN COURT

IN THEFT CHARGES

Rope Taken from Erin Street Lumber Yard, Watch and Money from a Lombard Street House.

Matthew Garnett, sixteen; John Beshara, eighteen, and Harry Mitchell, seventeen, appeared before Magistrate Ritchie in the police court this morning, charged with acting together in the theft of a coil of rope valued at \$40, the property of Joseph O'Grady, on April 18. Garnett and Mitchell pleaded guilty and consented to be tried before the magistrate. Beshara first pleaded guilty and then said he was not guilty and knew nothing of the theft. All three were remanded. It is alleged that the rope was stolen from the lumber yard of Grant & Horne, off Erin street, and was found yesterday hidden under a shed.

Howard Garnett and Roy Ogler pleaded not guilty to a charge of acting together in breaking and entering the house of Mrs. Timothy Burns, 71 Lombard street, on April 6, and stealing a watch and chain and \$75. They were remanded. These boys were arrested last night by Detectives Biddiscombe, Donahue and Saunders.

WANT TO ERECT 28 MORE POLES

Application from the N. B. Telephone Co. Considered—Some Objection and Matter Lies on Table—To Call for Tenders for Waterloo Street Curbing.

An application from the New Brunswick Telephone Co., for permission to make changes in their poles in the city streets that would increase their number by twenty-eight, met some adverse criticism when presented to a committee meeting of the common council this morning and was allowed to stand over for further consideration. Commissioner Bullock was in the chair in the absence of Mayor Schofield, who was addressing a meeting of women electors.

Commissioner Thornton presented an application from Fred. W. Kelly for permission to install two gasoline tanks and pumps on his premises at 19 Leinster street. On his motion the application was approved, subject to the usual conditions.

Commissioner Frink moved that tenders be called for supply of 1,875 feet of straight and 144 feet of circular granite curbing for Waterloo street to be paid for out of unextended balance of bond issues. Carried.

More Telephone Poles.

The N. B. Telephone Co. applied for permission to erect and change the location of several poles in the city and west St. John, in the following streets—Guilford, Tower and St. George, West St. John, and St. James, Victoria, Moore street East and Pitt street. The operation meant the erection of thirty-five new poles and the removal of seven. J. K. Marshall, of the Telephone Co., said the company was purchasing poles in Bathurst. He said that the proposed new poles were for the purpose of straightening out some of the circuits, and that it would mean a re-erection in a crisis-cross condition.

The road engineer said that he saw no objection to the proposals. The St. George street line, he said, was a new line.

Commissioner Thornton said he thought when the underground system was started, that it would mean a reduction in the number of poles, while this plan meant twenty-eight additional poles. He was opposed to any increase on account of the difficulty of fighting fires.

He said there were a great many dead wires in the city which should be removed; more uniform poles be used and they should be taken care of and painted.

Mr. Marshall said the company was trying to do away with all the poles it could, but there places where an underground system would be costly to the users. Painting, he said, while improving the appearance, did not increase the life of the poles.

Regarding dead wires, he said, there were none on their main circuits. He said an estimate had been approved for a cable to include the wires on Canterbury and Church streets. He said the Bathurst poles were as good a class as he had ever seen.

The application was allowed to lie on the table for further consideration.

Permission was granted Commissioner Jones to proceed with repairs to the wall of the old reservoir building at the corner of Carmarthen and Leinster streets, a portion of which had fallen out.

Commissioner Jones reported the dismantling of the pumping station at Silver Falls and that the machinery was now in the pipe yard in Leinster street. He said that he had endeavored to dispose of the pump, but so far had not been able to do so. He thought that it might be sold for junk and was now open to inspection for any dealers who might be interested.

Whether the occupants were hurt or not, who they were, and where they went to, is still a mystery. On the top of the car, which is a Rex five-passenger sedan, are streaks of yellow paint, thought to have been scraped off the street car. It is thought by some that the car had been taken from the owner's place.

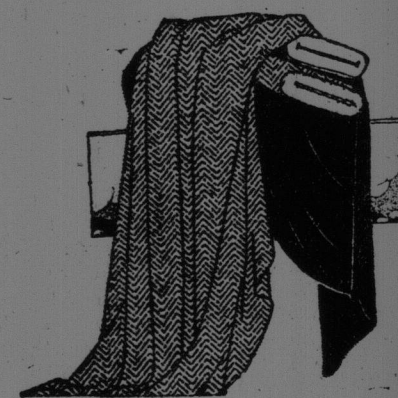

BRANDON TEACHERS TALKING STRIKE

Calgary, April 20—Financial aid will be given Brandon school teachers if they go on strike on April 30, so it was decided by the Alberta Teachers' Alliance. The executive will make a levy on all members. It was suggested that the "strike pay" would be made direct to the teachers and not through the Canadian Teachers' Federation.

PLEA FOR USE OF BOTH LANGUAGES

Toronto, April 20—Bilingualism as the best means of uniting the sympathies of the two principal races in Canada was urged by Prof. Morrison of Queen's University in an address last night at a meeting of the Education Association of Ontario. "So long as the educated man in Ontario does not know French, and so long as the educated man in Quebec does not know sufficient English," he said, "you will have misunderstandings."

For Housecleaning

A EUREKA ELECTRIC VACUUM CLEANER will lighten the work and vexation of housecleaning, making it unnecessary to send away the rugs to be cleaned or even to take them off the floor.

The powerful suction draws the air through the rug with a greater velocity than any other cleaner supplies, so that every particle of dust and grit is removed without beating and breaking the fibres of the carpet. For cleaning upholstery, mattresses, curtains, etc., its work is magical.

We will be glad to send one to your house for a free demonstration, and you need not purchase until you have decided it is the best machine you have ever seen.

Many other helps for housecleaning are also in stock, including O'Cedar Polish and Mops, Liquid Veneer Polish and Mops, Carpet Sweepers, Furniture Polishes, Dust Cloths, etc.
