## Many Mills Start Again In the U. S.

Large Number of American Woolen Company's Plants Resume at About Full Capacity, and Rubber Mills More Active.

Boston, June 28.—Many of the fifty-seven mills of the American Woolen Co. have resumed operations at full capacity and others are running from seventy to ninety per cent capacity, according to the head officials here. The company shut down many of its plants last summer and shortened the time of others, throwing thousands out of employment. Conditions continued unfavorable until recently, but as the markets have undergone extensive liquidation the outlook is considered better than it has been for a year. The company employs about 40,000 operatives in Lowell, Lawrence, Providence, Fitchburg, Plymouth (Mass.), Dover (N. H.), Franklin (N. H.), Maynard (Mass.), Franklin (Mass.), and in a score of other centres in the New England states.

To Start After Six Months.

Woonsocket, R. I., June 28.—The United States Rubber Co. announces that the Millville (Mass.) plant of the Woonsocket Rubber Co. will resume operations on July 11 after a shut down of six months. About 500 hands will be given work.

Work For 1,500 More.

Akron, O., June 28.—The Goodyear Tire and Rubber Co. has increased its capacity to 20,000 tires daily and this week engaged 1,500 additional workers.

## MRS. EATMAN IS WELL AND HAPPY

St. John Woman Has a Splendid Appetite, Perfect Digestion and Says She Sleeps Better Than in Years.

"No matter how long I talked I couldn't say the good about Tanlac I think it deserves," said Mrs. Carrie Eatman, of 80 Sheriff St., St. John, N. B. "From the time I had the flu until Tanlac built me up I was in such an awful run-down condition I had no appetite, and the little I ate soured and formed gas which bloated me up so tight I would have to loosen my clothing to get relief. I never got more than an hour's sleep at night without waking, and I got up in the morning feeling limp and lifeless."

"I thank my lucky stars I tried Tanlac, for it has made a different person out of me and benefited my digestion so that nothing disagrees with me, quieted my nervousness and made me feel better, brighter and happier than I have been in years. In my opinion there is no medicine that does as much good for people as Tanlac."

Tanlac is sold in St. John by The Ross Drug Co., and F. W. Munro and leading druggists.

## A THREE-YEAR-OLD GIRL TRAVELING 3,000 MILES ALONE

Port Arthur, Ont., June 28.—Her baggage consisting of two letters, dealing with her father's war record, three-year-old Winnifred Josephine McKinley passed through here today on the C. P. R. transcontinental train en route to her uncle's home in Swift Current (Sask.). From her far away home in Glasgow, Scotland, to the Canadian west, over 4,000 miles, the little orphan has only the kindly directions of train and steamship officials to guide her.

## THE EUCHARISTIC CONGRESS IN QUEBEC

Quebec, June 28.—Quebec City has been chosen by the Catholic hierarchy of North America for the holding of the eucharistic congress in 1922. This announcement, which was issued by His Eminence Cardinal Beaudry, has been communicated to all the churches of the diocese of Quebec.

## U. S. MOVES FOR BIG REDUCTION IN ARMAMENTS

Vice-President Says President is Taking Steps to Arrange Conference With Great Britain and Japan.

New York, June 28.—Hon. Calvin Coolidge, vice-president of the United States, came out flatly in favor of world disarmament, with the United States leader in the movement, in an interview here. "Something must be done to lessen the tax burden on the people of the country," Mr. Coolidge said. "The army and navy are two of the greatest burdens of this nation now faced by the people of the United States. The logical step is to reduce armaments in common with the other nations of the world."

"Do you believe the United States should take the initiative in suggesting a disarmament conference to the other nations?" Mr. Coolidge was asked. "I understood this is already being done by the president," he continued. "I do. We should join with Great Britain and Japan in reducing armaments. In this way we can accomplish real economy."

If you mean by that, the advances already made by the president, yes, I do. We should join with Great Britain and Japan in reducing armaments. In this way we can accomplish real economy."

## BOSTON GIRL IS NOW A PRINCESS

Boston, June 28.—Miss Clara Curtis, daughter of Mr. and Mrs. Thomas Curtis of this city, with a summer home at Nahant, was married in the village church at Nahant late yesterday to Prince Michael Cantacuzene, of Russia, a great-grandson of the late General U. S. Grant, the eighteenth president of the United States. She was, however, already the bride of Prince Michael, through a ceremony which took place on Sunday in the Greek Orthodox Church in Roxbury. This was according to the Russian Orthodox rites of the Greek church. The ceremony of yesterday was according to the rites of the Episcopal church.

## NIAGARA FALLS SILVER ROBBERY

Niagara Falls, June 28.—The watchman of the Onondaga Silver Works was found in the plant this morning in a stunned condition and a bar of silver containing 7,400 ounces is missing. The silver is worth nearly \$5,000. When the watchman had recovered somewhat, he said that while making his rounds at 2:30 o'clock he saw two men in one of the halls. One had a revolver in his hand and a club in the other. They ordered the watchman to hold up his hands and when he reached for his revolver they clubbed him over the head. They stole his coat and revolver. The police have no clue.

## Helpless Five Days in Woods

(Canadian Press Despatch)  
Sydney, N.S., June 28.—After five days alone with a broken leg and without food, water or shelter, Michael B. McNeil, a seventy-year-old prospector, was found by several boys in a patch of woods near Louisburg yesterday and carried for treatment to St. Joseph's Hospital, Glace Bay, where it is said today that his recovery is certain. McNeil left his home in Reserve on a prospecting trip with only two biscuits and a supply of food at Louisburg. While climbing down a rocky ledge he fell and fractured a leg which was weakened from having been previously broken in a mine accident some years ago.

McNeil says he intends to resume his prospecting as soon as he recovers.

## N. S. ARCHBISHOP MAY RESIGN SEE

Halifax, June 28.—There was a report here today that Most Rev. Clarendon Lamb Wierrell, D. D., LL. D., Archbishop of Nova Scotia, had resigned his see to accept the bishopric of Bermuda. Archbishop Wierrell said that the report was unauthorized, however. He had not yet formally tendered his resignation, he said.

Did this ever happen to you?

## SHACKLETON WILL LEAD NEW VOYAGE OF EXPLORATION

(Canadian Press Despatch)  
London, June 28.—Sir Ernest Shackleton, who commanded the British antarctic expedition in 1907-09—which reached within ninety-seven miles of the south pole—and also the antarctic expedition in 1914-16, will be the leader on a new voyage of discovery covering 30,000 miles of uncharted sections of the southern Atlantic, the Pacific and Antarctic oceans. He will sail from the port of London the end of August in a 200-ton ship, brigantine rigged, named "The Quest." He will have with him a small picked staff, including six companions of former expeditions. The Daily Mail publishes this announcement.

The expedition, which will be called the Shackleton-Rowett-Oceanographic and Antarctic Expedition, will be financed by John Queller Rowett of agricultural research fame, and Frederick Becker, a well known paper manufacturer.

## LONDON, ONT., MAN ON HUNGER STRIKE

London, Ont., June 28.—A hunger strike has been declared by a veteran of the 18th battalion, who became suddenly insane last week and who was sent to the county jail because the hospitals here refused to admit him without documents. This man, who was remanded to jail for one week, has refused to eat since Friday night. He says in a rational tone that he will not do so until removed from the jail.

## WILD ORGY IN ONTARIO TOWN

Niagara Falls, June 28.—Twenty-seven men appeared in the police court here today following the wild orgy near Stamford last night, when workers on the Ontario hydro-power construction got possession of several cases of wine. The charges against the men in court this morning were of "drinking

liquor in a public place." Convictions were registered in twenty-four cases. Several men are in hospitals here suffering from the effects of the carousal. Seven of them are said to be in a serious condition.

## Not for Women Only

To millions it is bringing whiter teeth

This new way of teeth-cleaning appeals to women. It brings them prettier teeth. But men also enjoy it, and children must use it to properly clean their teeth.

Millions now use it, largely by dental advice. The glistening teeth you see everywhere now show the results of its use.

Everyone needs it, as this simple test will show. See the results it brings in ten days and decide that for yourself.

You must fight film  
Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. The ordinary tooth paste does not effectively combat it. Your tooth brush has left much of it intact. And that clinging film may do a ceaseless damage.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal.

Thus film causes most tooth troubles. And, despite the tooth brush, all those troubles have been constantly increasing. Some have become so common as to be alarming.

## Now ways to combat it

Dental science has for years sought ways to combat that film. The ways have now been found. Able authorities have amply proved their efficiency. Leading dentists everywhere now advise their daily use.

The methods are embodied in a scientific tooth paste. The name is Pepsodent. Its use is fast spreading the world over.

To let all know it quickly, a 10-Day Tube is being presented to anyone who asks. The thousands of new people daily are learning its delights.

## Combines five effects

But Pepsodent does more than fight film. It fights the acid which is a great tooth destroyer.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is to digest the

starch deposits which may otherwise remain and form acid.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer of the acids which attack the teeth.

It combats the film wherever it adheres. It leaves the teeth so highly polished that film cannot easily cling. Pepsin is also included.

## See and feel it act

The results are not uncertain. You can see and feel them. Some are almost instant. Ten-day test is most convincing.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after use. Mark the absence of the viscous film. Watch the other good effects.

To millions this test has proved a relation. It has shown them the way to better teeth, to cleaner, safer teeth. One does not return to the old ways when he sees what this new way does.

## The delightful results

One conspicuous effect is to beautify the teeth. Another is a feeling of cleanliness. Men who smoke will see great changes. It is film that absorbs tobacco stains.

But it is most essential to the children. Young teeth are most subject to film and starch attacks. Dentists advise that children use Pepsodent daily from the time the first tooth appears. Under old methods, very few children escape some tooth destruction.

To all this test is important. Cut out the coupon so you don't forget to make it. Present it at your store.

## 10-DAY TUBE FREE

Present this coupon, with your name and address filled in, to any store named. It is good for a 10-Day Tube of Pepsodent.

Your Name .....

Address .....

Out-of-town residents should mail this coupon to The Pepsodent Company, 118 Sherbourne St., Toronto, Ont., and the tube will be sent by mail. Evening Times-Star, ONLY ONE TUBE TO A FAMILY. St. John, N. B.
