DEEPER SIGNIFICANCE OF ROYAL VISIT TO BERLIN

Indication of Completion of Anglo-German Expected

DECLARATION EXPECTED

May Settle Bagdad Railway and Persian Gulf Questions—Reason For Vicount Merley's Presence

(Canadian Press)

New York, May 20—A cable to the Tribune, from London says: The Kaiser's graceful and unexpected act of clemency in pardoning three Englishmen now undergoing sentences for espionage in Germany, is the first outward indication of the approaching completion of an Anglo-German entente.

Amnesty, however, means far more than a personal act of courtesy from one sovereign to another. It helps confirm the report that King George's visit to Berlin, which is in one sense a purely family affair, will have far-reaching significance, and will probably be followed by the public declaration that an Anglo-German understanding has been arrived at.

TIE UP SHIPPING ALL ALONG THE ATLANTIC COAST

Threat of I. W. W. Unless Longshoremen's Demands Are Granted—What They Demand

Philadelphia, May 20—Threats to tie up shipping all along the Atlantic coast unless the longshoremen on strike here are granted their demands, were made today by national organizers of the Industrial Workers of the World.

BURNED TO DEATH

Montreal, Mass., May 20—Matthew White, of New York city, a retired mail manufacturer, and father of Matthew White, Jr., the writer, lost his life today in a fire that destroyed the summer home of the family here early today.

THREATENED THE PRESIDENT

Newark, N. J., May 20—Sixty Davenport and Jacob Dunn, mountaineers, wood choppers, were brought into the Federal district court here today for trial on a charge of having sent threatening letters through the mails to Woodrow Wilson.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Toronto, May 20—Pressure is highest over the Great Lakes while a depression is situated in the vicinity of Kansas. Fine weather prevails generally in Canada, but the outlook for Ontario is showery.

Maritime—Fresh northwesterly winds, with rain today and on Wednesday, with about same temperature.

DEATH OF PROMINENT ST. JOHN MERCHANT

J. W. Montgomery, Formerly in Business on King St., Passed Away in St. Stephen

In the death of J. W. Montgomery, in Calais yesterday there passed away one who had been for many years a respected and valued citizen of St. John. Back in the early sixties Mr. Montgomery came here from Philadelphia and began business in the auction of books; other branches of trade also were engaged in and success attended upon his industry and business acumen.

FAVOR BRIDGE AT VAN BUREN

Hearing Before St. John River Commission

MANY BENEFITS

New Brunswick Lumber for Maine Mills and North Shore Fish For Boston Market—The Evidence

Bangor, May 20—The International St. John River commission was in session at Van Buren, Friday, for the purpose of determining at the direction of the United States War department, whether or not there were objections to be raised to the construction of the proposed international bridge across the St. John river between Van Buren and St. Leonard's, which will connect Canadian railroads with the Bangor & Aroostook system.

No objection was raised on any hand and all the witnesses appearing before the commission were entirely in favor of the project. The witnesses were largely from the Canadian side of the river.

Among those appearing for the Canadian interests were U. S. Consul Bodkin, of Campbellton, N. B.; General Manager E. H. Anderson and General Counselor A. E. G. McKenzie of the International Railway and Hon. Charles E. Oak of this city, general manager of the timberlands of the Incorporated Van Buren bridge company.

Consul Bodkin appeared particularly in the interests of Campbellton and vicinity and the American market, and testified that the fishing interests of that section. The construction of the bridge will give to the residents on the south shore the Bay of Chaleur, were actively engaged in fishing a 20-hour service to Boston, which means a great deal in marketing their fish. The witnesses said that at present many of the fish are spoiled enroute, while this could be avoided on the quick service the bridge would afford.

There are lumber mills and large agricultural interests to which a new market would be opened. It would also prevent the present delay at other points of getting cars through customs. All the shingles manufactured on the Restigouche and Dalhousie rivers and in that section come into the New England states largely, and this connection means a great deal to the owners of these mills.

Messrs. Anderson and McKenzie of the International R. R. both told of the benefit to the lumber interests of the section through which their line runs and were strongly in favor of the proposed bridge.

Hon. Charles E. Oak of this city, manager of the New Brunswick R. R. timberlands, told of the additional market such a connection would afford to the lands of the N. B. R. R. and also to the government lands in the region of the International R. R. He contended that additional market meant advanced prices for the section, and a market for the fir, spruce, hemlock and as well as a better market for spruce. The fir and hardwood market is something that this section does not enjoy to a great extent at present.

The improvement in the market, he said, would be due to the competition made possible through opening this territory in which he is interested to the B. & A. territory. He spoke of the general magnitude and importance of this lumber business to the province of New Brunswick.

There were no formal witnesses on the American side. The commissioners looked over the site of the bridge and the plans to determine whether or not such construction would interfere with log driving on the river. The plans were also examined carefully.

Mr. Hammond of the Van Buren Lumber Co., one of the incorporators of the bridge company, was with the commission.

JAPAN MUST TAKE THE NEXT STEP

United States Awaits Action Following Reply to Protest Against Anti-Allen Law

Washington, May 20—With the answer of the United States to its protest in hand, it is now up to the Japanese foreign office to take the next step in the negotiations over the California land act.

It is expected that the forthcoming reply to Secretary Bryan will be strongly argued and will be calculated to result in the conduct of the future negotiations on a strictly legal basis.

As it is understood, the state department is looking to the Japanese government or some Japanese citizens to test the new law of reversion to the United States courts. It may be significant of the drawing of another issue that the Japanese are believed to be reluctant to begin such a movement. In his protest of May 9 to the state department, the Japanese ambassador is understood to have made it perfectly clear that Japan, finding it impossible to deal directly with the state of California, was relying entirely upon the Federal government to insure what he believed to be fair treatment for its subjects.

THE BRICK MARKET

Dealers Promise Ample Supply—Explanation of Prices Quoted

The price of brick in this city was quoted at \$12 to \$15 per thousand as compared with \$8 the week reported by the Bangor Commercial to be current in that city. Speaking with the Times today, one of the local brick manufacturers said that although his firm had no bricks for sale at present, their plant was now in operation and he expected to be available on the quick service to meet with the demands of the builders this season.

Referring to the difference between the local prices, he said that the bricks manufactured in Bangor were only about two-thirds the size of those manufactured here and this current account largely for the higher price locally.

A Serious Charge

Winnipeg, Man., May 20—Mary Jane Casmore, 28, who is engaged at the King Edward tubercular hospital, as a domestic servant, was arrested by Inspector Stark and Detective Curran, Bishop of the city police, last night on the charge of the murder of her newly born child.

The hearing in relation to the bridge closed Friday morning, but the commission was in session Saturday morning with other matters. All the members of the commission for both the United States and the Dominion governments, Hon. O. F. Fellows of this city is the counsel for the United States before the commission.

The commission announced no decision Saturday after a full morning in executive session but it is understood that a finding will be made public at the next meeting which has been called at Fredericton, N. B. for Wednesday next.

TELLS STORY OF TRAGIC DEATHS

Fresh Details of Sufferings of Dr. Mawson's Antarctic Expedition

London, May 20—John K. Davis, commander of Dr. Mawson's Antarctic expedition, has arrived in London and gives in an interview, fresh details of the sufferings of Mawson and his companions during the expedition.

"We were not more than half a mile from Mawson when he returned," said Davis, "but could not relieve him and his party. Mawson had gone out with Nimis and Merts. Twenty-five days after the little party started, Nimis fell into an unfathomable crevasse, with a sledful of provisions, and his body was not recovered. For thirty-four days after this catastrophe, Mawson and Merts struggled across the plateau on the verge of starvation until on January 17, Merts, too, succumbed as the result of exposure and want of food."

"For twenty-two terrible days Mawson struggled on alone with a few starving dogs as his sole companions. He did not go mad under such conditions as is sometimes said, and the account of his journey, when he tells it, will prove one of the greatest stories of Antarctic heroism."

At the urgent request of Mawson signalled by wireless, Davis has come to England to try to obtain part of the season's work which has been forced upon the explorers who are compelled to remain in the Antarctic until Davis relieves them at the end of this year.

WHOLESALE ARRESTS OF STRIKE BREAKERS

Paterson, N. J., May 20—Fifty-seven arrests were made this morning in the vicinity of the Prier Silk mill, to which the hands returned yesterday in the face of protests from Industrial Workers of the World leaders conducting the strike.

There was no actual violence and those arrested were taken in because they refused to "move on." Three of the prisoners taken were women, one with a baby in her arms. She was immediately paroled.

WESTERN BUSINESS

Fort William Expects Big Thing From Maritime Nail Co.—Now Said to be Allied With Steel Corporation

Referring to the increase of capital of the Maritime Nail Co. from \$250,000 to \$2,250,000, a Fort William despatch says:—

"The issuing of such a large increase of capital would denote that the Maritime Nail Company, which it is believed here is closely allied with the Dominion Steel Corporation, now contemplates even greater undertakings at Fort William than had originally been intended."

IN THE COURTS

Chancery Division

The May sitting in the Chancery Division was held this morning before Mr. Justice McLeod.

In the case of W. H. McNeill vs. Harry B. Clark and George B. Jakes, James and Hazen for the plaintiff, moved for trial. Judgment was entered against the defendants who made no appearance. An order was made to return to the plaintiff a drill now in the Eastern Steamship warehouse, valued at \$1,600, also to pay to said plaintiff storage on the same. The question of damages for detention will be argued later.

In the case of John D. Robertson, administrator, vs. J. G. Forbes, administrator, and J. G. Forbes executor of Robert Reid vs. J. G. Forbes executor of Amelia Reid. W. A. Ewing, K. C., moved to confirm master's report. Report confirmed.

In the case of Francis Kerr vs. Ann L. and Charles W. Curran, suit brought for specific performance of a sale of a farm at Oak Point; hearing fixed for tomorrow at eleven o'clock. J. King Kelly, K. C., is the plaintiff's solicitor.

In the case of Nepsitux Real Estate and Fishing Co. Ltd. vs. The Canadian Iron Incorporation was fixed for hearing on June 10th, and the case of The Edward Partridge Pulp & Paper Co. Ltd. vs. Alice Gibson, et al. was set down for June 2nd. The case of the Attorney General vs. The St. John Lumber Co., Roy vs. Richards, Hays vs. Brown, and Green vs. Prince, were heard over until the next sitting.

GREEK GOVERNMENT AND THE EMIGRANTS

Athens, May 20—The government has introduced into the chamber of deputies a measure placing restrictions upon the exodus of minors and others subject to military service, decreeing various penalties against those agents who induce such people to emigrate, and establishing a rigid control over the naval emigration agencies.

A GREAT TAG DAY

The Tag-day for the School for Crippled Children's Memorial Hospital, Montreal, which was held on Saturday, the nineteenth of April, 1913, has realized a gross amount of \$12,244.53; the net proceeds, after expenses are deducted, being \$11,068.30.

NOVELTY SHOWER

At the home of Mr. and Mrs. Herbert Steele, 22 Spring street, last evening, a pleasant surprise was given to Miss Jessie Godfrey, when a novelty shower was given in her honor by her associates in the employ of Frank Skinner, King street. She was the recipient of many valuable and useful remembrances which will be the more appreciated after the usual event soon to take place in which she will be a principal. Games and music were enjoyed, refreshments served and, after a few pleasant hours, the gathering dispersed about midnight.

VOLUNTEER ARMY GUARDS ST. ANDREW'S GOLF LINKS

SEE ADVENT OF NEW CHAMPION

As Result of Tonight's Twenty Round Bout

THE POLO PLAYERS

English Team in New York Shows Great Form—Charlie White Wins From Joe Thomas

(Canadian Press)

New Orleans, May 20—Charlie White of Chicago won from Joe Thomas of this city in the second round of a scheduled ten round bout last night. Thomas was knocked down three times in the first round, the bell saving him the last time. After about one minute of the second, the referee raised White's hand and motioned Thomas to his corner.

The two are the logical contenders for the title which is now claimed by Lotherie McCarthy. It is probable that the winner of tonight's fight will be matched with McCarthy to determine finally who shall have the crown.

Probably by reason of his introduction to the prize ring on the Pacific coast, and also because of achievements in the East, the "Gunner" for the past several days, has been the favorite of the English and light critics say he will go in to the ring tonight with odds on him calling up to 10 to 7 or better. William's big advantage is said to be his weight and size. He will have fifty pounds over the "gunner."

New York, May 20—The way the English polo players galloped through their first practice game in this country on the field of the Piping Rock Country Club on Long Island yesterday, defeated a make-shift quartet of American players showed that both the Englishmen and their ponies are in fine fettle despite the long journey from England.

The score of the practice match was goals to nothing, the entire score being made by the English four in the last five periods.

Such a showing upon first appearance, and without observation of the regular team formation, convinced the critics that Harry Payne Whitney, a most aggressive group of challengers to meet in the International cup matches next month.

The American mounts yesterday were distanced in every long gallop despite the fact that only eighteen of the string of forty-two ponies brought across the water were used on the English side.

TO TAKE REFERENDUM

San Francisco, Cal., May 20—Strike ballots will be provided and a referendum vote will be taken by the Brotherhood of Railroad Trainmen to determine what action shall follow the refusal of managers of railroads operating on the Ohio River to consider a fifteen percent raise in pay for conductors and brakemen. This was the substance of a statement given out last night by W. G. Lee, president of the Brotherhood, which opened a three weeks' convention in this city yesterday.

STRIKE AVERTED

London, May 20—The threatened strike on the Great Northern Railway was averted yesterday by the unconditional reinstatement of the engine driver, Chappel, who was suspended several days ago for failure to report for duty on time. The prospect of a strike considerably ruffled the stock exchange, railroad shares showing a tendency to drop.

Little Town is Now Almost in State of Siege

FEAR THE MILITANTS

Threats Made to Destroy Putting Greens and Thus Prevent Playing in World's Amateur Golf Championships

St. Andrew's Scotland, May 20—This little town is almost in a state of siege as the result of threats uttered by the militant suffragettes that they will destroy the putting greens, and thus render play impossible in the world's amateur golf championship which is to be completed for next week.

The general anxiety becomes keener every day as it is thought that the militant suffragettes may refrain from delivering their attack until the last moment, when it will use vitriol to destroy the greens, all the sentries stationed there, have provided themselves with large umbrellas to prevent the corrosive fluid being thrown into their faces.

The River Tay routes by which the links are reached from Dundee, which is a hot-bed of suffragism, are closely guarded and to make assurance doubly sure, a powerful searchlight has been mounted on the railroad bridge the light from which sweeps the links, the roads, and the river nightly.

John Ball, the holder of the amateur golf championship, who was injured in a motorcycle accident while on his way here to play for the title, will be prevented from participation.

TORONTO'S POLICE WOMAN

Miss Mary Minty, Toronto's first police woman. She is nearly six feet tall, a keeper at the Mercer Reformatory, and a native of Aberdeen, Scotland. She came to Canada about two years ago.

WHEN THE CONQUERING MONTENEGRINS TOOK THE TURKS' "ROCKBOUND" STRONGHOLD

The first photograph of the fall of Scutari to reach America. It was taken at the thrilling moment when the first of the Montenegrin soldiers crossed the bridge into Scutari. The Turks kissed their guns as they handed them over to their conquerors, and in turn received food—they were then on the verge of starvation. Scutari, which has been since abandoned by the order of the great powers, cost the brave Montenegrins six months of fighting and thousands of lives.
