**ONTARIO GERMAN DENOUNCES KAISER**

Condemns Him as Leader of An "Insane Military Government"

THE FOE OF EUROPE

The Present Struggle, He Declares, is Not German People's War—He Stands Against Any and All Enemies of Britain

Woodstock, Ont., Aug. 18.—Professor F. V. Rietveld, of the staff of Woodstock College, and a former German soldier, has written a remarkable letter denouncing the German Emperor, which was published in the Sentinel-Review of this city. After stating that the quarrel in the present war is not with the German people, Professor Rietveld says:

"We must deeply sympathize with the German people in the sufferings and dangers brought upon them by their ruling classes, by their oligarchic, insane, military government. It is the Germany of the clenched fist and drawn sword, of the shining armor and the sabre rattling in the scabbard that calls for no sympathy on our part. It is the Germany that has precipitated the monstrous world struggle of the day that fills us all with horror and indignation. I am a native German and former German soldier. My own position in this struggle is perfectly clear. My loyalty to the British flag makes me stand against any and all enemies of Britain. If need be I should even fight against Germany, though with a bleeding heart. Furthermore, I desire disaster to the German army in this war for the reason that it will mean restoration of fellowship again in the western nations for one of the greatest peoples of Europe. A liberated, free, democratic Germany will start on a new and lasting era of prosperity, of peace, arm in arm with England and France. Germany's defeat will mean the establishment of a German republic and the elimination of William II. and all that he stands for. Such things as Divine right and the intelligence of the people of the 20th century, William II. is the common foe of Europe and he must be eliminated. Defeat of Germany in this war means ultimate salvation and freedom for her. Germany will be the greatest gainer through defeat."

**FELL FROM SWING INTO FIRE**

Little Girl Was Playing on Swing in Neighbor's Garden, Slipped Off and Fell into Bon Fire

Montreal, Aug. 17.—When she fell from a swing on to a pile of burning sticks, a little girl, seven years of age, 1285 Delacour street, was burnt to death. The girl had gone to a friend's place at 628 Belloc street, and was swinging in the garden. She had the swing carry her too high, and slipping, she fell into a bon fire.

The children with her shrieked and the parents, rushing from the house, pulled Delacour street, was burnt to death. The girl had gone to a friend's place at 628 Belloc street, and was swinging in the garden. She had the swing carry her too high, and slipping, she fell into a bon fire.

**RECENT DEATHS**

James Pettigell, an aged and highly respected resident of Quispamsis, near Woodstock, dropped dead in his hayfield yesterday afternoon, closing an unusually healthy and vigorous life. Mr. Pettigell was seventy-eight years of age, and had always enjoyed good health. He was assisting in the field yesterday afternoon when he was seen to stagger and fall, and picked up unconscious he passed away before medical aid could be summoned. Heart failure is attributed as the cause of death. He is survived by his wife and four children—William, at home; J. Percy, of this city; Mrs. W. W. Leonard, of Rothesay, and Mrs. Geo. Sampson, of Oregon.

John H. Currie, aged 77, died at his home in Richmond Corner, near Woodstock, on Sunday evening. Death was due to paralysis.

**RECENT WEDDINGS**

**Murphy-McGulgan.**  
Rev. William M. Duke, rector, administered the sacred rite of matrimony at 6 o'clock yesterday morning at the Cathedral, when the principals were Joseph J. Murphy, merchant tailor, and Miss Mary Dolan McGulgan, of 208 Waterloo street. Arthur F. Murphy, of the post office staff, brother of the bride, was the best man, and Miss Rose McGulgan, the bride's sister, attended her. The bride was given away by her brother, Matthew. After the ceremony the happy couple drove to the Union station, where they left on the Boston train on a honeymoon.

**McIntyre-Hart.**  
Friends in different parts of the maritime provinces will be interested in a wedding which took place last evening at Fredericton Junction, when Allan A. McIntyre, M. A., of St. John, was united in marriage to Miss Olive Maude Hart, daughter of Mrs. Hart and the late Dr. W. Hart, at one time a former prominent business man of Fredericton Junction.

The wedding took place at the home of the bride, in the presence of immediate relatives, at 6 o'clock last evening, and was performed by Rev. J. G. Belyea, pastor of the Fredericton Junction Baptist church.

The bride, who was unattended, was given away by her brother, T. B. Hart. She wore a white satin dress and carried a bouquet of bride's roses and swainsonia.

Both Mr. and Mrs. McIntyre are graduates of Acadia University. Mrs. McIntyre has been a member of the teaching staff of the St. John schools, while Mr. McIntyre has been associated with his father in business here. After the ceremony a dainty wedding supper was served and the bride and groom left for the Boston express for a honeymoon trip to Washington and New York. The bride's going away gown was of navy blue, with hat to match.

The bride's mother wore a handsome black silk dress with lace trimming, while the groom's mother was dressed in a gown of black brocade with white lace trimming and a hat of black chiffon and white lace crown trimmed with carnations. The bride and groom were accompanied by Mrs. McIntyre and Mrs. McIntyre will reside in St. John.

**Roberts-Nixon.**  
Fredericton, Aug. 17.—Lloyd Roberts, the well known writer, son of Prof. C. D. Roberts, formerly of this city, and Mrs. Lella Nixon were quietly married at Trinity church, Ottawa, on Saturday morning last, only the immediate relatives of the parties being present. Mr. Roberts, who has resided in Ottawa for some time past, occupies a civil service position in that city.

**Generous Offer From British Columbia.**  
Calgary, Aug. 17.—The British Columbia Fruit Growers' Association will give 100,000 boxes of apples for the British troops in the field.

**A BIG CAPABLE STOVE**

A STOVE is an important purchase. Choose your stove carefully.

What has the Gurney-Oxford to offer? First of all it's a big, heavy, capable stove. It has the lasting qualities of an heirloom.

It's a capacious stove, the top is broad and deep, the ovens are high and wide.

The grate are constructed to give the fire abundance of air; this means fuel-economy.

There are no cold corners in a Gurney-Oxford oven; the heat goes through divided faces over the oven and to all sides of it.

The Gurney-Oxford Economizer regulates all the drafts and gives you complete control of the fire at all times. Don't buy a stove for price only, or for looks. Come in and let us show you the Gurney-Oxford.

It's the most economical and satisfactory stove ever built, and the best investment you can make for your home.

**A New Face Without Surgical Skin Peeling**

The surgical operation of face peeling is too radical, too often dangerous. There's a better way of removing offensive complexion, one that is entirely safe and rational. Ordinary marcellized wax causes the skin to become inflamed, and gradually and gently. Unlike the surgical method, the new process is not taken off in big pieces all at once, but almost invisible flakes are removed by some of the wax, and about two weeks are required to complete the transformation. There's no pain, no discomfort. The new process is a better way of removing offensive complexion, one that is entirely safe and rational. Ordinary marcellized wax causes the skin to become inflamed, and gradually and gently. Unlike the surgical method, the new process is not taken off in big pieces all at once, but almost invisible flakes are removed by some of the wax, and about two weeks are required to complete the transformation. There's no pain, no discomfort. The new process is a better way of removing offensive complexion, one that is entirely safe and rational. Ordinary marcellized wax causes the skin to become inflamed, and gradually and gently. Unlike the surgical method, the new process is not taken off in big pieces all at once, but almost invisible flakes are removed by some of the wax, and about two weeks are required to complete the transformation. There's no pain, no discomfort. The new process is a better way of removing offensive complexion, one that is entirely safe and rational. Ordinary marcellized wax causes the skin to become inflamed, and gradually and gently.
