QUART OF WOOD ALCOHOL TAKEN BY TAUNTON MAN AND HE LIVES TO TELL

Athleboro, Jan. 9.—Thomas F. Barry, of Taunton, was fined \$5 in the District Court yesterday for disturbance of the peace, after he had passed the night in Sturdy Memorial Hospital. Chief of Police Scanlon, of Norton, arrested Barry after he had drunk a quart of wood alcohol, according to his own story, and the physician who examined him at the police station ordered his removal to the hospital.

No serious developments occurred, however, and Barry informed the court that aside from being "a trifle dizzy," he felt normal.

CATARH DOES HARM

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alterative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.

TEN INDICTMENTS FOR MANSLAUGHTER

Springfield, Mass., Jan. 8.—Ten indictments for manslaughter were reported last night by a special grand jury which has been taking evidence for two days in connection with the alleged sale of "whiskey" said to have contained wood alcohol and which, it is claimed, resulted in the deaths of more than sixty persons in the Connecticut Valley. Two other indictments were returned charging illegal sale of liquor and also several secret indictments.

ASKS AID FROM JAPAN.

London, Jan. 9.—News has reached London from British sources in Irkutsk that 9,000 anti-Kolchak insurgents are holding Irkutsk, Eastern Siberia. They are armed with machine guns and have airplanes and are constantly being reinforced.

General Semenov with his forces is slightly east of Tehta, but it is considered doubtful whether Semenov will be able to hold this position, and it is understood that he has appealed for Japanese assistance.

A HORRIBLE CRIME. Osceola, Ark., Jan. 9.—W. E. Hanel, owner of a chain of plantation stores, was bound to a post and burned to death by robbers who looted his store at Holt near here, on Wednesday night. Hanel's clothing had been saturated with gasoline. The store also was set on fire.

Winnipeg, Jan. 9.—(Canadian Press despatch)—Carmen of the Winnipeg Electric Railway Company have severed their allegiance with the international union and formed a new independent union unattached to any other union or organization, but it is understood that it will affiliate with the One Big Union provided that organization alters its charter and becomes less radical in its objects.

Objection to dues being "paid across the border line" determined the action of the men, officials said. This money, they said, will be used only for local improvements. Funds already paid into the international for insurance amounting to \$100,000, will be lost to the members, however. Eleven hundred men are employed by the car company; 850 votes were cast, of which 550 were in favor of seceding. It is believed that a number of men remain with the international.

HON. T. A. CRERAR TO WESTERN FARMERS

Wants Many Farmers and Fifteen or Twenty Labor Men in Next Parliament—Against Militarism.

Brandon, Man., Jan. 9.—(By Canadian Press Limited)—The most urgent problems facing the farmers' independent political party in Canada are in the federal House of Commons. Hon. T. A. Crerar last night told the convention of the United Farmers of Manitoba. The former cabinet minister talked for more than an hour in the evening, and outlined federal problems, tariff, naval and military expenditures and imperial relations.

"The only way to escape the vast financial burdens which rest on us, is by the practice of drastic taxations and rigid economy," said Mr. Crerar. He urged the importance of the supremacy of parliament over cabinet and advised the federal government to remove all restrictions on personal liberties and restore all the liberties enjoyed before the war.

Mr. Crerar said he had little doubt that there would be a good representation of farmers in the next parliament and he would like to see fifteen or twenty labor men there, too. The farmers would meet heavy opposition since special privileges died hard. Mr. Crerar expressed his belief in the principle of direct taxation and denounced the existing tariff system.

"I am," he continued, "unalterably opposed to the building up of any spirit of militarism in Canada. "He has some in Canada who would tie this country up to a military system. I am not prepared to say what our naval system should be, but I am unalterably opposed to any naval scheme which involves an initial expenditure of fifty or sixty million dollars and then millions annually for maintenance."

"He thought after thorough discussion the sober sense of the Canadian people would be against an extensive military and naval organization. "This country should not be committed," continued Mr. Crerar, "to any form of imperial parliament or cabinet council without the fullest and freest discussion by the Canadian people."

POPULAR ECONOMY

SALES MAY BE BROUGHT HERE

Plan Tried in Washington and Elsewhere with the Greatest Success.

A movement is on foot by a few local retailers to promote the economy sales which has been so successful in other cities. The principle of the proposition is co-operation in advertising to promote each other's goods, and to give good honest value for the money, even in cases where the price, retail and wholesale, does not permit shaving of profits.

Three or four merchants have already started the campaign, and are merely winding up the many details and waiting on one or two others; it is understood the economy sales will be run simultaneously by about six dealers for a period of about one week.

As there will be no competitors in the alliance, the offerings will probably stand a good chance of being appreciated by the public without the usual grain of salt which seems necessary in reading great many of the ambitious solicitations for business at present.

Winnipeg Car Men Sever Their Connection with International Union.

Winnipeg, Jan. 9.—(Canadian Press despatch)—Carmen of the Winnipeg Electric Railway Company have severed their allegiance with the international union and formed a new independent union unattached to any other union or organization, but it is understood that it will affiliate with the One Big Union provided that organization alters its charter and becomes less radical in its objects.
